community of family-tree huggers and after-hours Alex Haleys. In Shaking the Family Tree, Jackson dives headfirst into her family gene pool: flying cross-country to locate an ancient family graveyard, embarking on a weeklong genealogy Caribbean cruise, and

even submitting her DNA for testing to try to find her Jacksons. And in the process of researching her own family lore (Who was Bullwhip Jackson?) she meets legions of other genealogy buffs who are as interesting as they are driven—from the boy who saved his allowance so

in the process comes to discover—genetically, historically, and emotionally—the true meaning of “family” for herself.
