

The 1 Hour Trade: Make Money With One Simple Strategy, One Hour Daily

Start thinking like a successful trader. Get tips, insights, and learn the key mindsets you need to know to become a more profitable and successful trader. This book gives you simple quick tips to get you to think about your personal trading style. With each tip you will get a detailed explanation of why you should think about this concept which will allow you to choose whether you take action with your trading system. In this book you will learn: - Why you shouldn't listen to TV broadcasts while trading stocks What type of stocks you should focus on to capture the biggest gains - Why technical data will always trump stock fundamentals - How to identify a healthy stock movement to the upside - Why you will typically make more money going long then short - How to increase your rate of consistency in the stock market - And much more! Use this book as a reference to read one tip each day or go through it quickly and digest all you can on purposeful and meaningful trading tips so that you improve your trading success.

What is that lyric in that one song? "The lure of easy money has a very strong appeal". Maybe you decided to get into the day trading business of investing and/or investing and trading because you saw some late-night TV commercial about day trading with flashy offers. Perhaps you received a spam e-mail touting some day trading method or system that said you could make easy money in the markets; I suggest you reconsider if that's the case. Death by Day Trading is for all beginning aspiring investors and traders who are just getting their head around doing the day trading business who go online and do a search to find information on how to do financial market trading and it should be the first book a brand new beginner reads before any other books on trading as far as I'm concerned and will be the most harsh and brutal day trading book they have ever read. Everyone has their own ideas of what they think day trading is and what it can do for them; you need to look at it from a realistic perspective from the start and death by Day Trading is absolutely going to help you to do that. This book is for beginners and will detail many of the things that a brand new trader must learn not to do before they can become consistently profitable in the live markets. You're heard the saying "just say no to drugs", just say no to day trading and you and your account will be waaaaay ahead of the game to start off. Don't say I didn't warn you, OK, continue with your insanity and read the entire book to give yourself a fighting chance. Death by Day Trading can help you keep it simple and filter the huge amount of information out there down to only what you need to know right away and then can work towards adding more information and studies as you go. My trading philosophy is to start small and build up success have limited exposure while you hone your skills, then progress as you become more competent. You can use Death by Day Trading and the references, suggestions and tips in it to go further into your educational studies of the markets and there dynamics. Knowing market dynamics is going to be critical for you to have the winning edge you will need to be a successful market participant. By studying what this book suggests you will not become one of the 97% of the herd, don't become one of them.

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.

Swing Trading using the 4-hour chart 1-3: 3 Manuscripts Swing trading is too fast for investors and too slow for day traders. It takes place on a timeframe in which you will find very few professionals traders. Swing traders usually use 4-hour charts. This period falls exactly between that of the investor and the day trader. As a swing trader, you are prone to sit on the fence, and that's good, because here you are almost alone. This book describes the swing trading method of the Heikin Ashi Trader. It is ideal for individual investors who do not want to sit all day in front of the computer screen. **Part 1: Introduction to Swing Trading 1. Why Swing Trading? 2. Why should you trade using the 4-hour chart? 3. Which markets are suitable for swing trading? 4. What instruments you can swing trade? 5. Swing Trading Setups A. Support and Resistance B. double top and double bottom C. breakouts D. flags and pennants 6. Money Management 7. Why you need a Trading Diary 8. What is it all about? Part 2: Trade the Fake! In the second part of the series "Swing Trading using the 4-hour chart" the Heikin Ashi Trader speaks about the phenomenon of stop fishing and fakeouts as well as the many deceptions that major players and algorithms stage in today's financial markets. These often seem more the rule than the exception. 1. A feint at its finest! 2. How to identify fakes? 3. How do I trade Fakes? 4. Fakes at technical chart patterns A. Flags B. triangles C. Trend Channels 5. Trading cross rates 6. More complex patterns Glossary Part 3: Where Do I Put My Stop? In the third part of the series on "Swing Trading using the 4-hour chart", the Heikin Ashi Trader treats the question on where the stop should be. Once a trader stops introducing stops, he will discover that his hit rate will worsen. However, by doing this he gains full control of the trade management. Stops are therefore not unavoidable, but remain an integral part of a trading system that is profit-oriented. Table of Contents 1. Are Stops Necessary? 2. What Is a Stop Loss Order? 3. Stop Management 4. Play Your Own Game 5. Cut Your Losses 6. And Let your Profits Run 7. Stop Management in Trending Markets 8. Stop Management with Price Targets 9. The Swiss Franc Tsunami, a Healing Moment of the Trader Community 10. How Many Positions Can I Keep at the Same Time? Glossary**

Learn A Powerful Day Trading Strategy In Less Than 60 Minutes A profitable trading strategy is the most important tool for a trader. This book explains a powerful trend-following day trading strategy for trading futures, stocks, ETFs and Forex. "The Simple Strategy" Is Easy To Understand And To Trade The Simple Strategy is very popular amongst traders for the following reasons: **Clear Entry Rules** When trading "The Simple Strategy," there's no second-guessing. As you will see, the entry rules are based on indicators - and these rules are black and white. Either the MACD is above the zero line or it isn't. And either the RSI is above 70 or it isn't. The entries are easy to identify and execute. That's why this strategy is called "The Simple Strategy" **Clear Exit Rules** When trading "The Simple Strategy" you'll know when to exit even before you enter the trade. So, you know exactly how much to risk on any given trade which is essential for precise position sizing and money management. **Plus, you can put the trade on auto-pilot once your entry order is filled. This keeps trade management to a minimum. It's easy and simple. Taking advantage of small intraday trends** These days trends are short-lived. The times when you could enter the market in the morning and exit the market in the afternoon are over. These days the markets can turn on a dime. **Low trading commissions and computerized trading have destroyed the nice and long intraday trends. However, with "The Simple Strategy" you can take advantage of the small intraday trends that we are seeing in today's markets. You don't need a sophisticated trading software If you want to trade "The Simple Strategy," you only need a charting software needs to be able to plot RANGE BARS, BOLLINGER BANDS, MACD and RSI. More than 90% of the charting software packages that are available today have these capabilities. There's no need to buy any proprietary indicators or expensive charting software! In short: "The Simple Strategy" can greatly simplify your trading. *** WARNING: This Book Is NOT For Everybody! *** Do NOT buy this book if... .. You Are Looking For The "Holy Grail" Because it doesn't exist! When trading "The Simple Strategy," there will be losses! Losses are part of our business as traders. The good news: If you follow the rules of "The Simple Strategy," then you will make more money on your profitable trades than you lose on your losing trades. In fact, the risk/reward ratio of this strategy is 1: 1.5, so you can expect to make \$150 for every \$100 you risk. ... You Want To Automate Your Trading Strategies "The Simple Strategy" will give you clear entry signals, but it's up to YOU to decide if you want to take the signal. As an example, I personally do NOT trade right into a major report. And I only trade the first two hours after the markets open, since most trends occur during this time. Makes sense?**

Want to be in the elite 1% of traders who make 99% of the money in the penny stock market? Read on...It is a fact that 99% of traders who play the penny stock market will lose money. But why does this happen?Because they look at penny stocks like a casino. They aimlessly throw money at the market on the small chance they get that elusive big win. The mythical 1000% rise in stock price overnight which turns their \$300 into \$30,000.But those in the know understand that this simply doesn't happen. And they're all too ready to take money from poorly educated traders.The winners in the penny stock market are the traders who trade on numbers, not grandiose claims made by microcap companies. If you can grasp this concept, then the sky is the limit.Penny Stocks: Behind The Scenes, will give you the necessary tools and foundations to develop a profitable trading strategy.The tools you need to become part of the exclusive group of top traders who make long-term profits trading penny stocks. The tools that will give you a statistical advantage over the vast majority of traders and allow you to consistently win trades.To be a successful trader you must employ 3 basic concepts: Learn a trading systemAdopt a trading planUtilize strict money managementIt sounds so simple, yet so many people neglect 1 or more of these elements. They are the people whose entire trading "knowledge" comes from a \$2.99 basic trading handbook or a 1 hour long YouTube video from a so-called "guru". They are the masses who don't make money then cry that the penny stock market is rigged. They are the traders who will be fueling your profits.This book is the culmination of 14 years of full-time profitable trading experience, thousands of hours of technical trading research and over \$25,000 spent on a continued trading education.These methods haven't just worked for me. I have personally trained hundreds of successful traders using the techniques in this book."I studied different trading systems for microcaps and pennystocks for 15 years, and without a doubt Dan's system beat all of them" - Lawrence, Penny Stocks: Behind The Scenes studentWhat you will learn in this book: The 11 golden trading rules for consistent long-term profitsWhy fundamental analysis of microcap companies is a great way to lose moneyAdvanced technical analysis to foreshadow when you should buy or sell a particular stock - with over 35 annotated chartsHow to spot fraudulent tips from stock promotersThe secret to getting a trade execution when nobody else canComplete breakdown of the psychology behind successful tradingWhy you should never pay for a stock picking service...and much, much more.As an extra bonus, you will receive a money management spreadsheet allowing you to calculate exactly how much you should invest in a particular stock.If you're looking for a get rich quick scheme, this is not the book for you. Or, if you're looking for the holy grail trading system which never posts a losing trade, then you are in the wrong place.But, if you are ready to get serious about trading, and have a burning desire to learn how to profit consistently from penny stocks, simply click 'order now' to begin your journey.

My name is Susie. I have a little brother named Billie. This is our dog Warren and our cat's name is Vix. Our Mommy is a Stock Trader. Jennifer Plioli's delightful interactive activity book entitled My Mommy is a Stock Trader introduces children as young as five years old to the "colorful" world of investing! Kids will have plenty to do as they read, color, and write their way through this fun and educational book. Meet Susie. Her mother is a stock trader, and Susie would like to teach kids all about what exactly her mom does. Children will get the most out of these basic lessons in investing by interacting directly with the story. This happens through completing basic exercises, coloring pictures, and reading about the stock market in terms that are easy and simple to understand. My Mommy is a Stock Trader isn't your typical children's book! Through the storyline and various activities, Kids will learn all sorts of new and exciting facts about the stock market. They will become familiar with what a stock chart is and how to read it, and will be able to identify up and down price movement. As the story of Susie and her stock trader mother continues, children can learn to identify the stock symbols of some of their favorite family-friendly companies, as well as identify what types of products and services are made by companies that offer publicly traded stocks. This is only the beginning, however, as the fundamentals of investing are given in small digestible bites that make it easy for everyone to understand! Parents and children alike will find My Mommy is a Stock Trader a fun way to learn all the basics about a very real world topic. Those looking for an inventive way to incorporate learning into their child's playtime should look no further. With plenty of whimsical pictures and educational activities, this is so much more than your average coloring book! Suitable for children ages five years and older. My Mommy is a Stock Trader aims to expose kids from an early age to the endless possibilities that investing in the stock market has to offer. Encouraging early education can lead to a lifelong interest in the money management field. My Mommy is a Stock Trader proves that it is never too young to introduce the beginnings of what can eventually become a richly rewarding career path.

Please note: This is a companion version & not the original book. Sample Book Insights: #1 There are rainmakers on Wall Street, who are hired by the largest hedge funds and investment banks. Some of them program trading robots, known as black boxes. If you aren't a rainmaker, you can still make a living trading without being one. #2 The defining characteristic of this setup is the large increase in volume relative to the stock's average. This can cause a rush of both retail and institutional buyers into the stock, which creates demand and drives the price up.
