Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

Following the conclusion of the latest round of reforms to the Common Agricultural Policy (CAP) in 2013, the Research Handbook on EU Agriculture Law provides an up-to-date discussion of these reforms and the changing landscape in which the CAP now operates. Adopting an interdisciplinary approach, and with international contributors from across Europe and the United States, the Handbook commences with

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

analyses of the legal instruments which implement the reformed CAP, before moving on to consider questions of land use, the role of agriculture within the wider food chain and the international dimension. In these contexts, particular issues identified include: the environmental impact of past, present and future farming practices; the ability of the food chain to accommodate consumer preferences and scientific innovation; and the hurdles to be cleared before international consensus can be reached on a whole range of agricultural imperatives. As well as providing a state-of-the-art point of reference for academics, this comprehensive book will be of great interest to students, scholars and policymakers dealing with these new challenges faced by agriculture in the EU.

In this Handbook, distinguished experts in the field of

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

administrative law discuss a wide range of issues from a comparative perspective. The book covers the historical beginnings of comparative administrative law scholarship, and discusses important methodological issues and basic concepts such as administrative power and accountability.

Key chapters, written by leading experts across the field, engage with important ongoing debates in the field of EU administrative law, focusing on areas of topical interest such as financial markets, the growing security state and problematic common asylum procedures. In doing so, they provide a summary of what we know, don't know and ought to know about EU administrative law. Examining the control functions of administrative law and the machinery for accountability, this Research Handbook eloquently challenges areas of

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

authoritarian governance, such as the Eurozone and security state, where control and accountability are weak and tackles the seemingly insoluble question of citizen ‘voice’ and access to policy-making.

Providing a unique analytical framework to capture a diverse, fragmented and highly evolving practice, the Research Handbook on Unilateral and Extraterritorial Sanctions is the key original reference work covering how sanctions have indisputably become central instruments of foreign policy. This discerning Research Handbook combines a series of case studies and cross-cutting analyses. It reflects the levers and evolution of international law and practice in the field, as well as covering important topics over multiple disciplines, particularly in international law and international relations.

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

Featuring diverse contributions from a selection of esteemed scholars, the Research Handbook's chapters provide an unprecedented analysis of the evolution of diplomatic, legal and business practices and tackle topical legal issues arising from unilateral and extraterritorial sanctions. Offering a unique panorama of contemporary practice, this 360-degree study will be of interest to legal academics and their students as well as practitioners in both the public and private sectors.

EU criminal law is one of the fastest evolving, but also challenging, policy areas and fields of law. This Handbook provides a comprehensive and advanced analysis of EU criminal law as a structurally and constitutionally unique policy area and field of research. With contributions from leading experts, focusing on their respective fields of research, the book is preoccupied with defining cross-border or 'Euro-crimes', while allowing Member States to sanction criminal behaviour through mutual cooperation. It contains a web of institutions, agencies and external liaisons, which ensure the protection of EU citizens from serious crime, while protecting the fundamental rights of suspects and criminals. Students and scholars of EU criminal law will benefit from the

comprehensive research present in this Handbook. National and EU policy-makers, as well as judges, defence lawyers and human rights lawyers will find the analysis of current legal action, combined with proposed solutions, useful to their work. The Routledge Handbook of European Elections explores the multifaceted dimension of the European Parliament's (EP) electoral contests across the European Community and European Union since 1979. After setting a general empirical and theoretical framework, this collaborative project presents original contributions from leading experts from virtually all the corners of the European Union. Each case study adheres to a common template that makes it easy to compare data, methodology and outcomes. Every country chapter includes: a brief geopolitical profile and historical background of the

Member State; a glance at the national political landscape; a short account of the main political parties, including their attitude toward the European Union; a section on public opinion and European integration; a summary of electoral systems; an overview of all EP and national elections; an in-depth analysis of the 2009 EP electoral race; an overall theoretical interpretation of European elections. A comparative chapter closes the Handbook followed by an Epilogue focussing on the 2014 EP contest with a detailed analysis of the newly elected European Assembly in terms of political group and gender composition. The volume aims to enhance readers' understanding of the European Parliament and revive their interest in the European integration process. By providing a wide range of national and European facts and figures, this

investigation represents a comprehensive reference guide to scholars, practitioners, and students of the European Parliament, European elections, political parties, European Union and comparative politics.

The place of human rights in EU law has been a central issue in contemporary debates about the character of the European Union as a political organisation. This comprehensive and timely Handbook explores the principles underlying the development of fundamental rights norms and the way such norms operate in the case law of the Court of Justice. Leading scholars in the field discuss both the effect of rights on substantive areas of EU law and the role of EU institutions in protecting them.

reading and an authoritative reference for scholars, students, researchers and practitioners involved in, and actively concerned about, research on migration, and European and EU Politics.

This comprehensive Handbook illuminates the objectives and economics behind competition law. It takes a global comparative approach to explore competition law and policy in a range of jurisdictions with differing political economies, legal systems and stages of development. A set of expert international contributors examine the operation and enforcement of competition law around the world in order to globalize discussions surrounding the foundational issues of this topic. In doing so, they not

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

only reveal the range of approaches to competition law, but also identify certain basic economic concepts and types of anticompetitive conduct that are at the core of competition law.

The third edition of EU Administrative Law provides comprehensive coverage of the administrative system in the EU and the principles of judicial review that apply in this area. This revised edition provides important updates on each area covered, including new case law; institutional developments; and EU legislation. These changes are located within the framework of broader developments in the EU. The chapters in the first half of the book deal with all the principal variants of the EU

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

administrative regime. Thus there are chapters dealing with the history and taxonomy of the EU administrative regime; direct administration; shared administration; comitology; agencies; social partners; and the open method of coordination. The coverage throughout focuses on the legal regime that governs the particular form of administration and broader issues of accountability, drawing on literature from political science as well as law. The focus in the second part of the book shifts to judicial review. There are detailed chapters covering all principles of judicial review and the discussion of the law throughout is analytical and contextual. It begins with the principles that have

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

informed the development of EU judicial review. This is followed by a chapter dealing with the judicial system and the way in which reform could impact on the subject matter of the book. There are then chapters dealing with competence; access; transparency; process; law, fact and discretion; rights; equality; legitimate expectations; two chapters on proportionality; the precautionary principle; two chapters on remedies; and the Ombudsman.

Slot, University of Leiden, The Netherlands

Ô European state aid law needs more self-questioning and more intellectual debate. In my view, this Research Handbook is a very valuable contribution to this necessary process. It correctly identifies the most intellectually problematic issues within state aid law and asks the right questions. This may be due to the balance in the excellent selection of contributors, coming both from the academia and from practice. This guarantees, on the one hand, that the questions are relevant in practice and not purely theoretical but also provides, on the other hand, for a rigorous

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

analytical approach when confronting the issues. The result is a fresh and interesting new look to many of the basic issues of state aid law. Ò Đ Jos Ž Luis Buendia Sierra, Garrigues, Brussels, Belgium, and King Òs College London, UK Ô This Research Handbook provides an in-depth exploration of some of the most difficult and controversial issues in current State aid law and policy. It is unusual in providing not only a legal but also an economic and political science perspective on this rapidly developing area of EU law. The Handbook will be a welcome addition to the shelves of State aid practitioners and academics alike. Ò Đ

Kelyn Bacon, Brick Court Chambers, London, UK

This timely new Handbook reflects on current issues that confront State aid law and policy in the EU. State aid was a neglected area of competition law until attempts to modernise it became central to the Lisbon process 2000 where the aim was to encourage "intelligent" State aid by reducing aid to specific sectors and by making better use of aid for horizontal projects central to EU integration concerns. This policy framework has underpinned the new approach to State aid policy in the EU in recent years and informs many of the chapters in this book. Contributions from leading academics,

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

regulators and practising lawyers, discuss topics devoted to modernisation, problems faced by recent enlargements of the EU, the role of State aid in the fiscal crisis and recession, the role of the private market investor test, regional aid, environmental aid and the review of the Altmark ruling. Perspectives on State aid law and policy from the disciplines of economics and political science are also explored in detail. Research Handbook on European State Aid Law will appeal to academics, regulators, national and EU government officials, practitioners and postgraduate students who are involved in State

management and administration. The book incorporates narratives from those working in the field to provide insight into the profession. The book also offers a unique perspective on the topic by incorporating global perspectives to address the growing interdisciplinary nature of research collaboration. The book outlines practical advice for those in the research management and administration profession at all levels of experience. It is also a useful tool that research institutions and research groups can use to assist in planning and streamlining their research support. Offers a deeper understanding of the research management and administrative landscape through single and

collective definitions and experiences Provides an overview of the research environment and explores the international research arena Discusses some of the most complex issues in research management and administration by covering topics such as ethics, innovation, research impact, organizational structures, and processes for the project life cycle The public sector ombudsman has become one of the most important administrative justice institutions in many countries around the world. This international and interdisciplinary Research Handbook brings together leading scholars and practitioners to discuss the state-of-the-art of ombudsman research. It uses new empirical studies and competing theoretical

explanations to critically examine important aspects of the ombudsman's work. This comprehensive Handbook is of value to academics designing future ombudsman studies and practitioners and policymakers in understanding the future challenges of the ombudsman.

In times of rapid change and unpredictability the European Union's role in the world is sorely tested. How successfully the EU meets challenges such as war, terrorism and climate change, and how effectively the Union taps into opportunities like mobility and technological progress depends to a great extent on the ability of the EU's institutions and member states to adopt and implement a

comprehensive and integrated approach to external action. This Research Handbook examines the law, policy and practice of the EU's Common Foreign and Security Policy, including the Common Security and Defence, and gauges its interactions with the other external policies of the Union (including trade, development, energy), as well as the evolving political and economic challenges that face the European Union.

Drawing on research from the administrative sciences and using organizational, institutional and decision-making theories, this volume examines the emerging bureaucratic framework of the EU and highlights that analyzing the patterns and dynamics of the EU's

administrative capacities is essential to understand how it shapes European public policy.

students and practitioners studying or working in this field, but one which is also accessible for those approaching the subject for the first time.

"This book examines institutional, economic, and social developments in the European Union"--Provided by publisher"--

The increasing number of executive tasks assigned to EU institutions and agencies has resulted in a greater demand for justice that can no longer be satisfied by the courts alone. This has led to the development of a wide range of administrative remedies that have become a central part of the EU administrative justice

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

system. This book examines the important theoretical and practical issues raised by this phenomenon. The work focuses on five administrative remedies: internal review; administrative appeals to the Commission against decisions of executive and decentralised agencies; independent administrative review of decisions of decentralised agencies; complaints to the EU Ombudsman; and complaints to the EU Data Protection Supervisor. The research rests on the idea that there is a complex, and at times ambivalent, relationship between administrative remedies and the varying degrees of autonomy of

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

EU institutions and bodies, offices and agencies. The work draws on legislation, internal rules of executive bodies, administrative practices and specific case law, data and statistics. This empirical approach helps to unveil the true dynamics present within these procedures and demonstrates that whilst administrative remedies may improve the relationship between individuals and the EU administration, their interplay with administrative autonomy might lead to a risk of fragmentation and incoherence in the EU administrative justice system. This authoritative Research Handbook presents,

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

for the first time, a comprehensive overview of the most important research and latest trends in EU energy law and policy. It offers high-quality original contributions that provide state-of-the-art research in this rapidly evolving area, situated in the broader context of international economic law and governance.

Law explores the diversity of phenomenon of overlapping legal systems within the European Union, the nature of their interactions, and how they deal with the difficult question of the legal hierarchy between them. The contributors reflect on the history, sociology and legal scholarship on constitutional and legal pluralism, and develop this further in the light of the challenges currently facing the EU.

Research Handbook on EU Institutional Law offers a critical look into the European Union: its legal foundations, competences and institutions. It

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

provides an analysis of the EU legal system, its application at the national level and the prevalent role of the Court of Justice. Throughout the course of the Handbook the expert contributors discuss whether the European Union is well equipped for the 21st century and the numerous crises it has to handle. They revisit the call for an EU reform made in the Laeken Conclusions in 2001 to verify if its objectives have been achieved by the Treaty of Lisbon and in daily practice of the EU institutions. The book also delves into the concept of a Europe of different speeds, which - according to some - is

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

inevitable in the EU comprising 28 Member States. Overall, the assessment of the changes introduced by the Lisbon Treaty is positive, even if there are plenty of suggestions for further reforms to re-fit the EU for purpose.

For many observers, the European Union is mired in a deep crisis. Between sluggish growth; political turmoil following a decade of austerity politics; Brexit; and the rise of Asian influence, the EU is seen as a declining power on the world stage. Columbia Law professor Anu Bradford argues the opposite in her important new book *The Brussels Effect: the EU*

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

remains an influential superpower that shapes the world in its image. By promulgating regulations that shape the international business environment, elevating standards worldwide, and leading to a notable Europeanization of many important aspects of global commerce, the EU has managed to shape policy in areas such as data privacy, consumer health and safety, environmental protection, antitrust, and online hate speech. And in contrast to how superpowers wield their global influence, the Brussels Effect - a phrase first coined by Bradford in 2012- absolves the EU from playing a direct role in

Download File PDF Research Handbook On EU Administrative Law (Research Handbooks In European Law Series)

imposing standards, as market forces alone are often sufficient as multinational companies voluntarily extend the EU rule to govern their global operations. The Brussels Effect shows how the EU has acquired such power, why multinational companies use EU standards as global standards, and why the EU's role as the world's regulator is likely to outlive its gradual economic decline, extending the EU's influence long into the future.
