

My First Hands On Bible

The Great Procession chronicles a series of encounters with the Holy Spirit that Jacob Reeve experienced over the course of nine months immediately following a 40-day fast. During this time, Jacob was awakened almost every night by the Spirit to receive the next portion of an ongoing parable that picked up where it left off the night before. As the story unfolds, so does the contrast between the divisive religious mindset and the mindset of pure identity in Christ. The Spirit is revealing what it looks like for mankind to venture out from the island of isolation and into the open forests of God's Kingdom: hence the Great Procession. For many, this parable will represent a foundational shift in the way everything is seen. The incredible insights from the Holy Spirit answer many of those deep-down questions about life, purpose, and faith that many of us have, and will prove to be an indispensable resource for anyone who desires to live in a wholehearted, full embrace with Christ, knowing the King and His Kingdom, and living in the true faith, freedom, and love that the Holy Spirit beckons us into.

This Torah-based book will help clarify your understanding of the Messiah's Truth from a Hebraic perspective.

Presents Scriptural accounts of eight Biblical episodes from the book of Genesis taken from the New Living translation, and includes special prayers and activities for each story.

A Journey of Discovery and Purpose

Spark A Story through God's Word

Discovery in the Desert is the first book in Tom Thiele's Discovery Series. When asked about religious affiliation, do you describe yourself as a Christian? Do you wonder about heaven? When someone knows that they are a good person, does that mean that they are a heaven-bound Christian? That is exactly how David Hart saw himself before his discovery in the desert. David Hart, a young, bright NASA physicist is chosen to join a team of other NASA scientists assigned to a Classified Military Project. The team is formed to bring a new, cutting edge technology to the United States military-Time Travel. Initially great strides are made in developing a time travel capsule, and then the team hits a brick wall. Once the obstacle becomes common knowledge at NASA, the project transforms from one of prestige and glamor to one of embarrassment. The slowed progress grates on David's patience. Then he decides to do the unthinkable! Join David on this adventure of a lifetime as he realizes that not only has he been chosen to be on this NASA team, but he has been chosen for a much more significant task. A task, that once accomplished, will change David's life forever.

My First Message

Her First Bible

I intend to leave this book my to children and grandchildren. I hope it is received in the same spirit that I give it. I love every one of them with all my heart. They are all precious individuals, and I am very proud of each one. May God bless them. Times have changed. I miss the 1940's when things were simple. Today kids are smarter than we were. They are on strange electronic games that I do not understand. I suspect they are addictive and perhaps even harmful, depending on content. The temptations today are many times more problematic than when I grew up. These young people are high-tech, intelligent, and far ahead of me at their age. They are all very smart and are, or will be, well educated. They show signs of becoming very successful in this world. However, my concerns are related to the spiritual side of life and reality. What about life hereafter? Have I prepared them for the next life? I fear I have failed in that regard and I write in order to leave them something about God's word that may take up the slack in things where I have failed. I want to be sure that my kids and grandkids become believing, studious Christians as adults. If there is an afterlife, and I believe there is, it must be of great importance for all so, get ready. I believe we will all have an afterlife. We, in America, are fortunate in that we have freedom of religion and there are churches on every corner teaching the basic principles of our Lord and Savior. My Dad raised me on the bible and denominational doctrine because that's what he knew. He gave me a good start but I have discovered that there is much more to learn than denominational tradition. I believe an open mind is absolutely necessary and denominational training is a closed down system loyal to only one view. I want my children to study God's word. Unfortunately, many churches and church people do not study, but accept a particular traditional doctrine that has been handed down to them. I am now in my late seventies. I am not an academic and hold no degrees in theology. One might say I have a degree in hard knocks, experience, big mistakes, and corrections. I hope that my years of study and faith are enough. After years of doubting, study, research, and prayer I have come to believe that the bible is the most valuable word of wisdom on earth, The Most Treasured of All books on the planet. Very intelligent men and women have tried to disprove the bible but the more they attack, the better the old book looks. It is still the world's best seller. I believe we can base our whole life in this world and the life hereafter on the bible. I intend to convince my children and grandchildren of that, and I pray they read what I have left them.
