Gnosticism and chaos magic make for an unlikely combination, but Steve Dee takes aspects of each tradition and uses his decades of study and practice to fuse a robust set of techniques, presented here with his usual grace and intelligence. Self-knowledge achieved through self exploration, with reference to archetypal images. By musing upon the relationships of the Pleroma, Sophia, and the Demiurge he encourages us to re-evaluate our own perspectives on our selves, and suggests ways of working with these insights. With illustrations by Lloyd Keane, whose own artistic practice is the subject of an interview featured in the book.

Magic and the Path of Awakening

The My Home Budget Journal is different than many other types of budget books. This budget planner focuses on budgeting from a weekly perspective. Budget your bills, savings and other goals based on your upcoming paycheck or projected paychecks. You can budget one week at a time if you paycheck changes often, or plan several weeks ahead. Use pencil if you suspect things will change or create a general budget and make adjustments needed. The journal is set up to help you focus on week-by-week budgeting for 4-6 weeks at a time. The main worksheet in the book has a top section for weekly income. List your income, your spouse's income and any additional income you have coming in. There is an income total so you know exactly what is projected to come in each week. If you have more than five streams of weekly income, we recommend adding all of these incomes together and then listing the total for all of these in the "Other Income" section. The template also has up to 15 sections for you to fill in your expenses on a weekly basis. Include everything from groceries, to gas and other bills that you plan on paying only on that particular week and date when the money comes in. Many people will have several blank sections and this is great because that means you don't have as many weekly bills as you think. Some weeks might be more packed with bills and expenses than others. Each page of the bill worksheet has a place for notes and reminders as well. Write down reminders such as: Finish your taxes, buy Girl Scout cookies from Bethany's friend or time to buy clothes this week. This worksheet is fully customizable so feel free to fully utilize it so that you can stop on top of your bills and expenses. As you progress through the book you'll also find sections for financial goals and additional pages for journaling. This book is designed to encourage you to progress on your financial journey and reach new milestones such as buying a home, buying a car, investing, saving for vacations and more. Studies have shown that writing down goals and journaling helps us to take action and truly manifest what we want in life. You can start out having just a few goals and then add more as progress through the journal. New goal worksheets and journal pages are found after a series of 6 weekly budget worksheets. Additional goal worksheets and lined pages are also found at the end of the journal. We like to use this section at the back for more long term financial goals. We hope this book meets your needs. This book does NOT have pockets or tabs like some bill organizers and planners. Please click on the "Look Inside" feature to make sure this weekly budget journal is right for you. :)

****We also make this book with several different cover styles. Check out our other books to find a cover that meets your personal style preferences. Have a great day!**

Beginning Magic Money

This book contains simple rituals that bring the money you desire. No demons, no darkness; you get powerful, light magick, using angelic names and sigils. Your wants and needs are converted into reality, through the power of magick. Ritual One is a rejection of personal poverty. If you're in the depths of poverty, you begin to move away from those depths. If you're already doing OK with money, the ritual removes the fear that poverty can ever return. Ritual Two will remove your financial desperation, to help you allow and attract a new financial future. Ritual Three removes the blockages that prevent wealth from coming to you. Ritual Four is a petition for riches, and this is a master working that helps to attract money into your life over the coming year. Ritual Five is designed to attract a specific sum of money, to solve a problem or fulfill a desire. Ritual Six increases your wages, or income from business or sales. Ritual Seven increases your luck in games of chance, including lotteries, card games and any form of gambling. The magick used in this book comes from many sources. If it works, it's in the book. You'll discover the six secret names of the archangel Metatron to access wealth four gnostic angels that break through financial barriers a secret pathworking technique that accesses the power of ancient gods The book explains the source of these magickal techniques, but only in brief, so you can put your focus on getting the magick to work. The methods are safe, and you don't need special equipment. All you need is an open mind and a willingness to work the magick as instructed. When you get money through magick, it's one of the best feelings in the world. This book can bring you that feeling.

A lovely green journal the color of soft leaves with striped accents offers to help you plan for the days ahead. Keeps you on track to remember, soothes your brain cells as you write (because writing does sooth our brain like nothing else...) and is a wonderful companion to keep your secrets safe. Enjoy this new friend.

Making, keeping, and enjoying money isn't just about investments, salaries, inheritances, or dividends, according to Deborah Price. It's also about the games people play around money and their character type in relation to it. In Money Magic, Price shows how to transform your relationship with money to obtain the wealth you desire. The book is structured around eight "types": the Innocent (the ostrich approach); the Victim (blaming circumstances); the Warrior (conquering money); the Fool (gambler looking for a windfall); the Creator/Artist (regarding money as evil); the Tyrant (controlling through money); and the Magician (benefitting spiritually and financially from money). The Magician is the book's ideal, and Price offers exercises to help readers attain it. Describes eight money types, and offers quizzes to determine your type. Shows readers how to stop making fear-based money choices.
