Beginning JavaScript Charts shows how to convert your data into eye-catching, innovative, animated, and highly interactive browser-based charts. This book is suitable for developers of all experience levels and needs: for those who love fast and effective solutions, you can use the jqPlot library to generate charts with amazing effects and animations using only a few lines of code; if you want more power and need to create data visualization beyond traditional charts, then D3 is the JavaScript library for you; finally, if you need a high-performance, professional solution for interactive charts, then the Highcharts library is also covered. If you are an experienced developer and want to take things further, then Beginning JavaScript Charts also shows you how to develop your own graphics library starting from scratch using jQuery. At the end of the book, you will have a good knowledge of all the elements needed to manage data from every possible source, from high-end scientific instruments to Arduino boards, from PHP SQL databases queries to simple HTML tables, and from Matlab calculations to reports in Excel. You will be able to provide cutting-edge charts exploiting the growing power of modern browsers. Create all kinds of charts using the latest technologies available on browsers (HTML5, CSS3, jQuery, jqPlot, D3,

We live in a world where everyone has a difficult time admitting weakness, failure, and especially brokenness. The process of being “broken” does not mean that we are somehow separated from God- in fact, it is the opposite! It is in our brokenness that we are drawn to God, and to each other. This book will challenge you in your thinking about who we need to be individually, in our families, and as a church, especially in the culture we are currently living in. God has asked us to share our brokenness with each other, so that all our broken pieces together create a beautiful mosaic. In this process, we create a new paradigm that can change the world and move to a place of acceptance for all broken people- as broken people ourselves.

We must begin now, with small steps, today, to recognize and become all that we are meant to be: Powerfully imaginative, multidimensional beings walking on the earth with compassion, joy, and an open-armed inspiration to share with the world. We are the material of a metamorphosis. We are love, and we are whole beings. Two things are missing: One is recognition of our resourcefulness.

The other is deliberate choice. CAN YOU IMAGINE what you would create? Love? Health? Time? Community? Joy? You hold the keys. Open: start your future here. Use the tools in this book to: Develop your unique expression Realize your joy is what we all need Engage your imagination's limitless world Attract abundance through deliberate optimism Manifest your vision for a positive future "The most radical activism is to re-invent our lives. S.B.Stinnett is a kind of docent of the metaphysical, leading us toward a refreshingly illuminating vision of how our lives might be changed. In a culture starved of practical spiritual approaches, this book arrives in the nick of time. "Relax into it, and your imagination will join you fully." -Molly Albracht, California Poets in the Schools Stinnett tilts & bumps the model as we now know it. Speaking directly to the hidden optimist in us, she provocatively points us to our own true north, guiding us through the daily debris to the enchanting, connected destiny we all share. -Susan B. Gross, Author-Illustrator In the thick of it - instead of just being there! Opening a Grand Hotel is more enthralling than many action movies. This is especially true when a team of dedicated hoteliers pursue the goal of guiding the time-honored tradition of the luxury hospitality industry into a new era. Kameha Grand Zurich plays with clichés and also breaks with one or another taboo in the branch. Here hassle is preprogrammed - just as experiences that the guest will not have in any other house in the world. For a Grand Hotel is being opened here that is ultimately unique in its own right. Carsten and Susanne Rath have opened dozens of hotels on four continents. They provide information which we as guests are not privy to even off the record: Are we allowed to check in in flip-flops? How far does freedom actually go in a Grand Hotel? How come that guests in some hotels feel out of place? What trends have a future in the Grand Hotel

This may be the single most important book you ever buy during your medical training. Rotations come and go, exams come and go, but regardless of specialty, patient-care will be at the heart of your practice. It is no exaggeration to say that motivational interviewing (MI) has transformed the way doctors engage with patients, families, and colleagues alike. MI is among the most powerful tools available to promote behavior change in patients. In an age of chronic diseases (diabetes, hypertension, heart disease, obesity), behavior change is no longer limited to substance use or the field of psychiatry - maladaptive choices and behaviors that negatively impact health outcomes are rampant. There is an explosion of research projects using MI or adaptations of MI in the behavioral health medicine field in the past decade.

Hospitalizations can't make people change. How marvelous is it that an evidence-based health behavior change approach (MI) can help people change the outcomes of their illnesses and the course of their lives. This therapeutic approach is not a form of psychotherapy and is not the stuff of cobwebs and old leather couches. MI is readily integrated into regular ward rounds and office visits and provides an effective and efficient approach to patients clinical encounters. Written by experts in the field and medical trainees across medicine, this is the first MI guide of its kind. It explores how MI enhances contact with patients from every level of training, following an accessible, succinct approach. This book covers the application of MI method and skills into practice and also includes numerous clinical scenarios, personal reflections and online animated clinical vignettes (video clips) that share the challenges and successes the authors have focused. Furthermore this book is endorsed by the pioneers of MI: William R. Miller & Stephen Rollnick.

What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an,

and all the sacred stories from traditions around the world, have in common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. **THE DOOR IS OPEN** uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your

More than 900,000 teenage girls face pregnancies each year. Almost all of these pregnancies are unplanned, leaving teen moms and dads unprepared for the emotional, physical, and psychological journey ahead of them. What most parents find as a memorable and positive change in their lives, teens and their families often see as catastrophic and devastating. In *Pregnancy and Parenting: The Ultimate Teen Guide*, Jessica Akin guides teens through the unique issues and struggles of a life-changing event that can be overwhelming even for a fully mature adult. Once a teen decides what course to take—between parenting, adoption, or abortion—she must deal with the consequences of her decision, often alone, but sometimes with the father-to-be and other family members. Topics covered in this book include breaking the news choosing the next step dealing with judgments and criticism coping with loss co-parenting
