

Tax Savvy For Small Business: A Complete Tax Strategy Guide

Now more than ever, small business owners need to understand tax rules to take advantage of the many tax benefits available to them, from deductions to tax credits to retirement plans. This book teaches business owners what they need to know to make the best tax-related decisions in all aspects of their business. It is completely updated to cover new changes to the tax laws under post-COVID tax relief legislation.

If you're a business owner wanting to learn more about taxes without going through boring textbooks, then keep reading... Benjamin Franklin once said that "in life, only two things are certain: death and taxes." He wasn't exaggerating about the latter. And because you must deal with taxes for as long as you live and earn money, you must get it right every time. Unlike any other infractions or violations, tax-related offenses have major repercussions. At a minimum, you will pay fines and expenses. But if your tax violations are serious, you may end up in jail. Think about this: the infamous mafia gangster boss Al Capone was indicted and sent to prison not because of his violent crimes, but because of tax violations. Hence, you must take your taxes very seriously. So, what does it take to manage your taxes successfully and avoid the massive inconveniences associated with being flagged by the Internal Revenue Service for tax violations? There are so many answers to this question, but they can be summed up in one term: tax accounting. And that is what this book is all about. Written with non-accountant entrepreneurs in mind, this book can help you learn important tax accounting principles for ensuring optimal tax management in your business. These include: What tax accounting is. Important tax accounting guidelines. The difference between accounting and bookkeeping. How to claim tax deductions legally. How to choose the right business entity. How to manage payroll tax. Discover if you need an S corporation or a C corporation. And much, much more! By the time you're finished with this book, you'll be armed with sufficient knowledge to ensure proper management of your businesses' income taxes. And while you can never avoid taxes, what you'll learn here can make you and the IRS the best of friends. So, grab your copy of this book now and start your journey towards optimal tax management for your small business.

Millions of Americans own their own businesses, and millions more dream of doing the same. But starting your own business is a pretty complicated matter, especially with all the legal issues and paperwork. This updated edition of the top-selling small business resource is chock-full of information, resources, and helpful hints on making the transition from a great idea to a great business. If you've got a great idea for your own business, you need the kind of straightforward advice you'll find here — the kind of advice you'd normally only get from business schools and MBA courses. Small Business Kit For Dummies, Second Edition covers all the basics on: Recent tax law changes Balancing your finances Hiring and keeping employees Effective management strategies Accounting fundamentals In addition to the basics of business, you'll also find top-class advice on more advanced business basics, like business plans, the ins and outs of contracts, and using the Internet to expand your business. For entrepreneurs large and small, this comprehensive resource offers authoritative guidance on all your biggest business concerns, and offers unbeatable advice on such topics as: Choosing your business structure — from LLCs to S corps How to develop and write a standard business proposal Going public, issuing stock, and keeping a stock ledger Raising capital and understanding securities laws Bookkeeping standard practices Tax basics for small businesses Handling the paperwork for new hires Designing employee compensation plans Working with independent contractors and consultants Patent and copyright protections Dealing with the Press In addition, the book includes a CD-ROM full of helpful resources — forms, contracts, and even sample versions of the most popular software for small businesses. With Small Business Kit For Dummies you'll find all the tools you need to get your small business up and running — and keep it running for years and years to come.

"Create a business tax strategy that will save you time, energy, and money. Getting your tax matters on track will free up your time to do what really counts: run a profitable business. Tax Savvy for Small Business shows you how to: deduct operating expenses, deduct travel, vehicle, and meal expenses, take advantage of tax credits, write off long-term assets, compare business structures, keep solid business records, and handle an IRS audit. This completely updated edition of Tax Savvy for Small Business covers new tax rules under the Coronavirus Aid, Relief, and Economic Security Act (CARES Act) and how those rules affect small business owners"--Page 4 of cover.

Tax Strategies for the Small Business Owner

Small Business Kit For Dummies

A tax expert explains the audit process, the different types of audits, and how to appeal an audit, and includes profiles of the people most likely to be audited by the IRS.

Tax Strategies for the Small Business Owner: Reduce Your Taxes and Fatten Your Profits will help the small business owner increase profits while feeling more comfortable dealing with taxes. It begins by looking at the often overlooked critical decision small business owners face when they start a business: the choice of business entity. The book then examines all the deductions that a business owner can take legally to reduce taxes. It also provides advice business owners need to make good tax-related decisions: Should I lease or buy? Should I hire an employee or outsource the task? How much will buying a building reduce my taxes and for how long? Many people freeze up when they are forced to prepare or even think about taxes. Some receive a notice from the IRS and put it aside: They're too scared to open it! Yet taxes for the most part follow common sense rules. You just need to know what they are and how they affect your decisions. In this book, readers will learn about the different business entities, the different taxes you must deal with (primarily income taxes), documentation procedures, how to work with a tax professional, how to handle an audit, and, in general, how to use the U.S. Tax Code to your advantage. Among other things, readers learn to take full advantage of tax benefits and avoid potholes hidden in things like: Startup and ongoing expenses Cost of goods sold Depreciation Payroll Retirement plans In short, Tax Strategies for the Small Business Owner will not only help you relax when you deal with your taxes—it'll show you how to use tax law to your financial benefit.

This book teaches business owners what they need to know about taxes for their small business and how to make the best tax-related decisions in all aspects of their business. It is completely updated to cover the new tax law effective in 2018. has information on all aspects of taxes for a small business owner, from how to choose the best business entity to tax deductions, recordkeeping, business losses, payroll taxes, fringe benefits, retirement plans, and much more. It provides valuable tax-related strategies and information to help small business owners save money and run their business without running into trouble with the IRS.

For Preparing Your 2021 Tax Return

The Tax and Legal Playbook

For Preparing Your 2020 Tax Return

The Tax Rules Have Changed. Your Business Should, Too. The Tax Cut and Jobs Act of 2017 marks the biggest tax reform in more than 30 years. The changes to the tax code are complex (especially for the small-business owner), but you don't have to go it alone. CPA and Attorney Mark J. Kohler delivers a comprehensive analysis of the new tax and legal structure you desperately need to help make the new tax law work for you. In this revised edition of The Tax and Legal Playbook, Kohler reveals clear-cut truths about tax and legal planning and delivers a practical, play-by-play guide that helps you build wealth, save on taxes, and protect your assets. Using real-world case studies, tax-savvy tips, game plans, and discussion points, Kohler coaches you through the complexities of the tax game of the small-business owner. You'll also learn how to: Examine your business needs and pick the right business entity for you Build your personal and corporate credit in eight steps Implement affordable asset protection strategies Take advantage of underutilized business tax deductions Pick the right health-care, retirement, and estate plans Bring on partners and investors the right way Plan for your future with self-directed retirement funds Reading from cover to cover or refer to each chapter as needed, you will come away wiser and better equipped to make the best decisions for your business, your family, and yourself.

Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and managing change. Introduction to Business includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.

Create a business tax strategy that will save you time, energy and money Getting your tax matters on track will free up your time to do what really counts: run a profitable business. Tax Savvy for Small Business shows you how to: deduct operating expenses deduct travel, vehicle and entertainment expenses take advantage of tax credits write off long-term assets compare business structures keep solid business records, and handle an IRS audit. This completely updated edition of Tax Savvy for Small Business explains the latest tax breaks and IRS rules and forms. Includes the top business deductions—the best ones to take and how to claim them. All the information in the book remains up-to-date for the 2017 tax year. The changes brought about by the Tax Cuts and Jobs Act all take effect in 2018, except for an increase in bonus depreciation which took effect September 27, 2017. Anyone who purchases the book has access to an update page on the Nolo website specific to this book which explains the 2017 bonus depreciation change and summarizes how the new tax law affects small business owners' taxes for 2018 and later. A new edition of the book, completely updated for the new tax law, will be published August 1, 2018.

Offers a tax strategy for small businesses to properly deduct expenses, capitalize on long-term assets, and claim all available credit; and also discusses comparable business structures, strategies for record keeping, what to do when facing an audit, IRS penalties, retirement funds, and more.
