

Rabash: Gli Scritti Sociali

Rav Baruch Shalom HaLevi Ashlag (Rabash) ha svolto un ruolo rilevante nella storia della Kabbalah. Ci ha fornito l'ultimo collegamento necessario tra la Saggezza della Kabbalah e la nostra esperienza umana. Suo padre e maestro era il grande Kabbalista, Rav Yehuda Leib HaLevi Ashlag, conosciuto come Baal HaSulam per il suo Sulam (La Scala) commentario de Il Libro dello Zohar. Eppure, se non fosse per i saggi di Rabash, gli sforzi di suo padre per divulgare la Saggezza della Kabbalah a tutti sarebbero stati vani. Senza questi saggi, veramente pochi sarebbero in grado di raggiungere la realizzazione spirituale che Baal HaSulam così disperatamente voleva che noi ottenessimo. Gli scritti in questo libro sono stati raccolti dal suo studente prediletto Michael Laitman PhD, Presidente e Fondatore dell'Accademia Internazionale per lo Studio della Kabbalah "Bnei Baruch" e riportati così come venivano esposti dal Rabash durante le sue lezioni. Il materiale non è solo da leggere; gli articoli sono più come la guida di un utente esperienziale. È molto importante lavorare su di essi per vedere quello che realmente contengono. Il lettore dovrebbe cercare di metterli in pratica per vivere le emozioni che Rabash descrive così magistralmente. Egli ha sempre raccomandato ai suoi studenti di riassumere gli articoli, di tradurli ed applicarli nel gruppo. Fare questo significa scoprire il potere degli scritti di Rabash.

The riveting story of the entrepreneurs and renegades fighting to bring lab-grown meat to the world. The trillion-dollar meat industry is one of our greatest environmental hazards; it pollutes more than all the world's fossil-fuel-powered cars. Global animal agriculture is responsible for deforestation, soil erosion, and more emissions than air travel, paper mills, and coal mining combined. It also, of course, depends on the slaughter of more than 60 billion animals per year, a number that is only increasing as the global appetite for meat swells. But a band of doctors, scientists, activists, and entrepreneurs have been racing to end animal agriculture as we know it, hoping to fulfill a dream of creating meat without ever having to kill an animal. In the laboratories of Silicon Valley companies, Dutch universities, and Israeli startups, visionaries are growing burgers and steaks from microscopic animal cells and inventing systems to do so at scale--allowing us to feed the world without slaughter and environmental devastation. Drawing from exclusive and unprecedented access to the main players, from polarizing activist-turned-tech CEO Josh Tetrick to lobbyists and regulators on both sides of the issue, Billion Dollar Burger follows the people fighting to upend our food system as they butt up against the entrenched interests fighting viciously to stop them. The stakes are monumentally high: cell-cultured meat is the best hope for sustainable food production, a key to fighting climate change, a gold mine for the companies that make it happen, and an existential threat for the farmers and meatpackers that make our meat today. Are we ready?

Ci troviamo all'inizio di un processo il cui stadio finale, la Saggezza della Kabbalah, occuperà un posto centrale nella vita di ogni persona nel mondo come metodo per risolvere i problemi globali e personali sempre più gravosi. Il motivo di quanto affermato risiede nell'essenza della Saggezza della Kabbalah: essa è la scienza che indaga le leggi che governano l'intero creato, leggi nascoste, e proprio perché sconosciute, causa di contrasti che innescano reazioni avverse e negative. L'essenza della scoperta delle leggi della creazione, per ora a noi celate, ci condurrà alla rivelazione di una realtà diversa, che si chiarificherà in questo nostro mondo: una realtà spirituale, eterna ed integra la cui rivelazione è, allo stesso tempo, scopo dell'intero creato e scopo della vita dell'uomo. I kabbalisti scrivono che siamo giunti ad una fase in cui tutta l'umanità è pronta per la rivelazione della realtà spirituale e quindi la Saggezza della Kabbalah si rivela al mondo dopo migliaia di anni di occultamento. Proprio perché tutto il creato ha un fine, nulla avviene per caso.

Il Prof. Michael Laitman, in merito al libro, scrive: "Tra tutti i testi e le note usate dal mio maestro Rav Baruch Shalom Halevi Ashlag (Rabash), c'era un quaderno speciale che portava sempre con sé. Questo quaderno conteneva le trascrizioni delle conversazioni con suo padre Rav Yehuda Leib Halevi Ashlag (Baal HaSulam), autore del Commentario Sulam (La Scala) de Il Libro dello Zohar, del Lo studio delle dieci Sefirot (Commentario ai testi del Kabbalista Ari), e di molte altre opere sulla Kabbalah". "Non sentendosi bene, durante il Capodanno ebraico nel settembre del 1991, il Rabash mi chiamò al suo capezzale e mi diede un quaderno, sulla copertina c'era una sola parola Shamati (Ho udito). Porgendomi il quaderno egli disse 'Prendilo e impara da questo'. Il mattino seguente, il mio maestro morì tra le mie braccia, lasciando me e molti altri suoi studenti senza una guida nel

mondo. Devoto al volere di Rabash di divulgare la Saggezza della Kabbalah, ho pubblicato il quaderno proprio come è stato scritto, conservando in tal modo i poteri di trasformazione del testo. Tra tutti i libri di Kabbalah, Shamati è una creazione unica ed avvincente”.

Introduzione alla Saggezza della Kabbalah

From Chaos to Harmony

The Nazi Holocaust is one of the most momentous events in human history. Yet, it remains on many levels a baffling and unfathomable mystery. By shunning simplistic 'explanations' Ronnie Landau has set out, in a clear, thought-provoking and enlightened fashion, to mediate between this vast, often unapproachable subject and the reader who wrestles with its meaning. Locating the Holocaust within a number of different contexts - Jewish history, German history, genocide in the modern age, the larger story of human bigotry and the triumph of ideology over conscience - Landau penetrates to the very heart of its moral and historical significance. Deeply concerned lest the Holocaust, as a 'unique' phenomenon, be cordoned off from the rest of human history and ghettoized within the highly charged realm of 'Jewish experience', he is at pains to show that transmitting understanding of the Holocaust is about connecting with all humanity. Intended both for the general reader and for students and academics (especially in history, psychology, literature and the humanities), this work is an important breakthrough in the struggle to perpetuate the memory of a tragedy which the world is all too ready to forget.

With the complicity of a biography to write, he is to find accidentally himself in contact with a secret organization (called Orange Hands) who is trying to remove at the root the troubled international pharmaceutical business exalting scientific pureness. But it's nothing but the beginning of a wider and more silent worldwide revolution. Was the Orange Agent a fatal accident in Vietnam or was it a slaughter wanted by the U.S. army? A probe against time, leading the main character to solve by himself several murder cases between Milan and San Francisco.

Come la Luce della Kabbalah ci trova “Siamo costretti a fuggire dal vuoto che dilaga dentro di noi e allo stesso tempo a ricercarne il significato. Purtroppo, senza un metodo che ve lo troveremo mai una via d’uscita”. Ti sei mai posto la ben nota domanda: “Qual è il significato della vita?”. Forse hai avvertito che al mondo, così come ti appare, manca qualcosa. Un m molti non vedono, ti aspetta. L’autore di L’Egotista, Jesse Bogner, ha sentito il bisogno di ricercare qualcosa al di là di quanto poteva vedere con i propri occhi. Il suo debutto prorom passaggio da Newyorkese edonistico, il cui unico sollievo dalle sofferenze arriva sotto forma di ricerca estetica, droghe e alcool, a Kabbalista sul cammino del perseguimento del sig Osservando la propria esistenza, Bogner fa luce sul nostro mondo in crisi, bisognoso di redenzione. Eppure Michael Laitman, uno dei più autorevoli kabbalisti viventi, restituendoci la Kabbalah, indica la via per vivere e superare gli stati di crisi, proiettandoci verso un mondo nuovo.

Introduction By T. S. Eliot

Letters of Light

The Solution to the Global Crisis According to the Wisdom of Kabbalah

On June 5, 1940, Rav Yehuda Ashlag, known as Baal HaSulam (author of the Ladder) for his Sulam (ladder) commentary on The Book of Zohar, published the first copy of the paper, The Nation. In it, he tried to offer a lasting solution to the causes of the Holocaust, and to unite the people of Israel, for he perceived its fragmentation as its prime impediment to happiness. His efforts, however, were thwarted by Jews who opposed his views, and that first issue became the only issue ever to be printed. After World War II, Baal HaSulam wrote extensively about the causes for the war, and the solutions to anti-Semitism as he perceived them. He never published these writings. We have collected them and published them in The Writings of the Last Generation. Nearly six decades later, these writings are still immensely bold and thought provoking. The insights within challenge our conventions and compel us to ask some probing questions about ourselves and our societies. As you contemplate the content of these writings, you cannot help but wonder what our world would be like had we known about them decades ago, and what it will be like if we adopt even some of the ideas of this unlikely visionary henceforth.

From best-selling author and noted teacher and speaker Yehuda Berg comes a thought-provoking call to action on our current global crisis. Positing that our collective abdication of responsibility -- in every facet of our lives, including business and the economy, the environment, government and politics, healthcare, education, and religion -- has contributed to the problems and challenges we face, Berg asserts that taking responsibility for our actions (or lack thereof) and their consequences is the key to achieving change for the better. Berg urges readers to access the power within each of us, using the principles of Kabbalah, in order to create the consciousness shift required for lasting positive change.

Lo Zohar Rivelato

The Passover Haggadah

Rav Baruch Shalom HaLevi Ashlag ("Rabash") changed the course of studying Kabbalah by integrating the concept of unity in our world to reach spiritual attainment. Rabash's father and teacher was the great Kabbalist, Rav Yehuda Leib HaLevi Ashlag, (known as Baal HaSulam) who wrote commentary on The Book of Zohar. While Baal HaSulam gave us insight on the spiritual worlds, it was Rabash who articulated the human essence of Kabbalah for our generation. Rabash gave us the practical advice on how to realise spirituality by simply forming study groups and using unity and love as our tools for attaining spirituality in our time. The writings in this book aren't just for reading, the reader can utilise the book as a guide in his everyday life and within his study group. By following the advice Rabash gives us in the book, the student will discover new insights in his studies. Rabash shows how to utilise the Wisdom of Kabbalah to find true spirituality in our life.

Letters of Light is a translation of over ninety passages from a well-known Hasidic text, Ma'or va-shemesh, consisting of homilies of Kalonymus Kalman Epstein of Krakow, together with a running commentary and analysis by Aryeh Wineman. With remarkable creativity, the Krakow preacher recast biblical episodes and texts through the prism both of the pietistic values of Hasidism, with its accent on the inner life and the Divine innerness of all existence, and of his ongoing wrestling with questions of the primacy of the individual vis-a-vis that of the community. The commentary traces the route leading from the Torah-text itself through various later sources to the Krakow preacher's own reading of the biblical text, one that often transforms the very tenor of the text he was expounding. Though composed almost two centuries ago, Ma'or va-Shemesh comprises an impressive spiritual statement, many parts of which can speak to our own time and its spiritual strivings.

The writings of Rav Baruch Shalom HaLevi Ashlag (RABASH), the firstborn son and successor of Rav Yehuda Leib HaLevi Ashlag (Baal HaSulam), author of the Sulam (Ladder) commentary on The Book of Zohar, provide us with insights that connect the wisdom of Kabbalah to our human experience. These books disclose the profound knowledge of human nature that the RABASH possessed, and take us on a journey to our own souls. As we absorb the texts, we find that Kabbalah is not some cryptic occultism, but a time-tested method to understand ourselves and improve our lives and the world around us.

Il Libro dello Zohar (Libro dello Splendore), anche conosciuto come Lo Zohar, è una delle opere più misteriose e mal interpretate mai scritte. Lo stupore, l'ammirazione e persino la paura che ha suscitato negli anni sono ineguagliati. Questo libro contiene i segreti dell'intera creazione, ma fino a poco fa questi segreti erano avvolti in una nube di mistero e di fraintendimenti. Oggi Lo Zohar sta rivelando apertamente la sua saggezza a tutto il mondo, per mostrare all'umanità una via da seguire, come annuncia il libro stesso (VaYera, articolo 460): "Quando i giorni del Messia si avvicineranno, anche i bambini scopriranno i segreti della saggezza". Il più grande Kabbalista del XX secolo, Rav Yehuda Ashlag (1884-1954) ci ha aperto una nuova strada per svelare i segreti dello Zohar. Ha scritto il Commentario Sulam [la Scala] e le quattro introduzioni allo Zohar per aiutarci a conoscere le forze che governano la nostra vita e insegnarci come possiamo assumere il controllo del nostro destino. Lo Zohar rivelato è l'invito per un viaggio meraviglioso verso un mondo superiore.

L'autore, il kabbalista Dr. Michael Laitman, ci introduce saggiamente nelle rivelazioni del Commentario Sulam. In questo modo, Laitman ci aiuta a sintonizzare i nostri pensieri mentre leggiamo lo Zohar, per massimizzare il beneficio spirituale che ne deriva. Oltre a spiegare Il Libro dello Zohar, il libro contiene numerose citazioni suggestive tratte dallo Zohar stesso, appositamente tradotte, curate e raccolte per facilitare la lettura e la comprensione di questo potente testo. Le lezioni quotidiane di Zohar e Kabbalah del Dr. Laitman sono trasmesse su www.kab.tv/ita e su www.kabbalahmedia.info.

This is a unique collection of excerpts from a man whose wisdom has earned him devoted students in North America and the world over. Michael Laitman is a scientist, a Kabbalist, and a great thinker who presents ancient wisdom in a compelling style. Written in a unique and metaphorical language, this book speaks to us in a sincere, yet thought-provoking manner while answering the deepest questions all humans have asked. When life gets out of hand, when we need a moment to reflect and to be alone with our thoughts, this book will help us rediscover our inner compass. This book does not profess to teach Kabbalah, but rather gently introduces ideas from the teaching. The Point in the Heart is a window to a new perception. As the author himself testifies to the wisdom of Kabbalah, "It is a science of emotion, a science of pleasure. You are welcome to open and to taste". In Kabbalah, the heart is a symbol of our desire to enjoy. And the point in the heart is that special, intimate moment when we ask ourselves about our purpose for being here. It is that time when we pause and reflect on what lies beyond the incessant "gadget-chase" and ask not if we really need them, but why is it that we want them in the first place. In Laitman's own words, this is "the beginning of the soul, the first step toward revealing love". When you need a light in the dark, this book will be your candle.

Passages from Ma'or va-Shemesh

An important goal in the study of Kabbalah is to use one's knowledge to influence one's destiny. Firstly, one has to realise what life is, what its meaning is, why it is given to us, where it begins, and where it ends. After pondering and meditating on the above questions, one has to relate all this to Kabbalah. Kabbalah states that the Creator created all the worlds simultaneously, including our world, and we human beings have to use Kabbalah in our world, the finite material world. In order to further advance our understanding of the wisdom of Kabbalah, we need to lift our mind's eye above the horizon of our material world. Kabbalah clarifies our perception of reality. What we see around us is subjective and exists only in relation to ourselves. Our perception depends on our organs of sensation: if they were different, we would perceive another world around us. This book provides the reader with a solid foundation for understanding the role of Kabbalah in our world. The contents was designed to allow individuals all over the world to begin traversing the initial stages of spiritual ascent toward the apprehension of the upper realms. Reveals the factors contributing to the perilous state in which we find our world today. Many researchers and scientists agree that the cause of humankind's problems is the human ego. Yet Laitman's groundbreaking new book not only demonstrates that ego has been the basis for all suffering throughout human history but also reveals why we are subject to suffering due to our egos, and how we can turn our plight to pleasure, our troubles to opportunity. The book contains two parts. First, an analysis of the human soul and how the soul's own structure is its bane. The book also maps out what we need to do to once again be happy, and what we should avoid because it would worsen our suffering. Throughout the book, Laitman's analysis of the state of humanity is supported by examples from science and from Kabbalists both ancient and contemporary. "From Chaos to Harmony" determines that we can and must collectively rise to a new level of existence and explains how we can accomplish this goal on personal, social, national and international levels.

A Guide to Hidden Wisdom of Kabbalah

Inside Big Tech's Race for the Future of Food

An insightful history of Churchill's lifelong commitment—both public and private—to the Jews and Zionism, and of his outspoken opposition to anti-Semitism Winston Churchill was a young man in 1894 when Captain Alfred Dreyfus, a Jewish officer in the French army, was convicted of treason and sent to Devil's Island. Despite the prevailing anti-Semitism in England as well as on the Continent, Churchill's position was clear: he supported Dreyfus, and condemned the prejudices that had led to his conviction. Churchill's commitment to Jewish rights, to Zionism—and ultimately to the State of Israel—never wavered. In 1922, he established on the bedrock of international law the right of Jews to emigrate to Palestine. During his meeting with David Ben-Gurion in 1960, Churchill presented the Israeli prime minister with an article he had written about Moses, praising the father of the Jewish people. Drawing on a wide range of archives and private papers, speeches, newspaper coverage, and wartime correspondence, Churchill's official biographer, Sir Martin Gilbert, explores the origins, implications, and results of Churchill's determined commitment to Jewish rights, opening a window on an underappreciated and heroic aspect of the brilliant politician's life and career.

Rav Yehuda Ashlag, conosciuto come Baal HaSulam (Il Padrone della Scala) per il suo Commentario Sulam (La Scala) a Il Libro dello Zohar, ha scritto numerosi saggi, trattati e altri testi. Gli estratti contenuti in questo libro sono i più rilevanti e i più studiati tra i suoi scritti. Questi testi sono rimasti sigillati e nascosti per oltre sessant'anni. Molti si sono deteriorati nel tempo e il testo è diventato indecifrabile, le lettere a malapena leggibili; alcuni si sono logorati e altri sono andati perduti. Nonostante il grande lavoro, non sono da escludere errori. Anche i puntini di sospensione sono piuttosto frequenti, sia perché il testo originale è incompleto, sia perché non può essere letto con certezza. Tutti gli scritti di questo libro, tranne l'introduzione, sono opera di Baal HaSulam e vengono pubblicati per la prima volta in italiano.
