

Orangej The Goldfish (Book 1)

Everything you never knew about sushi—its surprising origins, the colorful lives of its chefs, the bizarre behavior of the creatures that compose it—is revealed in this entertaining documentary account by the author of the highly acclaimed The Secret Life of Lobsters. When a twenty-year-old woman arrives at America's first sushi-chef training academy in Los Angeles, she is unprepared for the challenges ahead: knives like swords, instructors like samurai, prejudice against female chefs, demanding Hollywood customers—and that's just the first two weeks. In this richly reported story, journalist Trevor Corson shadows several American sushi novices and a master Japanese chef, taking the reader behind the scenes as the students strive to master the elusive art of cooking without cooking. With the same eye for drama and humor that Corson brings to the exploits of the chefs, he delves into the biology and natural history of the creatures of the sea. He illuminates sushi's beginnings as an Indo-Chinese meal akin to cheese, describes its reinvention in bustling nineteenth-century Tokyo as a cheap fast food, and tells the story of the pioneers who brought it to America. He shows how this unlikely meal is now exploding into the American heartland just as the long-term future of sushi may be unraveling. The Zen of Fish is a compelling tale of human endeavor as well as a delectable smorgasbord of surprising food science, intrepid reporting, and provocative cultural history.

The Panchatantra is a collection of folktales and fables that were believed to have been originally written in Sanskrit by Vishnu Sharma more than 2500 years ago. This collection of stories features animal characters which are stereotyped to associate certain qualities with them. The origins of the Panchatantra lie in a tale of its own, when a King approached a learned pandit to ask him to teach the important lessons of life to his ignorant and unwise sons. This learned scholar knew that the royal princes could not understand complex principles in an ordinary way. So, he devised a method wherein he would impart important knowledge in the form of simple and easy-to-understand folktales.

Considered by many to be mentally retarded, a brilliant, impatient fifth-grader with cerebral palsy discovers a technological device that will allow her to speak for the first time.

Revolutionize a dinner staple with fresh new ideas From the team that brought you Slow Cooker Revolution comes this 200-plus recipe collection featuring fresh takes on the classics, easier casseroles, one-pot pasta dinners (in which the pasta cooks right in the sauce), inventive six-ingredient pasta dishes, and new whole-wheat pasta recipes that your whole family will love. Plus, all the older country favorites, too - all tested and perfected by the cooks at America's Test Kitchen. No-Prep Baked Spaghetti is the easiest casserole you'll ever make - simply combine uncooked spaghetti, ground beef, and canned tomatoes in a baking dish and pop it in the oven. For our Super-Easy Spinach Lasagna, we ditched fussy layering and relied on a flavorful no-cook sauce to bring this dish to the weeknight table. Our six-ingredient recipes call on pantry staples to do double duty in dishes such as Mediterranean Penne with Tuna and Nicoise Olives. Whole-wheat pasta is anything but boring in recipes like Penne with Chicken, Caramelized Onions, and Red Peppers. You'll also find lighter options, recipes that have less than 600 calories and 12 grams of fat. Plus, we scaled down recipes to serve just two, and we scaled up a number of dishes for company-worthy fare. Enticing Asian noodle dishes round out the collection. We include essential cooking tips, cookware reviews, and ingredient ratings throughout.

Elizabeth Allen is a spoiled girl who is an only child. She becomes very upset and outraged when she learns that she is being sent to a boarding school. When Elizabeth joins Whyteleafe School she is determined to misbehave so that she will be expelled and able to go back home as soon as possible. She is surprised to find that the children run the school through weekly community meetings, and that her behaviour will be judged by her peers. It is a portrayal of children's restorative justice, and is based on A. S. Neill's school, Summerhill.

Gilbert has almost everything his fishy heart could desire: a castle, a chest filled with treasure, and food that falls from the sky. But there's one BIG thing missing from his life: a pet. And so begins Gilbert's harrowing search for the perfect fishbowl companion - a search filled with loud barking, quiet buzzing, and one giant whiskered surprise! With snappy, rhythmic text and the most irresistible goldfish in picture book history, this tale of fish woe and triumph will make readers long for a pet as lovable as Gilbert. Warning! Anyone caught reading this notebook without my permission will be tossed in the bayou with a rabid snapping turtle! Seriously, I mean it! My name is Russell Weinwright and if you think you've got problems in middle school, try being a half kid, half algae swamp creature who's terrible at sports! It's not easy. I eat sunlight for lunch, I've got duck weed for hair, and I think a frog might be living in my tree trunk arm. I'm literally pond scum! Some kids call me Swamp Kid, but my best friends Charlotte and Preston keep me sane. I wish I could let you read this notebook to get the real scoop on being an eighth-grade outsider (please ignore the doodles and ketchup stains!), but things have gotten a little crazy lately. Men in black are spying on me, my science teacher might be an evil mastermind, and a hulking beast in the bayou may or may not be my super swamp mentor. Believe me, you don't wanna know! Turn back now! This is The Secret Spiral of Swamp Kid by writer and illustrator Kirk Scroggs, and you'll never look at middle school the same way again.

Whether it involves hard work or merely a hen-house, a good simile is like a good picture—it's worth a thousand words. Packed with more than 16,000 imaginative, colorful phrases—from “abandoned as a used Kleenex” to “quiet as an eel swimming in oil”—the Similes Dictionary will help any politician, writer, or lover of language find just the right saying, be it original or banal, verbose or succinct. Your thoughts will never be “as tedious as a twice-told tale” or “dry as the Congressional Record.” Choose from elegant turns of phrases “as useful as a Swiss army knife” and “varied as expressions of the human face”. Citing more than 2,000 sources—from the Bible, Socrates, Shakespeare, Mark Twain, and H. L. Mencken to popular movies, music, and television shows—the Similes Dictionary covers hundreds of subjects broken into thematic categories that include topics such as virtue, anger, age, ambition, importance, and youth, helping you find the fitting phrase quickly and easily. Perfect for setting the atmosphere, making a point, or helping spin a tale with economy, intelligence, and ingenuity, the vivid comparisons found in this collection will inspire anyone.

Sylvia Plath began keeping a diary as a young child. By the time she was at Smith College, when this book begins, she had settled into a nearly daily routine with her journal, which was also a sourcebook for her writing. Plath once called her journal her ‘Sargasso,’ her repository of imagination, “a litany of dreams, directives, and imperatives,” and in fact these pages contain the germs of most of her work. Plath’s ambitions as a writer were urgent and ultimately all-consuming, requiring of her a heat, a fantastic chaos, rendered in her journal with an unsparring clarity, revealing both the frequent desperation of her situation and the bravery with which she faced down her demons. Written in electrifying prose, The Journals of Sylvia Plath provide unique insight, and are essential reading for all those who have been moved and fascinated by Plath’s life and work.

From the perspective of a young girl, Andrea Yerkes describes the initial conversation had with her mother when it is learned her father had gone to heaven. Unknowing of her father’s passing, the child questions his whereabouts and begins a search on foot. The morning after the search was found unsuccessful, she wakes up with her mother in her bed. “Mommy, where is daddy?” I asked with wonder in my eyes. She pulled me in for a hug and said, “he’s happy in the sky”. Happy in the Sky was written with the intent not as far as they thought. In addition, the author wrote with hopes that this book would aid widowed parents in engaging in such a fragile conversation with their child.

A rediscovered treasure for a new generation: the first and only story for children ever written by Alan Watts. Alan Watts, beloved for bringing a childlike wonder to the spiritual journey, once wrote a story for children. The Fish Who Found the Sea brings this delightful and wise parable to life for a new generation. Presented with new art from award-winning illustrator Khao Lea, here is a story as timely as it is entertaining—sharing a key message about getting into harmony with the flow of life. In this tale of a tail, we meet a fish with a curiously familiar problem—he’s gotten himself so mixed up that he spends all his time chasing himself in circles! Only the Great Sea knows how to help our poor fish get out of the mess he’s created with his own runaway thoughts. Here is a parable that perfectly captures the wit and wisdom that have made Alan Watts a timeless teacher we will never outgrow.

Lupravia is a cursed land: a chill place of snow-capped mountains, brooding forests and mist-shrouded moors, haunted by the spirits of the restless dead. Peasants struggle daily with survival, living in constant fear of attacks from ravenous wild beasts. Only the foolhardy or insane would willingly pass beyond its borders and enter that benighted realm of predators. But enter you must, after a vicious wolf attack sets you on the path to murder and madness. Steadily succumbing to the call of the wild and the beast within, YOU must seek out a cure to your condition before the next full moon. But how long can you survive in a land where the powers of darkness hold sway and all live in fear of the Howl of the Werewolf?
