A disparate group of human protagonists from Dark Horse's past thirty years of Predator are set on a collision course with their most hated enemy--rendered in frenetic, violent detail by artist Francisco Ruiz Velasco! Since time immemorial, the aliens known as Predators have come to Earth to hunt us. Now a group of survivors of those visits have begun a hunt of their own. This is the year that humanity turns the tables on the Predators! When Enoch Nakai is recruited by a privately funded group of former soldiers, drug runners, and FBI agents to investigate the killers from beyond the stars, he sees it as a chance to strike back at the creatures who derailed his life. But the team's destination--a South Pacific island paradise--hides a terror no one expects!

Challenges the conventional wisdom that violent horror films can only degrade women and incite violence.

**BDSM fantasy comix. Celine is a horny young woman who's looking for a real man... and finds one, a Master who turns her into a full time slave. He binds her, torments her, and uses her... and she discovers that she loves it. He sends her to a special "beauty salon" for a kinky makeover. Then he rents her out to swinging couples and sends her to a sex shop to trade her services for kinky toys. Finally, he sells her to a depraved couple (whose twisted tastes we'll probably see in her next adventure). These are sexy comix from Europe, explicitly rendered, leaving nothing to the imagination.**

**Women in Frankish Society is a careful and thorough study of women and their roles in the Merovingian and Carolingian periods of the Middle Ages. During the 5th through 9th centuries, Frankish society transformed from a relatively primitive tribal structure to a more complex hierarchical organization. Suzanne Fonay Wemple sets out to understand the forces at work in expanding and limiting women's sphere of activity and influence during this time. Her goal is to explain the gap between the ideals and laws on one hand and the social reality on the other. What effect did the administrative structures and social stratification in Merovingian society have on equality between the sexes? Did the emergence of the nuclear family and enforcement of monogamy in the Carolingian era enhance or erode the power and status of women? Wemple examines a wealth of primary sources, such deeds, testaments, formulae, genealogy,**

**ecclesiastical and secular court records, letters, treatises, and poems in order to reveal the enduring German, Roman, and Christian cultural legacies in the Carolingian Empire. She attends to women in secular life and matters of law, economy, marriage, and inheritance, as well as chronicling the changes to women's experiences in religious life, from the waning influence of women in the Frankish church to the rise of female asceticism and monasticism.**

*An all-new ongoing series from fan-favorite writer SAM HUMPHRIES (Harley Quinn, Nightwing) and red-hot artist JEN BARTEL! In this neo-noir fantasy, Nina Rodriguez is positive that a secret magic world ruled by ruthless cabals is hiding just beneath the veneer of Los Angeles. The problem: everyone thinks she's crazy. The bigger problem: she's not crazy she's right. Can she unravel the mystery before the Great Beast catches up with her?*

*This book reveals the true identity of Arthur, and locates his courts and long-forgotten battle sites such as Badon and Camlan. It also uncovers the secret of the mysterious Isle of Avalon and Arthur's resting place in a Breton church. The authors present a convincing and conclusive answer to the puzzle of King Arthur. Glossary of terms in Welsh and English. Bibliography. Index. 78 illustrations.*

*Renowned in her day for her scholarship and eloquence, Isotta Nogarola (1418-66) remained one of the most famous women of the Italian Renaissance for centuries after her death. And because she was one of the first women to carve out a place for herself in the male-dominated republic of letters, Nogarola served as a crucial role model for generations of aspiring female artists and writers. This volume presents English translations of all of Nogarola's extant works and highlights just how daring and original her convictions were. In her letters and orations, Nogarola elegantly synthesized Greco-Roman thought with biblical teachings. And striding across the stage in public, she lectured the Veronese citizenry on everything from history and religion to politics and morality. But the most influential of Nogarola's works was a performance piece, Dialogue on Adam and Eve, in which she discussed the relative sinfulness of Adam and Eve—thereby opening up a centuries-long debate in Europe on gender and the nature of woman and establishing herself as an important figure in Western intellectual history. This book will be a must read for teachers and students of Women's Studies as well as of Renaissance literature and history.*

**This long-awaited and masterfully edited volume contains nearly all of the writings of Queen Elizabeth I: the clumsy letters of childhood, the early speeches of a fledgling queen, and the prayers and poetry of the monarch's later years. The first collection of its kind, Elizabeth I reveals brilliance on two counts: that of the Queen, a dazzling writer and a leading intellect of the English Renaissance, and that of the editors, whose copious annotations make the book not only essential to scholars but accessible to general readers as well. "This collection shines a light onto the character and experience of one of the most interesting of monarchs. . . . We are likely never to get a closer or clearer look at her. An intriguing and intense portrait of a woman who figures so importantly in the birth of our modern world."—Publishers Weekly "An admirable scholarly edition of the queen's literary output. . . . This anthology will excite scholars of Elizabethan history, but there is something here for all of us who revel in the English language."—John Cooper, Washington Times "Substantial, scholarly, but accessible. . . . An invaluable work of reference."—Patrick Collinson, London Review of Books "In a single extraordinary volume . . . Marcus and her coeditors have collected the Virgin Queen's letters, speeches, poems and prayers. . . . An impressive, heavily footnoted volume."—Library Journal "This excellent anthology of [Elizabeth's] speeches, poems, prayers and letters demonstrates her virtuosity and afford the reader a penetrating insight into her 'wiles and understandings.'"—Anne Somerset, New Statesman "Here then is the only trustworthy collection of the various genres of Elizabeth's writings. . . . A fine edition which will be indispensable to all those interested in Elizabeth I and her reign."—Susan Doran, History "In the torrent of words about her, the queen's own words have been hard to find. . . . [This] volume is a major scholarly achievement that makes Elizabeth's mind much more accessible than before. . . . A veritable feast of material in different genres."—David Norbrook, The New Republic**

**This handsomely illustrated book suggests new ways of understanding a cultural institution central to the spiritual and artistic imagination of the Middle Ages. Bringing together fourteen essays by contributors representing a number of disciplines, it illuminates issues including the place of sanctity in society, the role of gender in the representation of sainthood, and the use of hagiographic conventions in other genres. A group of FBI Agents and Eddie Brock/Toxin lure Carnage to an abandoned mine to try to trap him. Things quickly go wrong, and the agents end up trapped with Carnage in the mine. What's worse, their control over Toxin is set to a ticking clock, and time's almost up. COLLECTING: Carnage (2015) #1-5, All-New, All-Different Point One #1 (Carnage story).**

Examining the cultural history of Renaissance Naples with an emphasis on humanism, the author also evaluates Naples in the broader context of fifteenth-century Italy and Renaissance Europe in general. He addresses several prominent themes of Renaissance history: patron-client relationships, the development of a realistic, Machiavellian approach to matters of statecraft and diplomacy, and the influence of Neapolitan humanists on European culture in general. Originally published in 1987. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

In this new collection of her provocative essays on Third World art and culture, Trinh Minh-ha offers new challenges to Western regimes of knowledge. Bringing to her subjects an acute sense of the many meanings of the marginal, she examines topics such as Asian and African texts, the theories of Barthes, questions of spectatorship, the enigmas of art, and the perils of anthropology. When the Moon Waxes Red is an extended argument against reductive analyses, even those that appear politically adroit. The multiply-hyphenated peoples of color are not simply placed in a duality between two cultural heritages; throughout, Trinh describes the predicament of having to live "a difference that has no name and too many names already." She argues for multicultural revision of knowledge so that a new politics can transform reality rather than merely ideologize it. By rewriting the always emerging, already distorted place of struggle, such work seeks to "beat the master at his own game."

Living in a house filled with grown-up ghouls and monsters, Little Vampire is so lonely that he's even willing to go to school if that's what it takes to find friends. Unfortunately, school seems to be filled with children who are still alive. . . . Little Vampire finds friendship with a boy named Michael, and they embark on adventures in the three stories in this collection. Included in this book are Little Vampire Goes to School (a New York Times Bestseller), Little Vampire Does Kung Fu, and Little Vampire and the Society of Canine Defenders (now published in the United States for the first time). Insightful and inventive, Joann Sfar brings Little Vampire and Michael's fantastical world to young readers in stories that both feed the imagination and resonate with emotional truth.

After a disastrous defeat at the 2018 World Cup, Japan's team struggles to regroup. But what's missing? An absolute Ace Striker, who can guide them to the win. The Football Association is hell-bent on creating a striker who hungers for goals and thirsts for victory, and who can be the decisive instrument in turning around a losing match...and to do so, they've gathered 300 of Japan's best and brightest youth players. Who will emerge to lead the team...and will they be able to out-muscle and out-ego everyone who stands in their way? In the second selection's "rival battles," where the winners are able to take one of the losers from their team, Isagi and Nagi have just lost Bachira to Rin Itoshi and the other top strikers. Now they have to prove the strength of their individual abilities in a fight against Shouei Barou, the top scoring player in Wing 5. If they lose, they'll be at risk of disqualification... As Isagi takes the fight to King Barou, he's aiming to end up on the side of the prodigies!

Remembering the past in the Middle Ages is a subject that is usually perceived as a study of chronicles and annals written by monks in monasteries. Following in the footsteps of early Christian historians such as Eusebius and St Augustine, the medieval chroniclers are thought

of as men isolated in their monastic institutions, writing about the world around them. As the sole members of their society versed in literacy, they had a monopoly on the knowledge of the past as preserved in learned histories, which they themselves updated and continued. A self-perpetuating cycle of monks writing chronicles, which were read, updated and continued by the next generation, so the argument goes, remained the vehicle for a narrative tradition of historical writing for the rest of the Middle Ages. Elisabeth van Houts forcefully challenges this view and emphasises the collaboration between men and women in the memorial tradition of the Middle Ages through both narrative sources (chronicles, saints' lives and miracles) and material culture (objects such as jewellery, memorial stones and sacred vessels). Men may have dominated the pages of literature from the period, but they would not have had half the stories to write about if women had not told them: thus the remembrance of the past was a human experience shared equally between men and women.

First published in 1936, *The Geographical History of America* compiles prose pieces, dialogues, philosophical meditations, and playlets by one of the century's most influential writers. In this work, Stein sets forth her view of the human mind: what it is, how it works, and how it is different from - and more interesting than - human nature.

For untold years Norrin Radd has surfed the galaxy, exploring the darkness between stars, witnessing the rise and fall of vast civilizations. Now his ride is about to come to an end. It starts with a small spot - a blemish that will spread until he is no more. Until then, the Silver Surfer would undertake his final voyage - to the one destination that has always eluded him. His journey starts where it began. Guest-starring the Fantastic Four! Collects Silver Surfer: Requiem (2007) #1-4.

(PREMIUM EDITION) He worked under numerous names--Kremos, Niso, Nys O'Ramp--but he occupies a singular space as Italy's cartooning Casanova, and he finally gets his due in this new two-volume set from Lost Art Books. From the mid-1940s through the early 1960s, Niso Ramponi's work was everywhere, from collaborating with friend Federico Fellini in Italy's animation industry to drawing newspaper strips to creating movie posters for Walt Disney. Ramponi made his name, however, in Italy's weekly satire magazines, for which he drew some of the world's prettiest "good girl" gag cartoons and covers for over a decade. Volume 1 collects over 200 of Kremos' bodacious black & white cartoons and illustrations, while Volume 2 adds 250 of his curvaceous color comics and covers to the set. Combined, these volumes offer a comprehensive overview of the maverick artist when he was at the height of his powers.

**Lupus Lablenorre is a man on the run. Like a cosmic Odysseus, he wanders from planet to planet, haunted by his past and orbiting around a woman. It starts as a fishing trip with his ex-military pal Tony. Their lifelong friendship has started to feel different lately, and not just because of the drugs. Picking up Sanaa, a wealthy and mysterious runaway, only complicates the situation. When tragedy strikes and they're forced to flee, new worlds await with many ways to disappear. But Lupus will find that the tendrils of friendship, love, and family are not so easily severed. Armed with astonishingly expressive brushwork and a dreamy, intimate narrative, Frederick Peeters drifts on the solar winds to a new understanding of memory, guilt, isolation, and connection.**
