

## The 365 Stupidest Things Ever Said Page A Day Calendar 2017

*Presents awkward photos of families, accompanied by humorous captions and stories about awkward and amusing family moments, and organized into such categories as pets, birthdays, and holidays.*

*A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. Equal parts philosophical quest and screwball comedy, Infinite Jest bends every rule of fiction without sacrificing for a moment its own entertainment value. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Think Beckett, think Pynchon, think Gaddis. Think."—Sven Birkerts, The Atlantic*

*If you think you've heard every dumb thing they've said or done...think again! Outrageous indulgent, and downright dumb. That's right, we're talking out the words and deeds committed by politicians, our favorite and least favorite people in the whole world. In this hilarious collections, it's he Democrats who step up to the mike, open their mouths, and insert their collective feet. Democrats do the dumbest things. Just ask any Republican who might wonder how Senator Ted Kennedy, whose legacy may have as much to do with his partying as with his party affiliation, kept his pants on long enough to serve the public. When Ted was photographed atop a twenty-two year old woman on a speed boat, a fellow senator quipped, "Well Teddy, I see you've changed your position on offshore drilling." You'll howl with laughter and wince in pain at the misguided actions, bizarre statements, and embarrassing moments of notable Democrats including Hillary Clinton, Jimmy Carter. Rev. Al B. Shartpon, Ed Koch, Gary Hart, Rev. Jesse Jackson, Jerry Brown, Lyndon Johnson, and of course, Bill Clinton. Find out the latest from presidential campaign 2000—namely what are Al Gore and local Democratic "loonies" doing to keep the "dumb hall of fame" from running out of members? Highlights include: After the Chicago Bulls won their sixth NBA championship in 1998 Vice President Al Gore gushed, "I tell you that Michael Jackson is unbelievable isn't he?" John F. Kennedy had this to say about signing "There are three girls in the room, but I'm sitting here reading The Wall Street Journal. Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think."—Sven Birkerts, The Atlantic*

*A compendium of 100 words and phrases smart people use—even if they only kinda sorta (secretly don't) know what they mean—with pithy definitions and fascinating etymologies to solidify their meanings. Your boss makes a joke about Schrodinger's cat—which is something you've heard of but you're a little vague about what exactly happened (or didn't happen) with that cat. Or you're reading a New Yorker article that explains that "Sollecism slipped into solipsism into full-blown narcissistic project." An excellent point . . . if you're sure what "sollecism" means . . . or, for that matter, "solipsism." Language guru Ross Petras and Kathryn Petras to the rescue! In the breezy and entertaining yet informative style of their New York Times bestseller You're Saying It Wrong, they give you a brief rundown on words smart people should know—from the worlds of science and the arts to philosophy, and from broader topics like quantum physics and ontology to more specific ones like Plato's cave and trompe l'oeil. They cover the Latin phrases we hear and read (prima facie, sui generis, and the like) as well as those that have entered our vocabularies from other languages (Bildungsroman, Sturm und Drang). These are the words that, if you were asked directly, "What does this mean?" you might hem and haw and try to change the subject. After reading this book, you won't have to.*

Here from the wide world of professional and amateur sports are the worst plays, most embarrassing achievements, surliest fans, lamest excuses, and wackiest mascot tricks. Plus jockstrap blowouts: Georgia Tech trounces Cumberland College 222-0. Freakiest injuries: Pitcher Joel Zamaya plays so much Guitar Hero he goes on the DL with tendonitis. Improbable memorabilia: Andre Agassi's ponytail, Ty Cobb's dentures. Looniest promotional giveaways: Win a free vasectomy! Bizarre sports from across the globe: Olympic solo synchronized swimming. And dubious superstitions: Baseball Hall of Famer Wade Boggs eats chicken before every game of his 18-year career. And, of course, quotes. From athletes: "We lost because we didn't win." (soccer star Cristiano Ronaldo). Coaches: "We were scoring, they were scoring. Then we stopped scoring and they kept scoring" (Cavaliers coach Tyrone Lue). And sportscasters: "Winfield goes back to the wall, he hits his head on the wall and it rolls off! It's rolling all the way back to second base. This is a terrible thing for the Padres!" (announcer Jerry Coleman).*

*For word nerds and grammar geeks, a witty guide to the most commonly mispronounced words, along with their correct pronunciations and pithy forays into their fascinating etymologies and histories of use and misuse. With wit and good humor, this handy little book not only saves us from sticky linguistic situations but also provides fascinating cocktail-party-ready anecdotes. Entries reveal how to pronounce boatswain like an old salt on the deck of a ship, trompe l'oeil like a bona fide art expert, and haricot vert like a foodie, while arming us with the knowledge of why certain words are correctly pronounced the "slangy" way (they came about before dictionaries), what stalks of grain have to do with pronunciation, and more. With bonus sidebars like "How to Sound Like a Seasoned Traveler" and "How to Sound Cultured," readers will be able to speak about foreign foods and places, fashion, philosophy, and literature with authority.*

*Tons of /a New Photos/ Bad Decisions/ WTF Moments/ Plus Fan Stories/ Celebrities! Goats! As Americans, we hold these truths to be self-evident: We will shop. And when we do, especially at our favorite supercenter, we will wear and do the most bizarre things possible. From the wildly popular website PeopleInWalmart.com, this photo collection of folks shopping in Walmart (78 percent of which is brand new and never before included on the website) presents people of all shapes and sizes wearing and doing everything imaginable in full view of their fellow shopping public. Plus, for the first time brand-new fan-submitted stories offer the most random experiences you can imagine! So welcome to a world where no shoes and no shirt are no obstacles, where parking lots are filled with dead deer, Bengal tigers, and old men in thongs riding bikes. Once you meet the People of Walmart, you are sure to fall in love.*

*Wretched writing is the lowest of the low; it is a felonious assault on the English language. Exuberantly excessive, it is a sin committed often by amateurs and all-too-frequently by gifted writers having an off day. In short, it's very bad writing. Truly bad. Appallingly bad. It's also very funny. A celebration of the worst writing imaginable, Wretched Writing includes inadvertently filthy book titles, ridiculously overwrought passages from novels, bombastic and confusing speeches, moronic oxymorons, hyperactive hyperbole, horribly inappropriate imagery in ostensibly hot sex scenes, mangled clichés, muddled metaphors, and unintended double entendres. Sit back and enjoy these deliciously dreadful samples, and try not to cringe too much.*

*From the team that brought you The Obstacle Is the Way and Ego Is the Enemy, a beautiful daily devotional of Stoic meditations—an instant Wall Street Journal and USA Today Bestseller. Why have history's greatest minds—from George Washington to Frederick the Great to Ralph Waldo Emerson, along with today's top performers from Super Bowl-winning football coaches to CEOs and celebrities—embraced the wisdom of the ancient Stoics? Because they realize that the most valuable wisdom is timeless and that philosophy is for living a better life, not a classroom exercise. The Daily Stoic offers 366 days of Stoic insights and exercises, featuring all-new translations from the Emperor Marcus Aurelius, the playwright Seneca, or slave-turned-philosopher Epictetus, as well as lesser-known luminaries like Zeno, Cleanthes, and Musonius Rufus. Every day of the year you'll find one of their pithy, powerful quotations, as well as historical anecdotes, provocative commentary, and a helpful glossary of Greek terms. By following these teachings over the course of a year (and, indeed, for years to come) you'll find the serenity, self-knowledge, and resilience you need to Live well.*

Timeless in their wisdom, though-provoking in their message, surprising in their truth and memorable in their originality, the right words can give direction, inspiration, and sometimes a tangible boost onto the right path. For example, Steve Jobs once read "Stay hungry Stay foolish" on the back cover of The Whole Earth Catalog, and those four words came to guide his life. Created by Kathryn and Ross Petras, connoisseurs of quotes, whose books and calendars have over 56 million copies in print, "Dance First. Think Later." is a collection of the greatest life wisdom from an unexpected group of speakers, doers, and thinkers. There are 618 rules to live by—funny, sly, declarative, thoughtful, offhanded, clever, and always profound: "Watch with glittering eyes the whole world around you, because the greatest secrets are always hidden in the most unlikely places."—Rosalind Wiseman "If everything is under control, you are going too slow."—Mario Andretti "Never make a credit decision on a bank."—Victor J. Boschini "Dance first. Think later. It's the natural order."—Samuel Beckett "The only time to eat diet food is while waiting for the steak to cook."—Julia Child "What you spend years building may be destroyed overnight; build it anyway."—Mother Teresa And: "Be yourself. E else is already taken."—Oscar Wilde

Not just stupidity, but obsessive stupidity! Not just random stupidity, but organized stupidity! Here, from the celebrated collectors of the stupidest things ever said, it's the crème de la crème of stupidities, made even funnier and more compelling in an irresistable top 10 list format. Try one: The Top 10 Stupidest Actual Book Titles: 1. A Toddler 's Guide to the Rubber Industry 2. Conspiration and our Civilization 3. Greek Rural Postmen and their Cancellation Numbers 4. Celebrities on literature, on homelessness, on revealing too much about themselves. Mangled cliché s and bizarre analogies, the wit of the wittyess and comedy of the clueless—never before have so many said something so dumb, now in one book.

Look up Religion, and discover this from Paris Hilton: [The Kaballah] helps you confront your fears. Like, if a girl borrowed my clothes and never gave them back and I saw her wearing them months later, I would confront her. Or Anatomy, and find sportscaster Jerry Coleman: Winfield goes back to the wall. He hits his head on the wall and it rolls off! It's rolling all the way back to second base! Or Truth in Government/hereÖs Virginia Simpson: There are a lot of things that we do that are irrelevant, but thatÖs what the Senate is for. Arranged alphabetically, from Accident, Traffic to Zoology, Game Show ContestsÖ Knowledge of (and you wouldn't believe how distorted that knowledge sometimes is). The Lexicon of Stupidity is an overstuffed dictionary of quotes, banalities, actual book titles, holiday notes, menu items, TV listings, and more, each meeting one exacting criterion: theyÖre so jaw-droppingly dumb you canÖt help but laugh. IÖs the wit of the wittyess. The comedy of the clueless. The giggly fun of celebrities, athletes, politicians, newscasters, and other pompous types planting a foot (or two) firmly in mout. And no authors could be more qualified to put it together than Ross and Kathryn Petras, whose calendar celebrating stupidityÖThe 365 Stupidest Things Ever SaidÖs a perennial knock-out, with millions of copies sold since its debut in 1995. It even includes real courtroom testimony: Q. Are you sexually active? A. No, I just lie there.

A hilarious collection of lists, statistics, news items, quotations, and facts detailing stupid acts of Americans from all walks of life—by the authors of the bestselling The 776 Stupidest Things Ever Said Everyone knows that America is " the land of the free and the home of the brave," but sometimes that means we're free to be as bravely stupid as we want! In Unusually Stupid Americans, Kathryn Petras and Ross Petras assemble choice bits of stupidity. U.S.A.-style, including the top seriously flawed American advertising moments, including Pacific Airlines' brilliant "You're scared of flying? So 's our pilot!" ad campaign, which led the airline to bankruptcy within two months of the campaign 's inception Öthe Martin Luther King, Jr., celebration in Florida, where a plaque was un-veiled that was intended to honor the actor James Earl Jones but instead read: "Not to heroine in (1962) "Suck the coffin mystrook now."—The Ultimate Vampire (1991) "It's bad."—Leonard DiCaprio as the you-know-whats hits the you-know-what in Titanic (1997)

How to Build Organizations Where Employees Love to Come to Work

Unoffendable

You're Saying It Wrong

An entertaining and informative guide to the most common 150 words even smart people use incorrectly, along with pithy forays into their fascinating etymologies and tangled histories of use and misuse. Even the most erudite among us use words like apocryphal, facetious, ironic, meteoric, moot, redundant, and unquote incorrectly every day. Don't be one of them. Using examples of misuse from leading newspapers, prominent public figures and famous writers, among others, language guru Ross Petras and Kathryn Petras explain how to avoid these perilous pitfalls in the English language. Each entry also includes short histories of how and why these mistake have happened, some of the (often surprisingly nasty) debates about which uses are (and are not) mistakes, and finally, how to use these words correctly ... or why to not use them at all. By the end of this book, every literati will be able to confidently, casually, and correctly toss in "a priori" or "limns" without hesitation.

Every organization faces challenges and hardships. The Only Leadership Book You'll Ever Need teaches leaders how to overcome their most difficult obstacle: employee engagement. By pinpointing specific areas leaders can focus on and change, this book shows how one leader can effectively change the entire workplace environment—for the better. Topics addressed include: The 10 Keys to Workplace Excellence. The 11 Stupid Things Managers Do to Mess Up Workplace Excellence. 76 Strategies to Effectively Lead and Engage Employees. Timely and accessible, The Only Leadership Book You'll Ever Need is an essential book for every executive and manager.

"Every day is a gift—even if it sucks." From Kathryn and Ross Petras, curators of craziness (and surprising smarts), comes a timely collection of reassuring reality: "Why is there so much month left at the end of the money?"—John Barrymore "October. This is one of the peculiarly dangerous months to speculate in stocks in. The others are July, January, September, April, November, May, March, June, December, August, and February."—Mark Twain "I know God will not give me anything I can't handle. If just wish he didn't trust me so much."—Mother Teresa "When one burns one's bridges, what a very nice fire it makes."—Dylan Thomas "If you think you have it tough, read history books."—Bill Maher And Voltaire: "Life is a shipwreck but we must not forget to sing in the lifeboats."

During the last years of his life, Leo Tolstoy took one book invariably on his desk, read and read it to his family, and recommended it to all his family; a compendium of wise thoughts gathered over the course of a decade from his wide-ranging readings in philosophy and religion, and from his own spiritual meditations. It was banned under the Communists, and only one volume, a Calendar of Wisdom, drawn largely from the writings of other famous thinkers, has been published before in English. Wise Thoughts For Every Day is the volume comprising Tolstoy's own most essential ideas about spirituality and what it is to live a good life. Designed by Tolstoy to be a cycle of daily readings, this book offers thoughts and aphorisms for every day according to a succession of themes repeated each month—such as God, the soul, desire, our passions, humility, inequality, evil, truth, happiness, prayer, and the blessings of love. At once challenging, comforting, and inspiring, this is a spiritual treasure trove and a book of great human warmth.

**Pursuing a dream is hard work, but the right words delivered at the right time—by people who've been there and done that—can give us just the motivation we need. The right words can rekindle our enthusiasm, re-energize our efforts, dispel doubt, let us know we're not alone, and show us that the fight is worth it—and winnable. Kathryn and Ross Petras are masters at choosing and delivering just the right words. Their books—such as "Age Doesn't Matter Unless You're a Cheese" and "Dance First. Think Later."—and bestselling calendar, The 365 Stupidest Things Ever Said, have over 5.2 million copies in print. Now comes a book for dreamers and doers, plus writers, entrepreneurs, graduates, artists, future movers and shakers. Collecting the hard-won, brilliantly expressed advice from pioneers who have paved the way, including everyone from Rumi to Steve Jobs, Michelangelo to Oprah to Tina Fey, "It Always Seems Impossible Until It's Done" is like a rousing locker-room speech, inspiring courage, commitment, and perseverance. "I've missed more than 9,000 shots in my career. I've lost almost 300 games. 26 times, I've been trusted to take the game-winning shot and missed. I've failed over and over and over again in my life. And that is why I succeed."—Michael Jordan "Go for it, baby! Life ain't no dress rehearsal."—Tallulah Bankhead "Perfection is like chasing the horizon. Keep moving."—Neil Gaiman "If you aren't in over your head, how do you know how tall you are?" —T. S. Eliot "It always seems impossible until it's done."**

**A new, impulse-friendly collection of quotes from Kathryn and Ross Petras, that celebrates our individuality and embracing and praises the imperfections that make us who we are. A gift that says: You are YOU, and you're great! Required reading from great poets of our time. Drew Barrymore: "Upon Pondering Breasts." Tom Cruise: "An Exegesis on Psychiatry." Ann Coulter: "My Kind of Fun." And Trump and Sheen and Snooki, John Boehner and Michelle Bachman, Miley and Ke\$ha. Hugo Chavez. Even a Zen haiku by Emmitt Smith: "I think it's his self-confidence in himself that makes him confident. With their great gift for curating the inane public utterances of celebrities, politicians, and other self-important loudmouths, Kathryn and Ross Petras offer a timeless collection of "found" poetry—real quotes formatted as verse for hilarious and surprising effect. The quotes are inherently addictive and funny—but turning them into verse intensifies the effect, making the words even more ridiculous, parodies to revel in. And the Petrases take it one step further: organizing the poems by themes, introducing each work with a Norton Anthology mock seriousness, discussing "schools," and larding the text with footnotes. The Anthology of Really Important Modern Poetry is pure deadpan pleasure. A whiff of Emily Dickinson in Ann Coulter? It's literary treasure, right under our noses.**
