"Provides information and step-by-step drawing instructions for 30 air and space craft"--Provided by publisher.

If you have been looking for a book that will help you learn how to draw color then you have found the right book. This book is amazing for kids and adults. It is the best way to have fun together and at the same time to learn about the easier ways to draw. Is it hard for you to get your child's attention to draw and color? Have you tried everything? Have you bought even expensive sets and still nothing? It is not about the type of colors and pencils he will use. It is about the simplicity of the lesson. It needs to be fun and at the same time easy to follow. That is why the drawings in this book are accepted and loved by many children in the world. Actually, adults love them too. Every single step is shown for each drawing, even for the smallest one. But also many drawing use just simple shapes that when put together make wonderful art. Art skills are important for every child. It helps in shaping his
