Get off the guilt train, because I know if there was any chance you could have saved me, you would have. I need one thing from you: get out of the army and get to Telluride. My little sister Ella’s raising the twins alone. She’s too independent and won’t accept help easily, but she has lost our grandmother, our parents, and now me. It’s too much for anyone to endure. It’s not fair. And here’s the kicker: there’s something else you don’t know that’s tearing her family apart. She’s going to need help. So if I’m gone, that means I can’t be there for Ella. I can’t help them through this. But you can. So I’m begging you, as my best friend, go take care of my sister, my family. Please don’t make her go through it alone. Ryan

**A NEW YORK TIMES NOTABLE BOOK OF THE YEAR • NEW YORK TIMES BEST SELLER •** From the indie rockstar of Japanese Breakfast fame, one of TIME's Most Influential People of 2022, and author of the viral 2018 New Yorker essay that shares the title of this book, an unflinching, powerful memoir about growing up Korean American, losing her mother, and forging her own identity. In this exquisite story of family, food, grief, and endurance, Michelle Zauner proves herself far more than a dazzling singer, songwriter, and guitarist. With humor and heart, she tells of growing up one of the few Asian American kids at her school in Eugene, Oregon; of struggling with her mother's particular, high expectations of her; of a painful adolescence; of treasured months spent in her grandmother's tiny apartment in Seoul, where she and her mother would bond, late at night, over heaping plates of food. As she grew up, moving to the East Coast for college, finding work in the restaurant industry, and performing gigs with her fledgling band--and meeting the man who would become her husband--her Koreanness began to feel ever more distant, even as she found the life she wanted to live. It was her mother's diagnosis of terminal cancer, when Michelle was twenty-five, that forced a reckoning with her identity and brought her to reclaim the gifts of taste, language, and history her mother had given her. Vivacious and plainspoken, lyrical and honest, Zauner's voice is as radiantly alive on the page as it is onstage. Rich with intimate anecdotes that will resonate widely, and complete with family photos, *Crying in H Mart* is a book to cherish, share, and reread.

It was a simple incident in the life of James Clavell—a talk with his young daughter just home from school—that inspired this chilling tale of what could happen in twenty-five quietly devastating minutes. He writes, "The Children's Story came into being that day. It was then that I really realized how vulnerable my child's mind was —any mind, for that matter—under controlled circumstances. Normally I write and rewrite and re-rewrite, but this story came quickly—almost by itself. Barely three words were changed. It pleases me greatly because I kept asking the questions... Questions like, What's the use of 'I pledge allegiance' without understanding? Like Why is it so easy to divert thoughts? Like What is freedom? and Why is so hard to explain? The Children's Story keeps asking me all sorts of questions I cannot answer. Perhaps you can—then your child will...."

The Goodbye Book

Crying in H Mart

Meeting Grief and Loss in a Culture That Doesn't Understand

Written after his wife's tragic death as a way of surviving the "mad midnight moment," *A Grief Observed* is C.S. Lewis's honest reflection on the fundamental issues of life, death, and faith in the midst of loss. This work contains his concise, genuine reflections on that period:

"Nothing will shake a man -- or at any rate a man like me -- out of his merely verbal thinking and his merely notional beliefs. He has to be knocked silly before he comes to his senses. Only torture will bring out the truth. Only under torture does he discover it himself." This is a beautiful and unflinchingly honest record of how even a stalwart believer can lose all sense of meaning in the universe, and how he can gradually regain his bearings.

Challenging conventional wisdom on grief, a pioneering therapist offers a new resource for those experiencing loss. When a painful loss or life-shattering event upends your world, here is the first thing to know: there is nothing wrong with grief. "Grief is simply love in its most wild and painful form," says Megan Devine. "It is a natural and sane response to loss." So, why does our culture treat grief like a disease to be cured as quickly as possible? In *It's OK That You're Not OK*, Megan Devine offers a profound new approach to both the experience of grief and the way we try to help others who have endured tragedy. Having experienced grief from both sides—as both a therapist and as a woman who witnessed the accidental drowning of her beloved partner—Megan writes with deep insight about the unspoken truths of loss, love, and healing. She debunks the culturally prescribed goal of returning to a normal, "happy" life, replacing it with a far healthier middle path, one that invites us to build a life alongside grief rather than seeking to overcome it. In this compelling and heartfelt book, you'll learn:

- Why well-meaning advice, therapy, and spiritual wisdom so often end up making it harder for people in grief
- How challenging the myths of grief—doing away with stages, timetables, and unrealistic ideals about how grief should unfold—allows us to accept grief as a mystery to be honored instead of a problem to solve
- Practical guidance for managing stress, improving sleep, and decreasing anxiety without trying to "fix" your pain
- How to help the people you love—with essays to teach us the best skills, checklists, and suggestions for supporting and comforting others through the grieving process

Many people who have suffered a loss feel judged, dismissed, and misunderstood by a culture that wants to "solve" grief. Megan writes, "Grief no more needs a solution than love needs a solution." Through stories, research, life tips, and creative and mindfulness-based practices, she offers a unique guide through an experience we all must face—in our personal lives, in the lives of those we love, and in the wider world. *It's OK That You're Not OK* is a book for grieving people, those who love them, and all those seeking to love themselves—and each other—better.

After Sherman sees something terrible happen, he becomes anxious and then angry, so a counselor helps him talk about these emotions. From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. *To the Green-eyed Lovebird*: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later—the night before New Year's Eve—the Dunnes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This powerful book is Didion's attempt to make sense of the "weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself.*

#1 NEW YORK TIMES BESTSELLER #1 INTERNATIONAL BESTSELLER A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called "calorie restriction," eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, "Your eyelashes are invisible, okay? You think Dakota Fanning doesn't tint hers?" She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In I'm Glad My Mom Died, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called iCarly, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi ("Hi Gale!"), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the iCarly spinoff Sam & Cat alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, I'm Glad My Mom Died is an inspiring story of resilience, independence, and the joy of shampooing your own hair.

It is a powerfully layered novel that poses the questions: Who owns the truth? Who speaks it? Who believes it? "A patchwork story is the shame of the refugee," Nayeri writes early in the novel. In an Oklahoman middle school, Khosrou (whom everyone calls Daniel) stands in front of a skeptical audience of classmates, telling the tales of his family's history, stretching back years, decades, and centuries. At the core is Daniel's story of how they became refugees—starting with his mother's vocal embrace of Christianity in a country that made such a thing a capital offense, and continuing through their midnight flight from the secret police, bribing their way onto a plane-to-anywhere. Anywhere becomes the sad, cement refugee camps of Italy, and then finally asylum in the U.S. Implementing a distinct literary style and challenging western narrative structures, Nayeri deftly weaves through stories of the long and beautiful history of his family in Iran, adding a richness of ancient tales and Persian folklore. Like Scheherazade of One Thousand and One Nights in a hostile classroom, Daniel spins a tale to save his own life: to stake his claim to the truth. EVERYTHING SAD IS UNTRUE (a true story) is a tale of heartbreak and resilience and urges readers to speak their truth and be heard.

We all have 'sad stuff' to deal with in life. What makes Michael Rosen most sad is thinking about his son, Eddie, who died. In this book he writes about his sadness, how it affects him, and some of the things he does to try to cope with it.

"Carmen's family receives support from their community after her father, an undocumented immigrant from Mexico, has been detained"--

"Jenny made me laugh so hard I feared for my safety! I think that's how she was able to get past my defenses and make me feel more okay about myself." -Allie Brosh, author of *Hyperbole and a Half* For fans of David Sedaris, Tina Fey, and Mindy Kaling-the new book from Jenny Lawson, author of the #1 New York Times bestseller *LET'S PRETEND THIS NEVER HAPPENED...* In *LET'S PRETEND THIS NEVER HAPPENED*, Jenny Lawson baffled readers with stories about growing up the daughter of a taxidermist. In her new book, *FURIOUSLY HAPPY*, Jenny explores her lifelong battle with mental illness. A hysterical, ridiculous book about crippling depression and anxiety? That sounds like a terrible idea. And terrible ideas are what Jenny does best. According to Jenny: "Some people might think that being 'furiously happy' is just an excuse to be stupid and irresponsible and invite a herd of kangaroos over to your house without telling your husband first because you suspect he would say no since he's never particularly liked kangaroos. And that would be ridiculous because no one would invite a herd of kangaroos into their house. Two is the limit. I speak from personal experience. My husband says that none is the new limit. I say he should have been clearer about that before I rented all those kangaroos." "Most of my favorite people are dangerously fucked-up but you'd never guess because we've learned to bare it so honestly that it becomes the new normal. Like John Hughes wrote in *The Breakfast Club*, 'We're all pretty bizarre. Some of us are just better at hiding it.' Except go back and cross out the word 'hiding.'" Jenny's first book, *LET'S PRETEND THIS NEVER HAPPENED*, was ostensibly about family, but deep down it was about celebrating your own weirdness. *FURIOUSLY HAPPY* is a book about mental illness, but under the surface it's about embracing joy in fantastic and outrageous ways-and who doesn't need a bit more of that? After discussing the police shooting of a local Black man with their families, Emma and Josh know how to treat a new student who looks and speaks differently than his classmates.

For readers of *Behind the Beautiful Forevers* and *Nothing to Envy*, this is a breathtaking real-life story of four street children in contemporary Zambia whose lives are drawn together and forever altered by the mysterious murder of a fellow street child. Based on years of investigative reporting and unprecedented fieldwork, *Walking the Bowl* immerses readers in the daily lives of four unforgettable characters: Lusabilo, a determined waste picker; Kapula, a burned-out brothel worker; Moonga, a former rock crusher turned beggar; and Timo, an ambitious gang leader. These children navigate the violent and poverty-stricken underworld of Lusaka, one of Africa's fastest growing cities. When the dead body of a ten-year-old boy is discovered under a heap of garbage in Lusaka's largest landfill, a murder investigation quickly heats up due to the influence of the victim's mother and her far-reaching political connections. The children's lives become more closely intertwined as each child engages in a desperate bid for survival against forces they could never have imagined. Gripping and fast-paced, the book exposes the perilous aspects of street life through the eyes of the children who survive, endure and dream there, and what emerges is an ultimately hopeful story about human kindness and how one small good deed, passed on to others, can make a difference in the face of seemingly insurmountable odds. *Take Control of OCD: The Ultimate Guide for Kids With OCD* is a unique guide just for kids ages 10-16 with Obsessive-Compulsive Disorder to help them take control of their disorder and find success in school and in life. Using a cognitive-behavioral therapy method to stress gradual exposure to students' obsessive thinking patterns, the book takes kids step-by-step through a ladder-based process to conquer their fears and demolish their worries. Focusing on helping kids change their obsessive thoughts, tolerate uncertainty, develop positive self-talk and stress management, advocate for their needs in school, find successful relaxation procedures, and face their fears, the book includes workbook-style pages for kids to complete.
