A Baker's Dozen

No more tracing up of blocks. No more tracing patterns. No more gluing designs onto sandpaper or cardboard. Patchwork quilting has never been easier, thanks to the special feature of this volume ? permanent plastic templates. From the four easy-to-use templates provided, needleworkers can create 27 of the most popular patchwork patterns, using traditional handsewing techniques or the sewing machine. Choose from such authentic favorites as Windmill, Susannah, Road to Oklahoma, Stars and Stripes, Pass-in-the-Corner, Ohio Star, Dutchman's Puzzle, Martha Washington's Star, and others. Selected for their relative simplicity, the motifs are still intriguing enough to provide challenges for both beginners and experts. Use the blocks together to create stunning sample quilts, or repeat a single block over and over again for a striking one-design quilt. Many of these blocks produce wonderful optical illusions when an entire quilt is made of the same block. For equally eye-catching results, try repeating two or three different blocks in one quilt. The number of quilts you can make with this volume is virtually limitless! Colors have not been specified for the quilt blocks, but noted needlecraft designer Rita Weiss has indicated light, bright, medium, and dark fabrics as guideposts. Let your imagination dictate your own color scheme and achieve beautiful one-of-a-kind quilts that reflect your unique personality and creativity. You'll find 59 helpful illustrations, plus complete instructions for using the templates, material selection, cutting, sewing ? everything needed for successful quilt-making. Create a sampler quilt as unique as you are! Tula Pink gives you an inspiring quilt block collection with Tula Pink's City Sampler. Make a beautiful, modern quilt of your own design with the 100 original quilt blocks or try one of the 5 city-themed sampler quilts designed by Tula. A note from Tula: "You will notice...that the blocks are not named but simply numbered. This is intentional. I may have designed the blocks and given you the instructions on what to cut and where to stitch, but I have not infused the blocks with any meaning. This is your quilt. The fabrics that you choose, the colors that you use and why you are making it are what will give the quilt a purpose. Name your blocks, write in the margins, cross out the ones that you don't like, draw hearts around the ones that you love. In a perfect world, everyone's book would end up looking like a journal, coffee stains and all. The more adventurous ones might rename the book and write their own introduction. Tula Pink's City Sampler is a collaboration between you and me. I am the platform and you are the speaker, so stand on my shoulders and tell the future who you are and why you make."
