

The Book Of The Unnamed Midwife (The Road To Nowhere 1)

September 11th, 2001 was America's wake up call to terrorism. Unfortunately, we hit the snooze alarm. The next wave of terror attacks won't be nation shaking, cataclysmic events. We're ready for that. Instead, they'll be minor, localized nightmares. Mere pinpricks to our country, but catastrophic to the small towns that find themselves in the crosshairs. Worst of all, there's nothing we can do to stop it from happening - or is there? A gritty novel extrapolated from real world events, this fast-paced, riveting thriller will leave you alarmed, angry, and awestruck at America's unpreparedness for the next wave of terror attacks. Some might refer to it as death by a thousand cuts, but the counterterrorism community calls it Small Ball. Small Ball is an indictment of our woefully wrongheaded security infrastructure and a testament to the resilience, resourcefulness, and integrity of the average American. You'll wonder why it hasn't happened already. Perhaps it's happening right now...

"In the wake of the apocalypse, Flora has come of age in a highly gendered post-plague society where females have become a precious, coveted, hunted, and endangered commodity. But Flora does not participate in the economy that trades in bodies. An anathema in a world that prizes procreation above all else, she is an outsider everywhere she goes, including the thriving all-female city of Shy. Now navigating a blighted landscape, Flora, her friends, and a sullen young slave she adopts as her own child leave their oppressive pasts behind to find their place in the world. They seek refuge aboard a ship where gender is fluid, where the dynamic is uneasy, and where rumors flow of a bold new reproductive strategy."--

Collection of short stories and poems from the hopes, dreams and world view of a 8 yr old girl.

That storyline drives *Hell of a Book* and is the scaffolding of something much larger and more urgent: Mott's novel also tells the story of Soot, a young Black boy living in a rural town in the recent past, and *The Kid*, a possibly imaginary child who appears to the author on his tour. As these characters' stories build and converge, they astonish. For while this heartbreaking and magical book entertains and is at once about family, love of parents and children, art and money, it's also about the nation's reckoning with a tragic police shooting playing over and over again on the news. And with what it can mean to be Black in America. Who has been killed? Who is *The Kid*? Will the author finish his book tour, and what kind of world will he leave behind? Unforgettably told, with characters who burn into your mind and an electrifying plot ideal for book club discussion, *Hell of a Book* is the novel Mott has been writing in his head for the last ten years. And in its final twists, it truly becomes its title.**

Hey! You, the one scrolling through Amazon! Yeah, don't ignore me, I am not just text! Hey, are you there? Hope you are, let's see... I am the narrator. Well, I am the protagonist of this book, so it's like a diary, but EEEEEEEEEEEEEEEEEEEEEEEEEEEH. Don't go away, please:, (See... I try to dream, but in this world, if you want your dreams to come true you have to work hard. This is not a book to make you think that, nah. This is a book where I talk about myself. But when I see an interesting subject I comment it. I think it's only fair for both of us to be transparent, so that's what I do here. I tell you everything. And I analyze it for you. Sometimes I try to get your attention, sometimes I will try to influence you. But over all, I try not to lie. I try to be critical, and to do it, sometimes I break the fourth wall just to create a comical environment more prone to learning, because only when we get comfortable we can really hear what they are trying to tell us. If you don't read it, no worries, this book is for my future me, if I ever wanted to know how I got where I got, if I wanted to see my evolution or if I wanted to see my views of the world and how my life was. Good luck you

In the gripping sequel to the Philip K. Dick Award-winning novel *The Book of the Unnamed Midwife*, one woman undertakes a desperate journey to rescue the future. Etta comes from Nowhere, a village of survivors of the great plague that wiped away the world that was. In the world that is, women are scarce and childbearing is dangerous...yet desperately necessary for humankind's future. Mothers and midwives are sacred, but Etta has a different calling. As a scavenger. Loyal to the village but living on her own terms, Etta roams the desolate territory beyond: salvaging useful relics of the ruined past and braving the threat of brutal slave traders, who are

seeking women and girls to sell and subjugate. When slavers seize those she loves, Etta vows to release and avenge them. But her mission will lead her to the stronghold of the Lion--a tyrant who dominates the innocent with terror and violence. There, with no allies and few weapons besides her wits and will, she will risk both body and spirit not only to save lives but also to liberate a new world's destiny.

As Kasey's health, life, and her relationship with Ashwin hang precariously in the balance, he must contend with his jealous ex-fiance, Silver Moon. As her jealousy increases to frightening and dangerous levels, Ashwin must find a way to deal with her, as well as figure out how to pull his beloved Kasey from the devastating grip of the tragedy that has befallen her. Will Silver Moon's heinous actions put an end to Ashwin's and Kasey's budding relationship, or will true love prevail?

It was only supposed to be a short visit. It turned into a love affair. Melanie White is in trouble. Young, unmarried, with no resources to speak of, she's forced to flee home and hide out with her aunt on a ranch in a western mining town. She's just passing through on her way farther West, and it's a good thing, too: she can't stand the ranch owner. He's rowdy, immature...and undeniably attractive. David Tanner has his life just the way he likes it: he does what he wants, when he wants, and nobody can tell him any different--least of all, his former nanny's niece Melanie, who likes books more than people. But when a family emergency forces Melanie and David to work together, she discovers that there's more to him than meets the eye. And he finds out that life as a bachelor may not be what he likes after all. Contains mild language and sensual content within marriage.

Lessons of Value, Belonging, and Worth

Karl's Story

A Novel (probably)

Book Three in the Touched Series

The Unnamed

The Book

He was going to lose the house and everything in it. The rare pleasure of a bath, the copper pots hanging above the kitchen island, his family--again he would lose his family. He stood inside the house and took stock. Everything in it had been taken for granted. How had that happened again? He had promised himself not to take anything for granted and now he couldn't recall the moment that promise had given way to the everyday. Tim Farnsworth is a handsome, healthy man, aging with the grace of a matinee idol. His wife Jane still loves him, and for all its quiet trials, their marriage is still stronger than most. Despite long hours at the office, he remains passionate about his work, and his partnership at a prestigious Manhattan law firm means that the work he does is important. And, even as his daughter Becka retreats behind her guitar, her dreadlocks and her puppy fat, he offers her every one of a father's honest lies about her being the most beautiful girl in the world. He loves his wife, his family, his work, his home. He loves his kitchen. And then one day he stands up and walks out. And keeps walking. THE UNNAMED is a dazzling novel about a marriage and a family and the unseen forces of nature and desire that seem to threaten them both. It is the heartbreaking story of a life taken for granted and what happens when that life is abruptly and irrevocably taken away.

For many centuries the library of lawless hell hole Santa Mondega, in South America, has held a gruesome secret. There is on its shelves a nameless book, by an anonymous author, and everyone who has ever read it ... is dead.

This second book of poetry offers insights into the mind of the person looking quizzically at you when you do something silly. It takes the reader on a descending ride through the dark areas of the mind and back up through a vehicle of hope and laughter. The poems offer a wide-angle view of some recent events, without really indicating which side you should be on, only that you should stand by your choice. Except stupidity, this book has definite opinions on why you should not choose to be stupid. Choice and responsibility are central themes, supported by creation and music...and cats, they get everywhere. Herein is mythology, old and new intermixed.

Maybe you're a recent college graduate, looking for a successful start to your career. Or an experienced professional, feeling the need to try something new. Either way, a whole host of opportunities await you--but if you really hope to ace that interview and get the job you want, you'll need the right skills to get ahead. So when you're navigating the complex twists and turns of today's changing job market, let I'll Get That Job! serve as your road map and guide. Featuring advice from real HR professionals, headhunters, and team managers, this essential job-hunting companion will let you know exactly what you need to do to increase your chances, from social media presence to writing a great CV. While shedding light on the many myths and outdated "rules" that may actually bog you down in today's job-seeking experience, I'll Get That Job! serves as a source of motivation and encouragement for modern job hunters. After all, with hard work and the right mind-set, it really is possible for you to get that job you've always wanted--and become the most successful version of yourself along the way!

Her Happy Ever After

The Unnamed Book

A Real Guide from Real Experts on Getting the Job You Want!

Unnamed Women of the Bible is a four-week Bible study that takes an in-depth look at how women can move from feeling insignificant to understanding their worth in Christ. By learning from the stories of unnamed women in the Bible, readers discover that God has called each of us "Daughter." Interactive daily entries help to apply the biblical lessons to life today. Small group discussion questions are included.

The Book of the Unnamed Midwife47North

"As enjoyable as a day at the beach." That's how USA TODAY summed up this hilarious and big-hearted romp in the Florida sunshine. When Murray Zelman, a.k.a. The Bra King, pops another Prozac and heads to the Keys, he has nothing much in mind beyond a quixotic hope of winning back his first wife, Franny, whom he dumped years before. But when he forms an unlikely friendship with Tommy Tarpon, the last remaining member of an obscure Indian tribe, another plan also starts

shaping up in his fevered brain. Why not open up Key West's first casino? Why not? Well, how about because the Mafia, in league with some of the nastiest politicians you will ever meet, is determined to kill anyone who tries? Somehow, Murray, Tommy, and Franny didn't think of that until they were in way too deep. Laugh along as they improvise a manic and ever more desperate campaign to keep their casino dreams--and themselves--alive.

I was brought here by inevitabilities and she--she was compromised through inevitabilities. As I gaze into her bloodless, nearly motionless, face, I cannot help but feel love for this girl. For I love her absolutely. Well...loved her. All I can presently think about on the cold marble floor is the Great Beyond, The Unknown, and how I'm going to be wrestled from this twisted nether into the next--you know if you seriously believe that stuff. I lie here with barely enough strength to live, let alone tell a story. But, it's what you want. You want fact and fiction, some history, a story, life and death tales. You want me to eek out the remainder of my life to express an idea, a concept. Maybe if I told you how it all ended, then you would understand how it began.

Book of the Unnamed Future

Unnamed Women of the Bible

The Nameless City

Nameless Queen

The Book of Eli - Solara

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.

Every time it is invaded the City gets a new name, but to the natives in is the Nameless City, and they survive by not letting themselves get involved--but now the fate of the City rests in the hands of Rat, a native, and Kaidu, one of the Dao, the latest occupiers, and the two must somehow work together if the City is to survive.

Shadow is a man with a past. But now he wants nothing more than to live a quiet life with his wife and stay out of trouble. Until he learns that she's been killed in a terrible accident. Flying home for the funeral, as a violent storm rocks the plane, a strange man in the seat next to him introduces himself. The man calls himself Mr. Wednesday, and he knows more about Shadow than is possible. He warns Shadow that a far bigger storm is coming. And from that moment on, nothing will ever be the same...

Clutter has a negative effect on your life. You want to live differently, but you haven't been able to make progress. Marcie Lovett, author of The Clutter Book, will motivate you to make the changes you want. Learn to let go of what you don't need and find room for what you value. The direct, accessible writing style and interactive exercises will inspire you to succeed. In this book, Marcie guides you through the process of letting go of the clutter that is keeping you from achieving success. Whether your clutter is caused by things, commitments or thoughts, Marcie encourages you to make the choices to conquer your challenges. If previous attempts at letting go of clutter have not been successful for you, you will benefit from the motivation and wisdom Marcie offers. Written in a straightforward and accessible style, filled with insight and real-life stories, the book enables readers to learn from the experience of others and overcome obstacles to success. You will understand why you keep clutter, save time and money by avoiding unnecessary purchases, discover the habits that hold you back, find ways to fight procrastination and create systems that allow you to retrieve and return items. Whether you want to live with less or live with what you have, this is the book for you.

The Big Book of Stories and Poems

The Unnamed Book ...

Gray

The Unedited Version

Book Three of the Love's Territory Series

Book with No Name

Destiny Allen, a Web designer for software giant Scenaria Security Systems, finds herself involved in a deadly puzzle that blurs the boundaries between the virtual and the real. At stake: the infrastructure of modern America. Her resources: Dina Gustafson, a college friend, and Karl Lustig, an Israeli technology journalist with friends in dark places. The challenge: sort the good guys from the bad before the lights go out. A fast-paced technology thriller, Web Games is about real risks and virtual worlds, about Internet threats as close as tomorrow's nightly news, and about the ever-escalating warfare between black-hat hackers and modern society.

A dense black cloud boiled up in the southeastern sky. It rose high and fast, like a time-lapse movie of the birth of a thunderhead. But it was no rain cloud. Wholly black, it reached up and up until it loomed over her, blocking out the sun. Somehow, she knew, it was Death coming for her. Pre-med student Coral is on vacation in Idaho when something terrible happens. The black cloud is followed by a wildfire and searing heat that lasts for days. She survives deep in a cave but emerges days later to find the world transformed, with blackened trees, an ash-filled sky, and no living creatures stirring--except for her. So begins her desperate journey: to find water, and food, and other survivors...and the answer to the mystery of what happened. Gray I is the first novel in a series.

Love can bloom in the strangest places...and people! A cursed king and the world's strongest witch are about to cross paths, forever changing their future and the fate of the world!

“This splendid reference describes every woman in Jewish and Christian scripture . . . monumental” (Library Journal). In recent decades, many biblical scholars have studied the holy text with a new focus on gender. Women in Scripture is a groundbreaking work that provides Jews, Christians, or anyone fascinated by a body of literature that has exerted a singular influence on Western civilization a thorough look at every woman and group of women mentioned in the Bible, whether named or unnamed, well known or heretofore not known at all. They are remarkably varied—from prophets to prostitutes, military heroines to musicians, deacons to dancers, widows to wet nurses, rulers to slaves. There are familiar faces, such as Eve, Judith, and Mary, seen anew with the full benefit of the most up-to-date results of biblical scholarship. But the most innovative aspect of this book is the section devoted to the many females who in the scriptures do not even have names. Combining rigorous research with engaging prose, these articles on women in the Hebrew Bible, the Apocryphal/Deuterocanonical Books, and the New Testament will inform, delight, and challenge readers interested in the Bible, scholars and laypeople alike. Together, these collected histories create a volume that takes the study of women in the Bible to a new level.

Hell of a Book

When You Can't Let Go

~Theœ Unnamed

The Book of Life

A Novel

The Witch of the Azure Moon and the Cursed Prince

Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures . In the city of Seriden, everyone expected the king's daughter, Esther, would inherit the throne. Instead, it went to a thief called Coin. She is a Nameless-- no family, no legal rights, and no standing in society. In a palace where the corridors are more dangerous than the streets, Coin must make a name for herself. But how long can she keep the crown if everyone wants her dead? -- adapted from jacket

Philip K. Dick Award Winner for Distinguished Science Fiction When she fell asleep, the world was doomed. When she awoke, it was dead. In the wake of a fever that decimated the earth's population--killing women and children and making childbirth deadly for the mother and infant--the midwife must pick her way through the bones of the world she once knew to find her place in this dangerous new one. Gone are the pillars of civilization. All that remains is power--and the strong who possess it. A few women like her survived, though they are scarce. Even fewer are safe from the clans of men, who, driven by fear, seek to control those remaining. To preserve her freedom, she dons men's clothing, goes by false names, and avoids as many people as possible. But as the world continues to grapple with its terrible circumstances, she'll discover a role greater than chasing a pale imitation of independence. After all, if humanity is to be reborn, someone must be its guide.

Bran Slocum stands out from the moment he arrives at Ridgewood High, with his oddly unfocused eye and his unusual mode of dress. The immediate target of bullies, he seems strangely aloof and untouched. Sixteen year old Molly Pepper, herself an outsider, is intrigued by his attitude and sets out to befriend him, persuading her best friend David to join her in reaching out to him. Molly and David begin to see that Bran is hiding some sort of secret, but they have no idea how shocking the secret is until the truth hits Ridgewoodâin headlines that put Bran and his new friends in terrible danger, as the whole town turns against them. Events spin out of control and fear spreads like a deadly contagion. Their friendship deepening as they face the plague of hatred together, Bran, Molly and David can only hope they will be able to stand against it.

The Adaption Trilogy: Book 1

The Book of the Unnamed Midwife

A Little Book of Western Verse

Unnamed Memory, Vol. 1 (light Novel)

The Clutter Book

"The Book of Eli - Solara: The Verse of Shadow," is the story of Solara and her mission to save her blind mother from Carnegie. This story is a fan-told expansion of the original 2010 movie The Book of Eli starring Denzel Washington (Eli) and Mila Kunis (Solara). Throughout this book, the reader follows Solara as the main character and receives closure to the original story. This book will appeal to those who enjoy fan fiction.

With an uncanny relevance to today's world and inspired by the life of its author, Karl's Story, is a WW II child refugee's tale of resilience, hope and courage as told through the narrative of her beloved teddy bear, Karl .A story perfect for all ages: read to children by parents, grandparents and teachers alike. It has been read many times to middle elementary grades. A book to be handed down from parent to child to child for generations to come. Karl, "a very old teddy bear," has a magic gift- he can tell stories to children who are still young enough to understand toy talk . Karl's Story begins in Europe. It's about Karl, the young girl Karin, and

Mimi the mind reading cat, ... how the three friends experience and survive WW II and then escape from communism to a new and hope-filled life with his beloved friend Karin .Their journey, their story, enchants children but in the sense of The Little Prince speaks timelessly to adults as well . Karl's Story tells of European refugees and is as relevant today as then. The chaos of the time turned the world of the three friends upside down, slowly at first, from no more whipped cream at birthday parties to ever more frequent air raids, crashing bombs, and a harrowing train ride, with Karl and Mimi stuffed in Karin's old wicker trunk. In the journey Karin loses all she ever knew or loved, but goes on to rebuild her world in America. The book is categorized as Children's Fiction because of its charming cover and talking stuffed animals but is inspirational to young and old alike, and a perfect antidote in these still troubled times; this is indeed a book for all.

I was thirteen years old when I originally thought of the story, and have written and rewritten it more times than I can count. But six years ago, I met my wife a Filipina from Manila, and there I discovered the wonderful and gracious people of the Philippines. After realizing I would have children of mixed racial birth. I decided I wanted to give them a hero to look up to from their own culture. I then re-did all nine books; this time the racial, religious and cultural differences gave the book a more defined nature, one of which I was proud. I had given up long ago on trying to get an agent or a publisher to take interest in my book, but that was never my goal. My goal was to give my children a hero of their own heritage, and to inspire them. Win or lose, they win. The Year is 2079 and the earth has recently been discovered by a ruthless alien race known as the T-Challa. Their plan is to enslave the population and to strip the earth of all its resources to maintain and expand their vast empire. However the earth is not without hope, another alien race called the X'ena's have sent a symbiotic probe to earth to help defend her from the T-Challa. The Probe which takes the name Paladin merges with a human named Caleb Ocode as well as an ancient battleship from a century ago and transforms both into a force to protect the earth. Caleb then man's his ship with the best the earth has to offer as they go out and defend the earth successfully defeating the small fleet sent by the T-Challa. Unfortunately the ship suffers damage and it affects Caleb wounding him, it is quickly discovered that Caleb is dying and with him the mighty ship named Paladin, the only defense of earth. After searching all possible answers to save himself and protect the earth, Caleb decides to find the X'ena to see if they can cure him before his death, but time is short and the single ship must travel through the heart of the T-Challa Empire to find the X'ena and save Caleb. Will they succeed?

The Book of Knowledge and Wonder is a memoir about claiming a legacy of wonder from knowledge of a devastating event. In some ways it has the feel of a detective story in which Steven Harvey pieces together the life of his mother, Roberta Reinhardt Harvey, who committed suicide when he was eleven, out of the 406 letters she left behind. Before he read the letters his mother had become little more than her death to him, but while writing her story he discovered a woman who, despite her vulnerability to depression, had a large capacity for wonder and a love of familiar things, legacies that she passed on to him. The book tackles subjects of recent fascination in American culture: corporate life and sexism in the fifties, mental illness and its influence on families, and art and learning as a consolation for life's woes, but in the end it is the perennial theme of abiding love despite the odds that fuels the tale. As the memoir unfolds, his mother changes and grows, darkens and retreats as she gives up her chance at a career in nursing, struggles with her position as a housewife, harbors paranoid delusions of having contracted syphilis at childbirth, succumbs to a mysterious, psychic link with her melancholic father, and fights back against depression with counseling, medicine, art, and learning. Harvey charts the way, after his mother's death, that he blotted out her memory almost completely in his new family where his mother was rarely talked about, a protective process of letting go that he did not resist and in a way welcomed, but the book grows out of a nagging longing that never went away, a sense of being haunted that caused the writer to seek out places alone-dribbling a basketball on a lonely court, going on long solitary bicycle rides, walking away from his family to the edge of a mountain overlook, and working daily at his writing desk-where he might feel her presence. In the end, the loss cannot be repaired. Her death, like a camera flash in the dark, blotted out all but a few lingering memories of her in his mind, but the triumph of the book is in the creative collaboration between the dead mother, speaking to her son in letters, and the writer piecing together the story from photographs, snatches of memory, and her words so that he can, for the first time, know her and miss her, not some made up idea of her. The letters do not bring her back-he knows the loss is irrevocable-but as he shaped them into art, the pain, that had been nothing more than a dull throb, changed in character, becoming more diffuse and ardent, like heartache.
