In 1985, when the Soviet Union still existed, Mikhaylov created a wonderful series of handcolored and toned photographic prints, integrating philosophical, lyrical or enigmatic statements with pictures of every day life situations. Now that Mikhaylov has become a secret star of

Esquire. Ford Motors. Burton Snowboards. The Obama Administration. While all of these brands are vastly

different, they share at least one thing in common: a teeny, little bit of Aaron James Draplin. Draplin is one of the new school of influential graphic designers who combine the power of design, social media, entrepreneurship, and DIY aesthetic to create a successful business and way of life. Pretty Much Everything is a mid-career survey of work, case studies, inspiration, road stories, lists, maps, how-tos, and advice. It includes

examples of his work—posters, record covers, logos—and presents the process behind his design with projects like Field Notes and the “Things We Love” State Posters. Draplin also offers valuable advice and hilarious commentary that illustrates how much more goes into design than just what appears on the page. With Draplin’s humor and pointed observations on the contemporary design scene, Draplin Design Co. is the complete package for

the new generation of designers.

knew Him best. You have heard their names, but do you know their remarkable stories? Have you imagined what it was like for these unassuming apostles to hear the voice of God breaking through in their everyday lives, calling them to leave behind everything they knew and begin living a life they'd never dreamed of? As you study their faces and imagine their experiences, you may be filled with the sense of anticipation and adventure that always comes with journeys of faith. You may be filled with courage to answer His

However your heart is filled while journeying through this book, you will undoubtedly realize that the path ahead is well-worn with the footprints of those who have gone before you. THE NEW YORK TIMES BESTSELLER Transform your life using the Bullet Journal Method, the revolutionary organisational system and worldwide phenomenon.

The Bullet Journal Method will undoubtedly transform your life, in more ways than you can imagine' Hal

*Elrod, author of The Miracle Morning In his long-awaited first book, Ryder Carroll, the creator of the enormously popular Bullet Journal organisational system, explains how to use his method to: * TRACK YOUR PAST: using nothing more than a pen and paper, create a clear, comprehensive, and organised record of your thoughts and goals. * ORDER YOUR PRESENT: find daily calm by prioritising and minimising your workload and tackling your to-do list in a more mindful and productive way. * PLAN YOUR FUTURE: establish and appraise your short-term and long-term goals, plan more complex projects simply and effectively, and live your life with meaning and*

purpose. Like many of us, Ryder Carroll tried everything to get organised - countless apps, systems, planners, you name it. Nothing really worked. Then he invented his own simple system that required only pen and paper, which he found both effective and calming. He shared his method with a few friends, and before long he had a worldwide viral movement. The system combines elements of a wishlist, a to-do list, and a diary. It helps you identify what matters and set goals accordingly. By breaking long-term goals into small actionable steps, users map out an approachable path towards continual improvement, allowing them to stay focused despite the crush of incoming demands. But

*this is much more than a time management book. It's also a manifesto for what Ryder calls "intentional living": making sure that your beliefs and actions align. Even if you already use a Bullet Journal, this book gives you new exercises to become more calm and focused, new insights on how to prioritise well, and a new awareness of the power of analogue tools in a digital world. *** This book has been printed with three different colour designs, black, Nordic blue and emerald. We are unable to accept requests for a specific cover. The different covers will be assigned to orders at random. ****
