Are You Focused on What Matters Most? If you were asked to tell your life story, would it be one of a life well-lived?

According to author Brett Atlas, as our lives evolve at an ever-increasing pace, we have become detached from the universal truths which define our existence. As a result, we risk prioritizing the immaterial while neglecting the essential. In *Three Things Matter Most*, Atlas explains that how we approach time, relationships, and money has the biggest impact on our lives. The way we balance these three precious resources makes

Words of Wisdom & Inspiration
In Stop Sabotaging Your Life: 3
Steps To Your Full Potential,
acclaimed life coach Bruno
LoGreco shares his simple path
to achieving healthy mental and
emotional independence. How
many times have you caught
yourself thinking something like
this?: I'm not enough—good
enough...smart enough...good
looking enough...successful
enough.... LoGreco says we
sabotage our lives by focusing
too much on being what others
want us to be and do, and not
spending enough time listening
to our own hearts and minds.
Some people try to find self-

acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and

work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept

repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that.”—Cristina “The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional

development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you

to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential.”

—Adrian “If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is

what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth.” —Blaine

Understanding Your Young Teen is a book on early adolescent development for parents of young teens and pre-teens. Parents of young teens will 1. Gain an understanding of the unique and not-always-obvious realities of early adolescent development. This

new understanding can greatly enhance parents' patience, parenting approaches, and relationship with their child. 2. Review the developmental uniquenesses of the young teen years. Most parents don't fully appreciate the changes that are taking place in their teens bodies, minds and relationships. This resource will give them a solid understanding of those areas. 3. Explore new research and cultural changes. Parents will get a better understanding of the changing landscape of teen culture and see how much as changed since they were young teens. The bulk of the

book will be based on the first half of: Middle School Ministry. The developmental chapters will be re-written for parents, and will not only include the developmental issues themselves, but the practical implications for parenting and living with young teens. A strong pro-young teen bias will permeate the book, as my affection for young teens and conviction that this age is a great opportunity for faith formation will be woven through all chapters. While the book will be based on research and experience, the tone will be conversational, from one parent

of young teens to others. First-person tense will be used throughout, along with examples from my family and extensive involvement with young teens.

The Wisdom Seeker

Black Hat Wisdom was written as the author's personal guide to achieve spiritual freedom and attain inner peace. Its main theme focuses on applying metaphysical attributes, without any specific theological beliefs that might constrain an open minded approach to the everyday occurrences of our daily lives. Its prime intention is to inspire, motivate, and embrace the inner essence of your individuality and the power of your spirit, as the main forces that provide the answers to what we already know but have most probably forgotten. The book is a

very non-conventional approach to unravel the elusive truths behind those age-old questions of why we are here? What is the purpose of life? Where do we go after death? Why should we believe in what has been forced upon us through thousands of years of traditions and conventional wisdom? And many other questions which, perhaps because of our practical ways of thinking, we have failed to consider important. Hopefully by reading each essay more than once you will be open to consider a different way of thinking - a new way of thinking that could cement your present

beliefs or shake them to their core, or maybe help you embrace other ways of getting closer to the absolute truth or to a truth within which the essential nature is forever changing. Lastly the author hopes that the reader will be inspired to question everything, with the compassion and understanding that will allow LOVE and PEACE to always lead the way. You are greater than you think you are.

Words of Wisdom & Inspiration is a collection of over 100 thoughts and ideas, originally posted on social media, that are designed to encourage and strengthen believers. God has a plan and purpose for each and every person, but

too often we lose sight of that because of the various things we experience day to day. It is my hope that through reading the nuggets of wisdom and inspiration contained in this book, that the reader will be motivated to move forward in the plan God has for them and to achieve success.

'At last. At last this very important book has been written . . . It will empower legions of women to step into their greatness.'

Elizabeth Gilbert, author of EAT, PRAY, LOVE What could you achieve if you

All too often talented women feel unable to share their opinions, challenge the norm or take the lead. But now it's time to play big. As the founder of a global leadership programme for women, Tara Mohr has spent her career teaching exceptional women to find their voice and their confidence. A strong support network and meaningful connections are crucial to

your long-term success and peace of mind. Although successful women excel in every way, many resist the idea of seeking help due to fear of being viewed as weak or incompetent. Instead, they struggle alone and sacrifice their happiness and peace along the way. If you feel this way, you're in the right place! In Get Over "I Got It," author and podcast host Elayne Fluker shows you that this isolated mindset is the reason you are overwhelmed, depressed, and even unfulfilled. With Elayne's help, you will

A reasoned yet urgent call to embrace and protect the essential, practical human quality that has been drummed out of our lives: wisdom. It's in our nature to want to succeed. It's also human nature to want to do right. But we've lost how to balance the two. How do we get it back? Practical Wisdom can help. "Practical wisdom" is the essential human quality that combines the fruits of our individual experiences with our empathy and intellect—an aim that Aristotle identified millennia ago.

It would be a mistake to concentrate on only one topic because all the subjects are connected to aid you in reaching your own epiphany. Many of the most profound quotes and proverbs are recorded under various topics throughout the book. Though you may only be interested in "Success & Failure," many of the quotes and proverbs attributed to success can also be found under "Leadership," "Attitude," or even "Life, Purpose, & Growth," for example.
