#1 NEW YORK TIMES BESTSELLER “Evil is a completely different creature, Mac. Evil is bad that believes it’s good.” MacKayla Lane was just a child when she and her sister, Alina, were given up for adoption and banished from Ireland forever. Twenty years later, Alina is dead and Mac has returned to the country that expelled them to hunt her sister’s murderer. But after discovering that she descends from a bloodline both gifted and cursed, Mac is plunged into a secret history: an ancient conflict between humans and immortals who have lived concealed among us for thousands of years. What follows is a shocking chain of events with devastating consequences, and now Mac struggles to cope with grief while continuing her mission to acquire and control the Sinsar Dubh—a book of dark, forbidden magic scribed by the mythical Unseelie King, containing the power to create and destroy worlds. In an epic battle between humans and Fae, the hunter becomes the hunted when the Sinsar Dubh turns on Mac and begins mowing a deadly path through those she loves. Who can she turn to? Who can she trust? Who is the woman haunting her dreams? More important, who is Mac herself and what is the destiny she glimpses in the black and crimson designs of an ancient tarot card? From the luxury of the Lord Master’s penthouse to the sordid depths of an Unseelie nightclub, from the erotic bed of her lover to the terrifying bed of the Unseelie King, Mac’s journey will force her to face the truth of her exile, and to make a choice that will either save the world . . . or destroy it. HOW TO DATE A HUMAN: 1. Just say no. Sunny Hines is the most infuriating female I’ve ever met. Long hair, big sunny smile, cute little freckles, yoga-tight body. Delicious scent. 2. Resist the urge to claim. Walk away. My wolf wants to mark her, but there’s no way in hell I’m falling for a human. This pretty little hippie human is driving me crazy. Two years ago, I had her beneath me, howling my name, until she left. Now she’s back, but she’s not going to put me on a leash. 3. No...just no. But when I see her with another man, I can’t stop myself from Marking my territory and making it clear: Sunny is mine. Publisher's Note: Alpha's Sun is an over 50's romance featuring a dominant, protective wolf with a free-spirited human female set in the bestselling Bad Boy Alphas series. HEA guaranteed!

NEW YORK TIMES BESTSELLER • In Karen Marie Moning’s latest installment of the epic Fever series, Mac, Barrons, Ryodan, and Jada are back—and the stakes have never been higher or the chemistry hotter. Hurling us into a realm of labyrinthine intrigue and consummate seduction, Feverborn is a riveting tale of ancient evil, lust, betrayal, forgiveness, and the redemptive power of love. When the immortal Fae destroyed the ancient wall dividing the worlds of Man and Faery, the very fabric of the universe was damaged, and now Earth is vanishing bit by bit. Only the long-lost Song of Making—a haunting, dangerous melody that is the source of life itself—can save the planet. But those who seek the mythic song must contend with old wounds and new enemies, passions that burn hot and hunger for vengeance that runs deep. The challenges are many: the Keltar at war with nine immortals who’ve secretly ruled Dublin for eons, Mac and Jada hunted by the masses, the Seelie queen nowhere to be found, and the most powerful Unseelie prince in all creation determined to rule both Fae and Man. Now the task of solving the ancient riddle of the Song of Making falls to a band of deadly warriors divided among—and within—themselves. Once a normal city possessing a touch of ancient magic, Dublin is now a treacherously magical city with only a touch of normal. And on those war-torn streets, Mac will come face-to-face with her most savage enemy yet: herself. Look for all of Karen Marie Moning’s sensational Fever novels: DARKFEVER | BLOODFEVER | FAEFEVER | DREAMFEVER | SHADOWFEVER | ICED | BURNED | FEVERBORN | FEVERSONG Praise for Feverborn “Moning’s world-building is extensive and inspired, and she never fails to keep the action fast and the stakes high. . . . The heroes’ shared danger, victory, loss and turmoil translate into emotional intensity and sexual tension.”—The New York Times Book Review “Karen Marie Moning is back, burning up the pages with scorching tension, gasp-out-loud surprises, unshakable danger and unexpected feels. Feverborn is simply impossible to put down. . . . I’m not sure how Moning is able to do it after eight books, but each novel proves more exciting than its predecessor as she continues to raise the stakes in this ongoing, exhilarating saga. Feverborn is a fight between ancient magic and renewed determination, a duel between old wounds and deep-seated love. Once again, you won’t be able to put this book down.”—USA Today “Feverborn is at once the most gratifying and infuriating (in the best way possible) volume in the series yet. Moning’s proclivity for passion, emotion and shocking twists is showcased in breathtaking clarity. . . . I can damn near guarantee that fans of the series will be panting, both with heat, and a frenzied need to know what happens next.”—PopWrapped “Feverborn is a masterpiece of epic proportions. Cat shifter Bree Dwyer doesn't fear much. Ironically, what she fears most is the person who was put on the Earth just for her. Your true mate wasn't supposed to be cruel and twisted; wasn't supposed to be someone who'd never love or want to claim you. The rumors that her true mate is dead bring her only relief. Bree's intent on moving forward with her life and building a future with someone else. Sadly, the male she wants most is one she can never have--a hot-as-sin wolverine shifter who happens to be her boss ... and the cousin of her predestined mate.**Aleksandr "Alex" Devereaux** detests being bullshitted, but he's been lying to himself for years--pretending he thinks of Bree as extended family; that he doesn't want her so bad he aches with it; that he can't feel himself weakening against her pull. The night they spend together changes everything. He's done fighting himself on what he wants. Someone isn't happy about that. Possibly the same 'someone' who's playing mind games with Bree, trying to scare her. They're succeeding, because too many leads point to the possibility that the culprit could be the one person that she's determined to believe is dead.

world thrown into chaos grows more treacherous at every turn. As Mac, Barrons, Ryodan, and Jada struggle to restore control, enemies become allies, right and wrong cease to exist, and the lines between life and death, lust and love, disappear completely. Black holes loom menacingly over Dublin, threatening to destroy the earth, yet the greatest danger is the one MacKayla Lane has unleashed from within: The Sinsar Dubh—a sentient book of unthinkable evil—has possessed her body and will stop at nothing in its insatiable quest for power. The fate of Man and Fae rests on destroying the book and recovering the long-lost Song of Making, the sole magic that can repair the fragile fabric of the earth. But to achieve these aims, sidhe-seers, the Nine, Seelie, and Unseelie must form unlikely alliances and make heart-wrenching choices. For Barrons and Jada, this means finding the Seelie queen, who alone can wield the mysterious song, negotiating with a lethal Unseelie prince hell-bent on ruling the Fae courts, and figuring out how to destroy the Sinsar Dubh while keeping Mac alive. This time, there's no gain without sacrifice, no pursuit without risk, no victory without irrevocable loss. In the battle for Mac's soul, every decision exacts a tremendous price. It gets worse when someone sends a slew of monster assassins after me. Their untimely arrival is followed by three devastatingly hot Fae assholes who stalk me. Baron, the pompous and dominating Summer King, thinks I'm a dark Fae and wants my head. Then he changes his mind and declares me his fated mate. Hells-a-no. Especially now that he wants me to prove my worth. Really? Then there's Rowan, the possessive and cruel Winter King, who offers to protect me from the assassins, but only if I accept his obnoxious courtship requests. Mismatched Charlotte Perkins loves Shotgun Falls. Always has. Loves the town. Loves the people. So when shop owner Sylvia Redferne asks her to help her test a new dating app, she doesn't think twice about spearheading the operation. What Charlotte hadn't counted on? Logan Fourier. Logan's a wolf shifter that's damned good on computers. He doesn't mind doing Sylvia Redferne a favor and building a dating app. Who would, considering how much Sylvia's offering to pay him for his services. What Logan hadn't counted on? Charlotte's a spitfire with a tough shell. How's he supposed to crack that shell when she thinks he's an alphahole instead of an alpha. Things don't go so well when he decides to create a dummy account and fools her into falling for his alter ego. Things really go to hell in a handbasket when the secret he's been harboring resurfaces. Can busybody Sylvia Redferne help this couple find their way back to each other or have Logan's bullheadedness and Charlotte's defenses put up more obstacles than a witch stripped of her powers can handle? Misguided One of Charlotte Perkins' besties has told Charlotte not to include her in the dating app that Logan Fourier created. The same app that more or less gave Charlotte and Logan their HEA. Why not? Why wouldn't Charlotte want her own happily ever after with a hunky shifter? Well, for starters, Charlotte hasn't told any of her besties that the guys on the dating app, the guys from Shotgun Falls aren't regular guys. How's Charlotte supposed to even bring that up? Of course that's not what concerns Hope Lawrence. She has no online presence. She can't afford to. She's a girl on the run from her mafia father's cronies. Once, long ago, Hope Delmonico-not Lawrence-was the apple of her daddy's eye. She found a secret place to hide in his study. He never knew that Hope was busy pretending to be a spy. No one did. The men who snuck in and killed her father's right hand man certainly had no idea. Her father standing aside and watching Uncle Vito bleeding out on his floor certainly didn't know. Hope's belief in goodness was shattered that day. She never told anyone. Until she did. And that was the wrong man. Her former boyfriend-former because he betrayed her and told his father-more or less set the mafia after her. And her own father, well, she doesn't know if she can trust him or not, so Hope did what any mafia princess would do. She took the money and ran. And hid. Until now. Mistaken Micah's a shifter. More like a shifter with a problem. There's a curse on a rival pack of wolf shifters. Shouldn't be his problem should it? Or so he thought. Well, he was quite mistaken. Sometimes, what affects one can affect all. Esme Redferne's a witch. A witch with a grudge. In her attempt to seek vengeance-no, justice-she's found herself at the mercy of a ruthless wolfpack with a fierce leader who has a grudge. Micah is unsure of his reaction around Esme. He should've dragged her out of her cabin and turned her in he didn't. Why the heck not? He questions his own motives. Questions his emotions. He's giving her a chance. He's wondering why she'd cast a curse that'll only end up with all the witches probably getting hurt from the fallout. He tries to tell himself it's not his problem. Except, now it seems it is. Misjudged Someone's killing shifters. Who? Why? Wolf shifter Nico's hellbent on finding out who is slaughtering and dismembering shifters. If only he could escape the guilt he feels. He's unforgivable. How can he expect to be forgiven when he can't even forgive himself. Megan works at a wolf sanctuary. Wolves. Plain ol' everyday wolves. What happens when she hits a wolf with her vehicle? What about when she discovers the injured wolf is actually a wolf shifter? Shift happens. That's what. Mischief Drake's returned to his home in Pine Cove. He's back but his heart is heavy. There are too many memories here, and some of them are

heartbreaking. He bucks up and decides he's got to do what's right, even if it's hard as hell. Audra doesn't need saving. At least, she doesn't think she does. But she is running. She's on the run and hiding and luckily, Sylvia Redferne has a solution. A job tending bar in Pine Cove. There's something about this town, though. Pine Cove's citizens are she can't put her finger on it, but she won't stop being inquisitive about the matter. Things go a little off course for both Audra and Drake when they meet and sparks fly. Good sparks. Until a figure from her past shows up. How will Drake and his wolf handle this? Misbehave Xavier, part of Drake's old team has a condition. One set of inoculations for overseas missions has left his wolf ferocious and has made Xavier prone to random rages that result in unpredictable and unplanned shifting. He doesn't trust himself around anyone and isn't too happy that Drake has asked him to serve as a bodyguard to a fiery daughter of a millionaire. Olivia has no clue that her best friends have all become the mates of shifters. Nope, she lives in a blissful ignorance. Well, until her father's murder. And then there are attempts made on her own life. When her friend's fiancé offers her a bodyguard, she reluctantly agrees. Who knew bodyguards could be so sexy. And fanged. With fur. Oh, boy. Someone's bitten off more than they could chew.

He must find the heart of his dragon treasure. She will be the treasure of his dragon heart. The Nox Incendi dragons are dying. In a mysterious faux castle on the outskirts of Las Vegas, Rave Dorado has been struggling for centuries to find a cure for the creeping cold that is slowly turning his dragonkin to stone. Until his fiery gaze falls on a curvy, plucky female whose purity of spirit lights a flame in his icy soul. Piper Ramirez knew a girl's night out with her two best friends at the world's most exclusive casino would be beyond belief but she had no idea just how far. Inexplicably drawn to the dark and sexy Rave, she'll roll the dice and take a chance giving him her body, though he is too much of an enigma to truly trust. But the Nox Incendi shifters aren't the only one with secrets in Sin City. Piper will have to open her eyes to a strange new world and Rave will have to open his heart if they want to survive the dragon fever.
