

Oath Forger (Book 1) : A Reverse Harem Sci Fi Romance

Lying in Early Modern English Culture is a major study of ideas of truth and falsehood in early modern England from the advent of the Reformation to the aftermath of the failed Gunpowder Plot. The period is characterised by panic and chaos when few had any idea how religious, cultural, and social life would develop after the traumatic division of Christendom. While many saw the need for a secular power to define the truth others declared that their allegiances belonged elsewhere. Accordingly there was a constant battle between competing authorities for the right to declare what was the truth and so label opponents as liars. Issues of truth and lying were, therefore, a constant feature of everyday life and determined ideas of individual identity, politics, speech, sex, marriage, and social behaviour, as well as philosophy and religion. This book is a cultural history of truth and lying from the 1530s to the 1610s, showing how lying needs to be understood in action as well as in theory. Unlike most histories of lying, it concentrates on a series of particular events reading them in terms of academic theories and more popular notions of lying. The book covers a wide range of material such as the trials of Ann Boleyn and Thomas More, the divorce of Frances Howard, and the murder of Anthony James by Annis and George Dell; works of literature such as Othello, The Faerie Queene, A Mirror for Magistrates, and The Unfortunate Traveller; works of popular culture such as the herring pamphlet of 1597; and major writings by Castiglione, Montaigne, Erasmus, Luther, and Tyndale.

Thank you for sticking with Ava and her Five and being part of the adventure! You are cordially invited to Merim to celebrate Earth officially becoming a Federation planet. See you at the Oath Forger's palace!

Forged notes have started to appear everywhere. Peter Clifton is rich, but no one is quite certain how he acquired his money - not even his new wife, the beautiful Jane Leith. One night someone puts a ladder to Jane's window and enters her room. It is not her jewels they are after.

"What are you doing?" my wife asked me, as she saw me lingering, contrary to my wont, in front of the mirror. "Nothing," I told her. "I am just having a look here, in my nose, in this nostril. It hurts me a little, when I take hold of it." My wife smiled. "I thought," she said, "that you were looking to see which side it is hangs down the lower." I whirled like a dog whose tail has been stepped on: "Which side hangs down the lower? My nose? Mine?"

WINNER, 2013 Hugo Award for Best Novella! From #1 New York Times bestselling author Brandon Sanderson, The Emperor's Soul showcases a fascinating magic system as the clock ticks down for a condemned criminal. When Shai is caught replacing the Moon Scepter with her nearly flawless forgery, she must bargain for her life. An assassin has left the Emperor Ashravan without consciousness, a circumstance concealed only by the death of his wife. If the emperor does not emerge after his hundred-day mourning period, the rule of the Heritage Faction will be forfeit and the empire will fall into chaos. Shai is given an impossible task: to create—to Forge—a new soul for the emperor in less than one hundred days. But her soul-Forgery is considered an abomination by her captors. She is confined to a tiny, dirty chamber, guarded by a man who hates her, spied upon by politicians, and trapped behind a door sealed in her own blood. Shai's only possible ally is the emperor's most loyal councillor, Gaotona, who struggles to understand her true talent. Time is running out for Shai. Forging, while deducing the motivations of her captors, she needs a perfect plan to escape... ----- "Sanderson proves to be an exceptionally talented writer in the pages of this book. Complex as some of the background is, he never gets bogged down filling in details for the reader. Instead we learn everything we need seamlessly as the story unfolds. His prose is lyrical without ever getting in its own way ... His characters are fascinating and fully realized. ... The Emperor's Soul is one of those rare high fantasies that feels fresh and is filled with a sense of wonder."—Charles de Lint, Fantasy & Science Fiction ----- A note from the publisher: Brandon will send a free copy of this ebook to anyone who purchased the Tachyon Publications trade paperback. See the title page in the ebook preview for details.

"Time travel, UFOs, mysterious planets, stigmata, rock-throwing poltergeists, huge footprints, bizarre rains of fish and frogs-nearly a century after Charles Fort's Book of the Damned was originally published, the strange phenomenon presented in this book remains largely unexplained by modern science. Through painstaking research and a witty, sarcastic style, Fort captures the imagination while exposing the flaws of popular scientific explanations. Virtually all of his material was compiled and documented from reports published in reputable journals, newspapers and periodicals because he was an avid collector. Charles Fort was somewhat of a recluse who spent most of his spare time researching these strange events and collected these reports from publications sent to him from around the globe. This was the first of a series of books he created on unusual and unexplained events and to this day it remains the most popular. If you agree that truth is often stranger than fiction, then this book is for you!"--Taken from Good Reads website.

When Romance Takes A Deadly Turn With her trust fund in jeopardy, Tessa Crawford enters into a relationship with a mysterious neighbor that soon turns into something more passionate—and dangerous—than either of them could have imagined. Two days before her wedding, Tessa Crawford's world crumbles, leaving her hurt and betrayed. Worse, if Tessa doesn't marry and receive her trust fund, her younger sister will lose her house and the homeless girls she helps will have nowhere to go. But Tessa can't marry just anyone, can she? Gage Braxton, the guy from next door, is willing to help her out, but rumors hint that he's an ex-con. Tessa soon finds herself attracted to a man who has no intention of ever falling in love or of passing on his terrible legacy. When Tessa stumbles across evidence that may be proof of Gage's innocence, suspects begin to line up. Someone is willing to kill again to see that the truth remains buried, and if Tessa doesn't hurry and solve the old murder, she will lose not only her chance at love but may become the murderer's next victim. Rachel Branton has created an exciting, romantic story with a new take on a theme that never gets old.

A Perfect Eye

Still faking being the Oath Forger. Yeah, I know. Stupid. You know what's stupider? Falling for The Five. The five hottest, most powerful rulers in the galaxy all want to be my first. Who am I choosing? I'm not stupid enough to spill that in a blurb!

Howard Andrew Jones' powerful world-building brings this epic fantasy to life in For The Killing of Kings, the first book of his new adventure-filled trilogy. Their peace was a fragile thing, but it had endured for seven years, mostly because the people of Darassus and the king of the Naor hordes believed his doom was foretold upon the edge of the great sword hung in the hall of champions. Unruly Naor clans might raid across the border, but the king himself would never lead his people to war so long as the blade remained in the hands of his enemies. But when squire Elenai's aging mentor uncovers evidence that the sword in their hall is a forgery she's forced to flee Darassus for her life, her only ally the reckless, disillusioned Kyrkenall the archer. Framed for murder and treason, pursued by the greatest heroes of the realm, they race to recover the real sword, only to stumble into a conspiracy that leads all the way back to the Darassan queen and her secretive advisors. They must find a way to clear their names and set things right, all while dodging friends determined to kill them - and the Naor hordes, invading at last with a new and deadly weapon.

Physics, once known as "natural philosophy," is the most basic science, explaining the world we live in, from the largest scale down to the very, very, very smallest, and our understanding of it has changed over many centuries. In Black Bodies and Quantum Cats, science writer Jennifer Ouellette traces key developments in the field, setting descriptions of the fundamentals of physics in their historical context as well as against a broad cultural backdrop. Newton's laws are illustrated via the film Addams Family Values, while Back to the Future demonstrates the finer points of special relativity. Poe's "The Purloined Letter" serves to illuminate the mysterious nature of neutrinos, and Jeanette Winterson's novel Gut Symmetries provides an elegant metaphorical framework for string theory. An enchanting and edifying read, Black Bodies and Quantum Cats shows that physics is not an arcane field of study but a profoundly human endeavor—and a fundamental part of our everyday world.

Their Vampire Princess (a Reverse Harem Paranormal Romance)

A Source Book for Mediaeval History

Rune of the Apprentice

Atomic Love

This is a bundle of all four of the episodes of the Their Vampire Princess serial with never before published material. Included titles: Chosen Crowned Turned Mated As the vampire princess of the Night Court it's my duty to choose my prince from four human men, willing to be mine. All I have to do is choose one to crown. I never expected to fall in love. Not with one. Certainly not with all of them. Do I abandon my destiny in order to keep my men, or do I risk it all and rewrite the rules?

*A dead god. A dying world. A girl never meant to be sentient. Siriaa is dying. A poison is spreading throughout the planet and none know how to neutralize it. Finder, working in King Tamblin's castle kitchen most of her life, has never spoken. A child of questionable parentage, Finder is an orphan assigned to perform duties nobody else wants. While others plan intrigue, murder and invasion to escape the poison's effects, Finder watches all in mute acceptance. Will she be the key to Siriaa's salvation, or will it die about her, without knowing why? *AN INSTANT NEW YORK TIMES BESTSELLER* From New York Times bestselling author Roshani Chokshi comes The Gilded Wolves, a novel set in Paris during a time of extraordinary change--one that is full of mystery, decadence, and dangerous desires... No one believes in them. But soon no one will forget them. It's 1889. The city is on the cusp of industry and power, and the Exposition Universelle has breathed new life into the streets and dredged up ancient secrets. Here, no one keeps tabs on dark truths better than treasure-hunter and wealthy hotelier Séverin Montagnet-Alarie. When the elite, ever-powerful Order of Babel coerces him to help them on a mission, Séverin is offered a treasure that he never imagined: his true inheritance. To hunt down the ancient artifact the Order seeks, Séverin calls upon a band of unlikely experts: An engineer with a debt to pay. A historian banished from his home. A dancer with a sinister past. And a brother in arms if not blood. Together, they will join Séverin as he explores the dark, glittering heart of Paris. What they find might change the course of history--but only if they can stay alive.*

BLURB: Nope. This late in the game, I'm giving away nothing!!! If anyone has a complaint, they can send it to the Oath Forger's Palace in Merim. But I will share an excerpt. (Because I can't resist Roax. Seriously, who can?) Enjoy! EXCERPT: That ever-present storm in his eyes

rages, dark and ominous. When Roax looks at me like this, I always feel like I'm seconds away from being swept away into some dangerous unknown. "We don't have to..." I tell him. "You and I..." I swallow. "Tiam said 'most' would work. I don't need all five of you." I swallow again. I hope he understands that he doesn't 'have' to be one of my five. I wouldn't force this choice on any one of them. Whether or not I can 'accept' them is one thing. Whether or not they want to be 'accepted' by me is just as important. "We don't have to..." I repeat, needing him to understand. He crosses the room too fast for me to prepare for his overpowering nearness. Suddenly he's there in front of me, all unleashed power. Lightning flashes in his dark eyes. "Like hell we don't." His words are like bindings around my wrists. And then the imaginary bindings are replaced by his very real, hard and biting fingers. "I'll just stand around and watch the others kissing you, touching you, taking you? Is that how you picture it?" I have no idea how I picture it. Right now, I don't even know how to speak. He crosses my wrists behind my back and cuffs them again with one of his hands. His other hand digs into my hair at my nape and pulls on the wet locks, tilting my face to him. His firm body is pressed against mine. I'm trapped. I never want to be free. My entire body responds to Roax. I don't know how he does this to me. When I'm with Roax, I'm a different person than when I'm with the others. I don't want to feel this powerless, this mastered. I feel lost, and I don't want to lose myself to him. At the same time, I'm not sure if I have a choice. Not when my body is screaming 'Yes! Yes! Yes!' As his sharp gaze roams my face, moisture rushes into my eyes. I have no idea why. Don't blink. If the tears run down my cheeks, he'll notice. He notices anyway. "Shh, my little bird." He kisses one corner of my mouth first, then the other. "We're going to go slow, you and I. By the time we get where we're going, you'll be ready."

Some are born with a perfect palate, others with perfect pitch. Denver Art Museum's Conservator of Paintings Lily Sparks was born with a perfect eye. When the museum's billionaire benefactor is brutally murdered, the grisly tableau stuns her: it's the human embodiment of the museum's prized landscape by famed Impressionist Gustave Caillebotte.

Alyssa Milano's sharply observed, uproarious, and deeply intimate ode to the life she has lived and the issues that matter most. Alyssa Milano, actress and activist, delivers here a collection of powerful personal essays that get to the heart of her life, career, and all-out humanitarianism. These essays are unvarnished and elegant, funny and heartbreaking, and utterly real. A timely book that shows in almost real time the importance of taking care of others, it also gives a gut-punch-level wake-up call in an era where the noise is a distraction from what really needs to happen, if we want to live in a better world. These are stories of growing up in celebrity, of family and of friends, of connections and breaking apart. They have teeth on the page and come from the heart. And they are stories that offer a direct line into the thoughts and life of one of the most visible, hard-working humanitarians we have. A bestselling children's book author, Alyssa's finally giving her fans worldwide what they really want to hear directly from her about: the life she has lived, the things she's seen and experienced, and the way she lives in and with the world.

From #1 New York Times bestselling author Brandon Sanderson, *Words of Radiance*, Book Two of the Stormlight Archive, continues the immersive fantasy epic that *The Way of Kings* began. Expected by his enemies to die the miserable death of a military slave, Kaladin survived to be given command of the royal bodyguards, a controversial first for a low-status "darkeyes." Now he must protect the king and Dalinar from every common peril as well as the distinctly uncommon threat of the Assassin, all while secretly struggling to master remarkable new powers that are somehow linked to his honorspren, Syl. The Assassin, Szeth, is active again, murdering rulers all over the world of Roshar, using his baffling powers to thwart every bodyguard and elude all pursuers. Among his prime targets is Highprince Dalinar, widely considered the power behind the Alethi throne. His leading role in the war would seem reason enough, but the Assassin's master has much deeper motives. Brilliant but troubled Shallan strives along a parallel path. Despite being broken in ways she refuses to acknowledge, she bears a terrible burden: to somehow prevent the return of the legendary Voidbringers and the civilization-ending Desolation that will follow. The secrets she needs can be found at the Shattered Plains, but just arriving there proves more difficult than she could have imagined. Meanwhile, at the heart of the Shattered Plains, the Parshendi are making an epochal decision. Hard pressed by years of Alethi attacks, their numbers ever shrinking, they are convinced by their war leader, Eshonai, to risk everything on a desperate gamble with the very supernatural forces they once fled. The possible consequences for Parshendi and humans alike, indeed, for Roshar itself, are as dangerous as they are incalculable. Now for the first time, the complete expose of the most daring and successful forgery of all time. For seven days in April 1983, the sensational discovery of Hitler's sixty-two volumes of secret diaries dominated the news headlines of the world. Scholars hailed the diaries as the greatest find of the century, a historical bonanza that would entirely alter our views of Hitler and the Third Reich. Shocked readers followed daily installments showing that Hitler knew nothing about the Holocaust. Then, in an abrupt reversal, the diaries were proved to be bogus!

"A novel of science, love, espionage, beautiful writing, and a heroine who carves a strong path in the world of men. As far as I'm concerned there is nothing left to want."--Ann Patchett, author of *The Water Knife*
charged love story that reveals the dangerous energy at the heart of every real connection...Riveting."--Delia Owens, author of *Where the Crawdads Sing*
Love. Desire. Betrayal. Her choice could save her. Or it could destroy her.
1950. Rosalind Porter has always defied expectations--in her work as a physicist on the Manhattan Project and in her passionate love affair with colleague Thomas Weaver. Five years after the end of the war, the bomb and her heartbreak over Weaver are intertwined. She desperately misses her work in the lab, yet has almost resigned herself to a more conventional life. Then Weaver gets back in touch--and she realizes that the Agent Charlie Szydlo wants Roz to spy on Weaver, whom the FBI suspects of passing nuclear secrets to the enemy. Roz helped to develop these secrets and knows better than anyone the devastation they hold. But can she spy on a man she still loves, despite her better instincts? At the same time, something about Charlie draws her in. He's a former prisoner of war haunted by his past, just as her feelings for Rosalind's feelings for each man deepen, so too does the danger she finds herself in. She will have to choose: the man who taught her how to love . . . or the man her love might save?

Three pipe bombs exploded in Salt Lake County in 1985, killing two people. Behind the murders lay a vast forgery scheme aimed at dozens of other victims, most prominently the Church of Jesus Christ of Latter-day Saints. Mark Hofmann, a master forger, went to prison for the murders. He had bilked the church, document dealers, and collectors of hundreds of thousands of dollars over several years while attempting to pass off his forgeries as authentic. Other false documents of Americana still circulate. The crimes garnered intense media interest, spawning books, TV and radio programs, and myriad newspaper and magazine articles. Victims is a collection of the more sensationalized accounts. More important, Richard Turley adds substantially to the record with previously unavailable church documentation and exclusive interviews with church officials. The book has depth and resonance. He also goes beyond the Hofmann case, illustrating how forgeries have hampered the church's efforts to document its history. Victims includes a complete appendix of every document the church acquired from Hofmann, reviews of trial transcripts and police reports, as well as dozens of photographs, some never before published. Turley, who gave up the practice of law to become a writer, takes on the delicate task of exposing the myths and complexities of this case with skill and objectivity. His unique access to church documents and personnel, together with his understanding of the legal system, afforded him an unparalleled view of how the case affected the church as well as the many others who were involved. Victims will fascinate anyone who does archival work, who cares about the truth, or who wants to read compelling mystery.

Goodnight, Sweet Prince Mystery surrounds the death of Queen Victoria's grandson Edward, 1892. Victoria, Queen and Empress, is in the 54th year of her reign, when her grandson Prince Eddy, Duke of Wales, is found slaughtered in his bed at Sandringham. Terrified of more royal scandal, the Prince of Wales and his spindoctors decide to cover up the facts and the murder is disguised as death. Lord Francis Powerscourt, an Irish investigator, is privately asked to find the killer. His quest takes him on a journey through the prince's debauched and dissolute past, across Europe to the misty wastes of the North Sea, amidst scandal and suicide, Powerscourt finally unravels the mystery of the sweet prince's last goodnight. Death and the Jubilee The discovery of a headless corpse jeopardises Queen Victoria's golden jubilee. In this second Lord Francis Powerscourt mystery, London is preparing for the 1897 Diamond Jubilee. But one morning a man's corpse with no head or hands is dragged out of the Thames. He is identified as a man with no clues to his identity, the police ask for Powerscourt's assistance. His investigation leads to a mysterious mansion in Oxfordshire, with classical temples in the gardens and in the house a second murder. On the track of the murderer, Powerscourt soon realises that both he and his family are in great danger - and so is the Queen's Jubilee . . . Death of an Old Master In May 1901 the Salisbury Gallery opens an exhibition of the Old Master Paintings ever seen in Europe. Excitement is intense. But before it opens, one of Britain's leading art experts, Christopher Montague, is found murdered in his study. Lord Francis Powerscourt is called in to investigate he finds every book, notepad and scrap of paper has been removed from the scene of the crime. Montague had been working on something that would have changed the art world. An article that claimed a number of the Old Masters had been painted recently by a single hand have anything to do with his death? Powerscourt embarks on an odyssey through a treacherous world of art restorers in pursuit of a master forger. He travels to Sicily where the trail goes cold, but, after the thrills and danger of that wild, lawless island, in a remote corner of England, the truth is finally revealed. Chancellor Compton Minster is preparing to celebrate a very special anniversary in the year 1901 - a thousand years of Christian worship. But a few weeks before the main ceremonies, a high official, the chancellor, dies in mysterious circumstances, and no one except the doctor and the undertaker is allowed to view the corpse. It then transpires that the chancellor was one of England's richest men. In a foul play, Lord Francis Powerscourt is asked to investigate. As Powerscourt paces the ancient cloisters and listens to evensong from the choir stalls, he begins to suspect that a terrible secret lies behind the death that may have something to do with the anniversary. Then a chorister is strangled, his body found turning on the great spit in the Vicars Hall kitchen. Powerscourt himself escapes death by a whisker. He saves Lucy, before he uncovers the astonishing secret of Compton Minster and unmasks a murderer.

The Wheel of Time is now an original series on Prime Video, starring Rosamund Pike as Moiraine! In *Lord of Chaos*, the sixth novel in Robert Jordan's #1 New York Times bestselling epic fantasy series, the Wheel of Time®, Rand al'Thor, the Dragon Reborn, builds his army of Light even as sworn enemies--and supposed allies--move against him. Now ruling Tear, Andor, and Caemlyn, among other nations, Rand is capable of channeling to be trained as his Asha'man soldiers. The warrior Aiel clans have pledged loyalty to Rand, acknowledging him as their chief of chiefs, even though the Shaido Aiel remain a threat. The Aes Sedai factions, the Aes Sedai of the White Tower and their rebel counterparts both seek to ally themselves with the Dragon Reborn. Rand knows all too well the manipulative nature of the Aes Sedai, and the internal war they stand upon. But even he cannot predict just how desperate, cruel, and treacherous they can be. And in the shadows, the Forsaken and the Dark One are conjuring even more chaos. In 1990, *The Wheel of Time®* by Robert Jordan has captivated millions of readers around the globe with its scope, originality, and compelling characters. The last six books in series were all instant bestsellers, and *The Eye of the World* was named one of America's best-loved novels by PBS's *The Great American Read*. *The Wheel of Time®* New Spring: The Novel #1 *The Eye of the World* #2 *The*

Oath Forger (Book 2)

Hoax

I'm a scavenger. So what? With society's collapse on Earth, I do what I have to for survival. Especially after I'm kidnapped by space pirates. I have no idea why the five most powerful rulers in the universe decide that I'm the Oath Forger, the one foretold to fuse their royal houses together and bring peace. But I'm going to play along. Because, hey, it's better than probes in uncomfortable places. Now let's just hope they don't find out I'm lying. Excerpt: My attention is glued to the man who sits straight ahead, on a platform of his own, above all others. He's larger than the largest man I had ever seen on Earth. His shoulders are twice as wide as mine. He is wearing a body-hugging suit, a dark blue space material that absorbs light. His muscle definition is... Clearly visible, even from as far away as where I'm standing. Hair the color of indigo spills down to the middle of his back, the kind of hair they used to call a lion's mane on Earth. Straight nose, a jaw that looks like it had been cut from granite. But it's the eyes that render me unable to breathe. His eye color matches his hair, and his gaze is locked on mine. And—here is the weird part—I can feel him in the room. I could almost swear I can hear his heartbeat. My awareness of him is...unearthly. Oh God, I'm cracking. The stress of the abduction has done me in. Next, I will be crying in a heap on the floor like Dee. Krek Koah stands, a fierce expression on his face. The buzz in the room immediately dies. Every single person falls silent. All attention is on him. Without moving his gaze from mine, he says, "I need this room cleared." Here is where I'm seriously glad for the translator in my neck—even with the killer headache I feel coming—because if I didn't understand what he said, I would think it was 'Off with their heads.' And I'm pretty sure I would pee my pants. People file for the exits, no questions, no protest. I'm ready to go. I'm backing away already. "Not you," Krek Koah pronounces, looking straight at me.

Did a collector with a knack for making sensational discoveries really find the first document ever printed in America? Did Adolf Hitler actually pen a revealing multivolume set of diaries? Has Jesus of Nazareth's burial cloth survived the ages? Can the shocking true account of Abraham Lincoln's assassination be found in lost pages from his murderer's diary? Napoleon famously observed that "history is a set of lies agreed upon," and Edward Steers Jr. investigates six of the most amazing frauds ever to gain wide acceptance in this engrossing book. Hoax examines the legitimacy of the Shroud of Turin, perhaps the most hotly debated relic in all of Christianity, and the fossils purported to confirm humanity's "missing link," the Piltdown Man. Steers also discusses two remarkable forgeries, the Hitler diaries and the "Oath of a Freeman," and famous conspiracy theories alleging that Franklin D. Roosevelt had prior knowledge of the planned attack on Pearl Harbor and that the details of Lincoln's assassination are recorded in missing pages from John Wilkes Booth's journal. The controversies that Steers presents show that there are two major factors involved in the success of a hoax or forgery -- greed and the desire to believe. Though all of the counterfeits and conspiracies featured in Hoax have been scientifically debunked, some remain fixed in many people's minds as truth. As Steers points out, the success of these frauds highlights a disturbing fact: If true history fails to entertain the public, it is likely to be ignored or forgotten.

In a dark future, when North America has split into two warring nations, 15-year-olds Day, a famous criminal, and June, the brilliant soldier hired to capture him, discover that they have a common enemy.P. Putnam's Sons.

There's a saying on Earth: "Fake it till you make it." Sadly, I'm no longer on Earth. My motto is: "Fake it till you get caught." I'm trying to settle into being the Oath Forger, trying to resist the advances of the five most powerful kings in the galaxy (it's going about as well as you'd think), expecting my lies to catch up with me at any second. Except, the freaking space pirates catch up with me first.

The Story of the Mormon Forgery Murders

The Emperor's Soul

Tell Me No Lies

Oath Forger (Book 1)

One, None and a Hundred Thousand

From the Oath of Supremacy to the Oath of Allegiance

"A Source Book for Mediæval History" by Oliver J. Thatcher, Edgar Holmes McNeal. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Drawing from thousands of pages of police reports, court documents, interviews, letters, and diaries, Sillitoe's and Roberts's narrative cuts through the complexities of this famous crime investigation to deliver a gripping, Capote-esque tale. They embrace the details but lay them out systematically as seen through the eyes of the detectives, victims, and the perpetrator. The darkest secrets unravel gradually—allowing the reader fleeting glimpses of the infamous white salamander as it ducks in and out of its fabricator's head. What was the “salamander letter” and why were so many people determined to possess—and to conceal—it? Why was this one of the most unusual cases in American forensic history? A skilled con artist by anyone's assessment, Mark Hofmann eluded exposure by police and document authenticators—the FBI, Library of Congress, the LDS historical department, and polygraph experts—until George Throckmorton discovered the telltale microscopic alligatoring that was characteristic of the forgeries. What ensued was a suspense-ridden cat-and-mouse game between seasoned prosecutors and a clever, homicidal criminal. In the end, this story only verifies that some facts are indeed stranger than fiction.

Looks at the life of Dutch painter Hans Van Meegeren, who emerges as an ingenious, dyed-in-the-wool crook who plied the forger's trade far longer than he ever admitted in a detailed story of deceit in the art world.

In a world where magic and technology have merged, those who control Runes control everything.
