Shake up your day with this glittery goodness of a diary, decorated with a tasty treat that looks yummy enough to eat. The milkshake decoration is filled with liquid confetti that actually moves when you shake it - a frozen kind of fun that won'tgive you brain freeze!**THE DEFINITIVE EDITION** • Discovered in the attic in which she spent the last years of her life, Anne Frank’s remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary’s first publication with a new introduction by Nobel Prize-winner Nadia Murad “The single most compelling personal account of the Holocaust . . . remains astonishing and excruciating.”–*The New York Times Book Review*
IN 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the “Secret Annex” of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

On the tenth anniversary of the date that UN peacekeepers landed in Rwanda, Random House Canada is proud to publish the unforgettable first-hand account of the genocide by the man who led the UN mission. Digging deep into shattering memories, General Dallaire has written a powerful story of betrayal, naïveté, racism and international politics. His message is simple and undeniable: “Never again.” When Lt-Gen. Roméo Dallaire received the call to serve as force commander of the UN intervention in Rwanda in 1993, he thought he was heading off on a modest and straightforward peacekeeping mission. Thirteen months later he flew home from Africa, broken, disillusioned and suicidal, having witnessed the slaughter of 800,000 Rwandans in only a hundred days. In Shake Hands with the Devil, he takes the reader with him on a return voyage into the hell of Rwanda, vividly recreating the events the international community turned its back on. This book is an unsparing eyewitness account of the failure by humanity to stop the genocide, despite timely warnings. Woven through the story of this disastrous mission is Dallaire’s own journey from confident Cold Warrior, to devastated UN commander, to retired general engaged in a painful struggle to find a measure of peace, reconciliation and hope. This book is General Dallaire’s personal account of his conversion from a man certain of his worth and secure in his assumptions to a man conscious of his own weaknesses and failures and critical of the institutions he’d relied on. It might not sit easily with standard ideas of military leadership, but understanding what happened to General Dallaire and his mission to Rwanda is crucial to understanding the moral minefields our peacekeepers are forced to negotiate when we ask them to step into the world’s dirty wars. Except for Shake Hands with the Devil My story is not a strictly military account nor a clinical, academic study of the breakdown of Rwanda. It is not a simplistic indictment of the many failures of the UN as a force for peace in the world. It is not a story of heroes and villains, although such a work could easily be written. This book is a cri de coeur for the slaughtered thousands, a tribute to the souls hacked apart by machetes because of their supposed difference from those who sought to hang on to power. . . . This book is the account of a few humans who were entrusted with the role of helping others taste the fruits of peace. Instead, we watched as the devil took control of paradise on earth and fed on the blood of the people we were supposed to protect.

The Break-Up Diaries:

Marvin's Monster Diary 2 (+ Lyssa)

A True Story of the Murder that Rocked New Orleans

This book offers a highly revealing and troubling view of today's high school students and the ways they pursue high grades and success. Denise Pope, veteran teacher and curriculum expert, follows five motivated and successful students through a school year, closely shadowing them and engaging them in lengthy reflections on their school experiences. What emerges is a double-sided picture of school success. On the one hand, these students work hard in school, participate in extracurricular activities, serve their communities, earn awards and honours, and appear to uphold school values. But on the other hand, they feel that in order to get ahead they must compromise their values and manipulate the system by scheming, lying, and cheating. In short, they do school, that is, they are not really engaged with learning nor can they commit to such values as integrity and community. The words and actions of these five students - two boys and three girls from diverse ethnic and socioeconomic backgrounds - underscore the frustrations of being caught in a grade trap that pins future success to high grades and test scores. Their stories raise critical questions that are too important for parents, educators, and community leaders to ignore. Are schools cultivating an environment that promotes intellectual curiosity, cooperation, and integrity? Or are they fostering anxiety, deception, and hostility? Do today's schools inadvertently impede the very values they claim to embrace? IS the success that current assessment practices measure the kind of success we want for our children?

A family is hunted by a centuries-old monster: a man with a relentless obsession who can take on any identity. The String Diaries opens with Hannah frantically driving through the night—her daughter asleep in the back, her husband bleeding out in the seat beside her. In the trunk of the car rests a cache of diaries dating back 200 years, tied and retied with strings through generations. The diaries carry the rules for survival that have been handed down from mother to daughter since the 19th century. But how can Hannah escape an enemy with the ability to look and sound like the people she loves? Stephen Lloyd Jones's debut novel is a sweeping thriller that extends from the present day, to Oxford in the 1970s, to Hungary at the turn of the 19th century, all tracing back to a man from an ancient royal family with a consuming passion—a boy who can change his shape, insert himself into the intimate lives of his victims, and destroy them. If Hannah fails to end the chase now, her daughter is next in line. Only Hannah can decide how much she is willing to sacrifice to finally put a centuries-old curse to rest.

Inspired by actual accounts. "The story is told through the eyes of Zizi Novak, whose testament to the pain and suffering in communism is reminiscent of the "Diary of Anna Frank" and "A Tree Grows in Brooklyn." Louis Garfinkle, the original writer of the Deer Hunter Zizi chronicles the account of a noble family whose desperate struggle for survival attests to the boundlessness of the human spirit to rise triumphantly. During the violent years of World War Two, Zizi Novak is born prematurely in the Hungarian countryside to a noble family. While the Germans attack and the Soviets terrize the countryside raping and pillaging the villages, the Novak's escape to Austria, leaving the weak baby Zizi behind in the care of Grandmother Isabella. She carries the child back home from the Hungarian/Austrian border when she stumbles upon Paul, an eight-year-old Yiddish boy buried alive on a frozen lake under his parents' dead bodies. Isabella saves the boy, and the three become a makeshift family. When the Novak's return for Zizi, the Iron Curtain traps them for the next twelve years. After the 1956 Hungarian uprising is crushed, Zizi, her two sisters, and mother make a harrowing escape into the Austrian Alps. They arrive in an Austrian refugee camp where a twist of fate brings Zizi to the attention of the distraught wife of Vienna's mayor. She resembles their deceased daughter, and the mayor's wife wants to make Zizi her own. At the mayor's home, Zizi encounters the deceased girl's spirit, and the two girls ultimately produce miraculous results. The Novak's begin anew in America. Five years later, Zizi's rise to International stardom as a highly sought-after supermodel brings her to the Cannes Film Festival, where she is introduced to an up-and-coming Hungarian film director who is none other than Paul, the boy her grandmother saved.

An extraordinary retrospective covering over thirty years of work, Shake Loose My Skin is a stunning testament to the literary, sensual, and political powers of the award-winning Sonia Sanchez.

Her characters are flawed and fully human: a soldier returning from war and avoiding his fiancée, a wealthy woman deciding whether to confront a blackmailer, an adulterous mother and her neglected children, a guilt-ridden father, a young teacher jilted by her employer. Illumined by Munro's unflinching insight, these lives draw us in with their quiet depth and surprise us with unexpected turns. And while most are set in her signature territory around Lake Huron, her characters are flawed even closer to home: an astonishing slice of four autobiographical tales offers an unprecedented glimpse into Munro's own childhood.
