

Maggie May: Escaping The Past Is Never Easy...

VOLUME TWO SOMETIMES IN LOVE, THE ONLY WAY YOU CAN FACE THE FUTURE IS TO LET GO OF THE PAST. From New York Times and USA Today bestselling author Julie Ann Walker comes an epic story about sacrifice, friendship, and the awe-inspiring power of love. Maggie: Ten years ago, Cash Armstrong stole my heart. Then he promptly joined the army—dragging my best friend with him—and left me crying on the front porch in a red sequined prom dress. Now he's back. They're both back. Cash, the one who still has my heart. And Luc, the one who saved my life. Cash: How do you know if you're at the end of the beginning or the beginning of the end? That's what I've been trying to figure out since a traumatic brain injury made me "unfit to serve." I'm back in New Orleans, and picking up the shattered pieces of my past means I must confront where my life's journey began... and where it all might end. Luc: Long ago, Maggie May was mine. Not mine in the way you might think. She was mine because she was my only friend. Then Cash came along and we became brothers by something stronger than blood. We became brothers by choice. When tragedy struck, I was forced to make a decision that changed all our lives. I thought, after ten years, it was safe to come back home. I was wrong...

This book is about the future: Ireland's future and feminism's future, approached from a moment that has recently passed. The Celtic Tiger (circa 1995-2008) was a time of extraordinary and radical change, in which Ireland's economic, demographic, and social structures underwent significant alteration. Conceptions of the future are powerfully prevalent in women's cultural production in the Tiger era, where it surfaces as a form of temporality that is open to surprise, change, and the unknown. Examining a range of literary and filmic texts, Irish Feminist Futures analyzes how futurity structures representations of the feminine self in women's cultural practice. Relationally connected and affectively open, these representations of self enable sustained engagements with questions of gender, race, sexuality, and class as they pertain to the material, social, and cultural realities of Celtic Tiger Ireland. This book will appeal to students and scholars of Irish studies, Irish feminist criticism, sociology, cultural studies, literature, women's studies, gender studies, neo-materialist and feminist theories.

Escape to Misty Harbor By: Betty Owens Cory Beth set off on the back roads to avoid detection on her way to a new start in Misty Harbor, Maine. She arrived after a very long trip and popped in a waterfront restaurant to freshen up before calling upon Maggie, the art gallery owner she was here to meet. She sat outside to enjoy a glass of lemonade as she feasted her eyes on a wonderful specimen of a man who had just unloaded his catch of the day. He was tanned, toned and a treat for the eyes. All of a sudden he looked up and directly at her and she felt an electric connection that touched her soul. Lee was a gorgeous lobsterman

who kept his nose to the grindstone to support his adorable daughter who was still suffering from the loss of her mother in an automobile accident. As Lee was washing down his lobster boat and the seagulls were circling above for any discarded crabs or fish, Lee noticed a woman sitting by the docks who seemed deep in thought, and wondered who she was. He had never seen her before but something deep in his heart told him that she needed the same thing he did; a caring soul who would make them smile again.

After being rescued as infants from a sinking ocean liner in 1914, Marian and Jamie Graves are raised by their dissolute uncle in Missoula, Montana. There--after encountering a pair of barnstorming pilots passing through town in beat-up biplanes--Marian commences her lifelong love affair with flight. At fourteen she drops out of school and finds an unexpected and dangerous patron in a wealthy bootlegger who provides a plane and subsidizes her lessons, an arrangement that will haunt her for the rest of her life, even as it allows her to fulfill her destiny: circumnavigating the globe by flying over the North and South Poles. A century later, Hadley Baxter is cast to play Marian in a film that centers on Marian's disappearance in Antarctica. Vibrant, canny, disgusted with the claustrophobia of Hollywood, Hadley is eager to redefine herself after a romantic film franchise has imprisoned her in the grip of cult celebrity. Her immersion into the character of Marian unfolds, thrillingly, alongside Marian's own story, as the two women's fates--and their hunger for self-determination in vastly different geographies and times--collide. Epic and emotional, meticulously researched and gloriously told, *Great Circle* is a monumental work of art, and a tremendous leap forward for the prodigiously gifted Maggie Shipstead.

This book explores the interrelations between communal memory and the sense of history in George Eliot's novels by focusing on issues such as memory and narrative, memory and oblivion, memory and time, and the interactions between personal, communal and national memories. Hao Li offers a fresh critical reading informed by major nineteenth-century theories and argues for a reappraisal of George Eliot's complex understanding of the dialects of memory and history, an understanding that both integrates and transcends the positivist and the romantic-

historical approaches of her time.

A TRAILBLAZER IN THE K-9 FICTION GENRE, Kava creates a “dynamic between Ryder and his canines that reveals a world rarely shared in fiction and perhaps nowhere presented more effectively than in this series.” —Phil Jason, Florida Weekly Award-winning author, Alex Kava pulls readers into the middle of the storm and has them gasping for air even as they turn the next page. —**A STORM IS COMING— In Alabama: A deadly outbreak of tornadoes sends K9 handlers, Ryder Creed and Jason Seaver with their scent dogs, Grace and Scout to search for survivors. As storms intensify and Ryder and Jason race against time to save victims, they end up racing to save themselves.** —**NOT EVERYONE’S STORM IS THE SAME— In Chicago: Francine “Frankie” Russo is irritated when her young co-worker calls at 5:00 am for a video-chat and catches her in only a towel. She’s so annoyed with Tyler Gates that she’s barely paying attention when two men confront him on the street. In a matter of seconds, Frankie witnesses Tyler’s murder. Then the killers pick up the phone. And suddenly, they know what Frankie looks like, who she is, where she works and lives. She knows absolutely nothing about them. But one thing’s for certain—they’re coming for her next.** —**WHEN THE STORM HITS— Frankie calls the only people she knows can help: her childhood friend, Hannah Washington and Hannah’s business partner, Ryder Creed. Hannah tells her to “come on home,” and she arranges a meeting for Frankie to meet with FBI agent Maggie O’Dell. Meanwhile in the Florida Panhandle: Creed’s sister, Brodie is dealing with her own storm. She’s realizing that after sixteen years of captivity, surviving was only the first step. With the killers hot on her trail, Frankie races to meet Maggie. But she has no idea that she’s driving straight into the grasp of another killer—a monster storm system. She and Maggie will need Ryder and Jason’s help, but no one is safe from the devastation. And by the time the sky clears, none of them will ever be the same. WHO WILL BE STRONG ENOUGH TO SURVIVE? In Desperate Creed Alex Kava, once again, delivers her signature trademark combining “well-developed characters” (Publishers Weekly) with “a highly original plot” (Suspense Magazine) then packing it with “twists, turns and suspense galore” (Modern Dog). “Did I mention the dogs? They and their human partners are simply the heart and soul of everything.” (Florida Weekly)**

George Allen Stonephilosopher, pacifist, equalizer, survivalist, human being, and friend is the kind of fellow everyone wants to know. He and his wife, Judy, share the ability to find the sunshine on the cloudiest days and to find the hope on the darkest day. George and Judy know that laughter is just as necessary as breathing, and they share that gift with everyone they meet. George is just a regular guy working a regular shift at a regular factory in the crazy, irreverent, no-rules, anything-goes (and is said) world of the early 1970s. It was a time when it was sometimes fashionable for the little head to do the thinking for the big head, a time when a woman was smart enough to let her husband think he actually ruled the roost, and an era when most people truly had enough common sense to really care and get involved with one another. Unlike the people around him, George knows the secret to happiness in any situation: a great sense of humor. As others around him are caught in some potentially sticky situations, George's optimism allows him to sidestep most of these quagmires with hilarious results. George is one of those characters, that special person who can help make life's journey a bit more bearable. Through his unique perspective on life, George helps everyone around laugh out loud, no matter what the world throws his way.

Moments. Our lives are a collection of moments. Some utterly painful and full of yesterday's hurts. Some beautifully hopeful and full of tomorrow's promises. I've had many moments in my lifetime, moments that changed me, challenged me. Moments that scared me and engulfed me. However, the biggest ones-the most heartbreaking and breathtaking ones-all included him. I was ten years old when I

lost my voice. A piece of me was stolen away, and the only person who could truly hear my silence was Brooks Griffin. He was the light during my dark days, the promise of tomorrow, until tragedy found him. Tragedy that eventually drowned him in a sea of memories. First published in 1989, this book analyses fiction and long narrative, drawing on a broad range of writing from earlier periods and on recent narrative theory. Gillian Beer looks at the work of writers as diverse as Thomas Carlyle and Philip Sydney, Samuel Richardson, and George Eliot. Three chapters on Virginia Woolf demonstrate how Woolf's reading of past literature, philosophy, and science gave her an intellectual and emotional purchase on problems of feminism and modernism. Beer examines how writers create dialogues with past writing, how readers of the present day engage with the difference of past literature, and how we make contact with the desires and debates of past readers.

Her only option is to escape... The plan was perfect. Maggie Davis was getting out of her nowhere beach town and leaving for a bright future hundreds of miles away. The college scholarship was set, the job was secure, the apartment was paid for, and there might be a futon involved. She was even bringing her dog along for the ride. Then one freak storm ruined everything. Now stuck in a life that she was praying to escape from, Maggie will have to figure another way out because staying... 'It's just not an option. Not if she wants to survive. There's nothing he can do but hide... Mason Scott knows that hiding from a memory is impossible, and no matter how much whiskey he drinks and women he uses, he'll never be free of the one night that will haunt him forever. But fate rears its cruel head when Maggie is thrust into every aspect of his life, a reminder of the piece of his heart that was ripped away from him four years ago. Getting close to Maggie may destroy what's left of him, and though he tries his damndest to stay away, everything about her shadowed world draws him in. All that's left is to be silent... Secrets are best left to the silence. That's something Mason and Maggie know too well. But the more Mason learns about Maggie, the less he understands. And just when he's ready to open his heart to her, the unthinkable happens. Now Maggie will have to decide if she should stay and fight, or stick to the plan. And run. The Silent Cries of a Magpie is intended for a mature audience. TSCoaM is the first part in the Magpie trilogy. Contains adult themes including scenes that may be sensitive for some readers.

Argues that Victorian legal, linguistic, and cultural attitudes toward promises--especially promises to marry--had a formative effect on novels of the period.

Literary Drowning

Fire Spirit

Maggie May Escaping the past is never easy...Headline

Literary depictions of drowning or burial at sea provide fascinating glimpses into the often-conflicted human relationship with memory. For many cultures and

religious traditions, properly remembering the dead involves burial, a funeral, and some kind of grave marker. Traditional rituals of memorialization are disturbed by the drowned body, which may remain lost at sea or be washed up unrecognized on a distant shore. The first book of its kind, *Literary Drowning* explores depictions of the drowned body in twentieth-century Irish and Caribbean postcolonial literature, uncovering a complex transatlantic conversation that reconsiders memory, forgetfulness, and the role that each plays in the making of the postcolonial subject and nation. Faced with fissures in cultural memory, postcolonial writers often identify their situation—and their nation's—with that of the drowned body. Floating aimlessly without a grave, unmemorialized and perhaps unremembered, the drowned corpse embodies the troubled memory of the postcolonial nation or individual. Boeninger follows a trail of drowned bodies and literary influence from the turn-of-the-century Irish playwright J. M. Synge, through the poems and plays of St. Lucian Nobel laureate Derek Walcott, to the lesser-known work of Guyanese British novelist and poet David Dabydeen, and finally to the contemporary Irish plays of Marina Carr. Each author, while borrowing from those who came before, changes the image of the drowned body to reflect different facets of the project of remembering postcolonially.
