

Loteria: First Words / Primeras Palabras (English And Spanish Edition)

As twins Dell and Pete face a series of choices, such as indulging in a sweet treat now rather than enjoying ice cream later with teammates, Dell shares some tips for resisting temptation. Includes note to parents and caregivers about improving self-control.

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

Everything is . . . MAMA! Jimmy Fallon, one of the most popular entertainers in the world and NBC's Tonight Show host, was on a mission with his first children's book to have every baby's first word be DADA. And it worked! A lot of babies' first words were DADA. However, everything after that was MAMA. So take a lighthearted look at the world from your baby's point of view as different animals try to teach their children that there are other words in addition to MAMA for familiar objects and activities.

A Junior Library Guild Gold Standard Selection Part of Niki Daly's Lolo series More fun is on the way for Lolo in Fly High, Lolo, the fourth book in Niki Daly's Lolo series for beginning readers. Lolo is kind-hearted, creative, full of joy, and-- whether it's making homemade Christmas decorations from recycled plastics, or stepping in when the school play goes awry--she always knows just what to do to save the day! In this collection of easy-to-read stories, we meet Lolo, a girl who lives in South Africa with her mother and grandmother, Gogo. Charminglly illustrated by the author, Fly High, Lolo follows Lolo as she explores her world, and the new adventures each day brings. In Fly High, Lolo, Lolo gets an unexpected role in the school play, meets Miss Teen the Beauty Queen, goes on a beach clean-up with Mama's new friend, and makes beautiful recycled Christmas decorations.

50 Magically Simple, Spellbinding Recipes for Young Witches and Wizards

This handy cookbook is an enjoyable and informative guide to the rich culinary traditions of the

American Indians of the Southwest. Featured are 150 authentic fruit, grain, and vegetable recipes?foods that have been prepared by generations of Apaches, Zunis, Navajos, Havasupais, Yavapais, Pimas, and Pueblos. These tasty, unique dishes include mesquite pudding, Navajo blue bread, hominy, cherry corn bread, and yucca hash. American Indian Cooking also boasts wonderfully detailed illustrations of dozens of edible wild plants and essential information on their history, use, and importance. Many of these plants can be obtained by mail; a list of mail-order sources in the back of the book allows everyone to sample and savor these distinctive, natural recipes. Perfect for advanced beginning and intermediate students of Spanish CD-ROM features 300 exercises not included in the book Exercises on CD-ROM are cross-referenced to grammar explanations in the book

Did you know that animals that live in one country don't always talk the same language as animals from somewhere else? Take a rooster, for instance. In English-speaking countries, he says cock-a-doodle-doo when he has a notion to announce himself or to greet the dawn. But in Spanish-speaking countries, he says ki-kiri-ki. Emerging readers will delight in identifying the animals depicted on each new page. And the bilingual text invites parent and child into an interactive and playful reading experience for acting out animal sounds in English and Spanish. Craftsman Rubí Fuentes and Efraín Broa from the Mexican state of Oaxaca fill the pages of Animal Talk with vibrant, wildly imaginative figures of familiar animals. Animal Talk is the fifth book in Cynthia Weill's charming First Concepts in Mexican Folk Art series. It is her passion to promote the work of artisans from around the world through early concept books.

This book serves as both a textbook and reference for faculty and students in LIS courses on storytelling and a professional guide for practicing librarians, particularly youth services librarians in public and school libraries. Storytelling: Art and Technique serves professors, students, and practitioners alike as a textbook, reference, and professional guide. It provides practical instruction and concrete examples of how to use the power of story to build literacy and presentation skills, as well as to create community in those same educational spaces. This text illustrates the value of storytelling, cover the history of storytelling in libraries, and offer valuable guidance for bringing stories to contemporary listeners, with detailed instructions on the selection, preparation, and presentation of stories. They also provide guidance around the planning and administration of a storytelling program. Topics include digital storytelling, open mics and slams, and the neuroscience of storytelling. An extensive and helpful section of resources for the storyteller is included in an

expanded Part V of this edition. Offers readers a thorough overview of the role of story and storytelling in the library Gives a convincing argument for the value of storytelling Provides practical tips on selecting, preparing, and telling stories Presents insights on storytelling to specific populations, including children, young adults, and those with special needs Includes an extensive list of resources

Fernando Llorc is a major point of reference for the art and iconography of El Salvador. Llorc escaped the political instability of his capital in favor of the peaceful mountains of La Palma, a small town in the northern region of El Salvador. Here, Llorc would awaken an artisan movement out of the agricultural workers, educating them on how to make a living using their artistic skills. His teachings led the commune to sow the beginnings of the local handicraft movement, inspired by the Semilla de Dios, or Seed of God. The agricultural faction of the town quickly turned into an artisanal atmosphere, fueling employment outside of field work. Llorc moved back to the capital, but not without staying in contact with the people of La Palma and showing the rest of El Salvador that making a living using art was possible.

Winner at the 2011 Living Now Book Awards A touching and sensitive story for all ages, about accepting differences and dealing with the loss of a loved one. Guided Reading Level: M, Lexile Level: 1020L

Inspired by one of the oldest and most beloved traditional Spanish folk songs, De Colores, this book introduces little ones to the beauty of life, joy, inclusivity, and their first English and Spanish words. In this beautifully illustrated bilingual picture book, parents and children will be able to read and sing one of the most recognizable Spanish folk songs, De Colores featuring an English adaptation on each page. The book is overflowing with colorful illustrations as it pays a tribute to cultures throughout the world.

*Modern Spanish Grammar: A Practical Guide is an innovative reference guide to Spanish, combining traditional and function-based grammar in a single volume. The Grammar is divided into two parts. The shorter section covers traditional grammatical categories such as word order, nouns, verbs and adjectives. The larger section is carefully organized around language functions and notions such as: giving and seeking information putting actions into context * expressing likes, dislikes and preferences comparing objects and actions. All grammar points and functions are richly illustrated and information is provided on register and relevant cultural background. Written by experienced teachers and academics, the Grammar has a strong emphasis on contemporary usage. Particular attention is paid to indexing and cross-referencing across the two sections. This is the ideal reference grammar for learners of Spanish at all levels, from elementary to advanced. It will prove invaluable to those with little experience of formal grammar, as no prior knowledge of grammatical terminology is assumed and a glossary of terms is provided. The book will also be useful to teachers seeking back-up to functional syllabuses, and to designers of Spanish courses.*

"Make every meal bewitching with this cookbook created for young witches, wizards, and chefs-in-training. Inside you'll discover how to make traditional English fare, American classics, magic-inspired drinks and sweets, and more! Have fun learning cooking terms and kitchen skills with recipes that range in complexity so that all kid chefs and their potions masters (or parents) can whip up something amazing"--Back cover.

"Inspired by one of the oldest traditional games of chance, this book will introduce your little one to their first English and Spanish words"--Page 4 of cover.

Introduce little ones to the Zodiac signs through Day of the Dead icons, such as La Catrina, in both English and Spanish! Bring new life into the Zodiac by teaching your little ones about themselves and the iconic and vibrant Day of the Dead symbol, La Catrina. Inspired by the reigning queen of Día de Muertos, La Catrina, this astrological book will explore the twelve beloved Zodiac signs. Your little one will learn about the wonderful personality traits associated with each of astrological signs and along the way discover the affirmations that make them who they are! Exciting debut board book by a new talent, Mariana Galvez. Perfect for lovers of Coco and astrology memes alike, Astrology Calaveras combines the heart and beauty of the Day of the Dead with the sweetness of the Dear Astrology series and the playfulness of the A Little Zodiac Book series. This board book is perfect for parents eager to introduce their children to the astrological universe we receive our Zodiacs from, while teaching them about an evergrowing Latin American holiday, Day of the Dead, led by the iconic Catrina, who remembers people for who they were through the altars and ofrendas left behind.

Kojin Karatani's Transcritique introduces a startlingly new dimension to Immanuel Kant's transcendental critique by using Kant to read Karl Marx and Marx to read Kant. In a direct challenge to standard academic approaches to both thinkers, Karatani's transcritical readings discover the ethical roots of socialism in Kant's Critique of Pure Reason and a Kantian critique of money in Marx's Capital. Karatani reads Kant as a philosopher who sought to wrest metaphysics from the discredited realm of theoretical dogma in order to restore it to its proper place in the sphere of ethics and praxis. With this as his own critical model, he then presents a reading of Marx that attempts to liberate Marxism from longstanding Marxist and socialist presuppositions in order to locate a solid theoretical basis for a positive activism capable of gradually superseding the trinity of Capital-Nation-State.

My First 100 Words:

Have you ever considered learning Korean, but been put off by the unusual look of the characters? Don't let yourself be scared away! Korean has been called "the most logical language there is," and with this friendly and thorough introduction you will soon see why. The best way to learn Korean—this book uses a lighthearted, humorous approach. Korean for Beginners starts by showing you just how reasoned and logical the Korean alphabet, hangeul, actually is, and helps you master it faster than you learned the English alphabet. Realistic situations you might encounter in Korea in Korean-speaking environments are described, and new words are explained in terms of how you'll find them useful to communicate. Numerous illustrations enliven the text, downloadable audio lets you listen and repeat phrases in the book. Soon you'll be able to say with pride, "I know Korean!" Features of Korean for Beginners are: Learn to read Korean writing with ease. Practical phrases help you converse with confidence. A lighthearted "guide" walks you through, bringing the language to life. Downloadable audio with native Korean speakers help you to speak Korean like a pro. As the more than 1 million Americans who speak Korean can attest, the Korean language is here to stay, and generations of young (and older) adults are determined to learn it. This book is for people who want a grasp of how to speak, write and understand Korean—and who want to enjoy things while they're at it!

In this refreshing collection, one of our best writers on desert places, Gary Paul Nabhan, challenges traditional notions of the desert. Beautiful, reflective, and at times humorous, Nabhan's extended essay also called "The Nature of Desert Nature" reveals the complexity of what a desert is and can be. He passionately writes about what it is like to visit a desert and what living in a desert looks like when viewed through a new frame, turning age-old notions of the desert on their heads. Nabhan invites a prism of voices—friends, colleagues, and advisors from his more than four decades of study of deserts—to bring their own perspectives. Scientists, artists, desert contemplatives, poets, and writers bring the desert into view and investigate why these places compel us to walk through their sands and beneath their cacti and acacia. We observe the spines and spears, stings and songs of the desert anew. Unexpected. Surprising. Enchanting. Like the desert itself, each essay offers renewed vocabulary and thoughtful perceptions. The desert inspires wonder. Attending to history, culture, science, and spirit, The Nature of Desert Nature celebrates the bounty and the significance of desert places. Contributors Thomas M. Strange, wondrous things happen in these two short stories, which are both the perfect introduction to Gabriel García Márquez, and a wonderful read for anyone who loves the magic and marvels of his novels. After days of rain, a couple find an old man with huge wings in their courtyard in 'A Very Old Man with Enormous Wings' - but is he an angel? Accompanying 'A Very Old Man with Enormous Wings' is the short story 'The Sea of Lost Time', in which a seaside town is brought back to life by a curious smell of roses.

Meet babies from around the world in this bilingual (Spanish/English), best-selling celebration of global heritage! First in the Global Babies series. From Guatemala to Bhutan, seventeen vibrantly colored photographs embrace our global diversity and give glimpses into the daily life, traditions, and clothing of babies from around the world. Simple text in Spanish and English teaches the littlest readers that everywhere on earth, babies are special and loved. A perfect baby shower gift or first book for the toddler in your life. Babies love to look at babies and this bright collection of photos is a ticket to an around-the-world journey. Part of the proceeds from this book's sales will be donated to the Global Fund for Children to support innovative community-based organizations that serve the world's most vulnerable children and youth.

Introduce little ones to the lovely city of Tegucigalpa, the capital of Honduras, in both English and Spanish! Introduce your little readers to Tegucigalpa, the ever-growing capital of Honduras. Your little ones will discover the hidden gems - secret parks, hilly terrains, and stone steps - and feel like they're on top of the world at El Picacho. They will bear witness to the natural phenomenon of the lluvia de peces, visit the national park of La Tigra, and dig into the country's beloved platter of anafre! Parents will want to get their hands on these travel books to engage their little ones in the beauty of exploring new cultures and countries without ever necessarily leaving the comfort of their homes and just using their imagination!

This activity book features 25 projects such as making a surface survey of a site, building a screen for sifting dirt and debris at a dig, tracking soil age by color, and counting tree rings to date a find, teaches kids the techniques that unearthed Neanderthal caves, Tutankhamun's tomb, the city of Pompeii, and Tenochtitlan, capital of the Aztec empire. Kids will delight in fashioning a stone-age tool, playing a seriation game with old photographs of cars, "reading" objects excavated in their own backyards, and using patent numbers to date modern artifacts as they gain an overview of human history and the science that brings it back to life.

Introduce your little readers to Santo Domingo, the stunning capital of the Dominican Republic. Children will start their journey on the Teleférico; afterward, they will learn to tell time using the Reloj del Sol at the plazoleta, study the lush gardens of the Santo Domingo Greenbelt, dance to the beat at the Merengue Festival, and taste the delicious platters of cangrejo guisado and sancocho. Parents will want to get their hands on these travel books to engage their little ones in the beauty of exploring new cultures and countries without ever necessarily leaving the comfort of their homes and just using their imagination!

While many professional translators believe the ability to translate is a gift that one either has or does not have, Allison Beeby Lonsdale questions this view. In her innovative book, she demonstrates how teachers can guide their students by showing them how insights from communication theory, discourse analysis, pragmatics, and semiotics illuminate the translation process. Challenging long-held assumptions, she establishes a fascinating framework on which to base the structure of a professional prose-translation class. Her original contributions to the question of directionality and to the specific strategies of translating are applicable to not only the teaching of translation from Spanish to English, but to other teaching situations and to other pairs of languages as well. She also reviews the latest attempts in translation theory to define and contextualize ideal translator competence, student translator competence, and general translation strategies. Beeby Lonsdale completes her book by applying her conclusions to selecting and organizing the content of teaching translation from Spanish to English. She illustrates one or more of the basic translation principles through 29 teaching units, which are prefaced by objectives, tasks, and commentaries for the teacher, and through 48 task sheets, which show how to present the material to students.
