Vietnam vet Woody Kipp realized that he, as an American Indian, had become the enemy, the Viet Cong, to a country that he had defended at the risk of his life. With candor, bitter humor, and biting insight, this book tells the story of the long and tortuous trail that led Kipp from the Blackfeet Reservation of his birth to a terrible moment of reckoning on the plains of South Dakota. Kipp's is a story of Native values and practices uneasily intersected by cowboy culture, teenage angst, and quintessentially American temptations and excesses. ø As a boy, Kipp was a

Then, one by one, they join him on the tractor for a ride! But what happens when Duck drives the big red tractor through town, past the popular diner where all the locals are having lunch? What will those folks really think when they see Duck and all the other animals riding around on Farmer O'Dell's tractor? Filled with entertaining detail and sly jokes, readers will pore over each picture again and again. Perfect for reading aloud!
