A passionately urgent call for all of us to unlearn imperialism and repair the violent world we share, from one of our most compelling political theorists In this theoretical tour-de-force, renowned scholar Ariella Aïsha Azoulay calls on us to recognize the imperial foundations of knowledge and to refuse its strictures and its many violences. Azoulay argues that the institutions that make our world, from archives and museums to ideas of sovereignty and human rights to history itself, are all

dependent on imperial modes of thinking. Imperialism has segmented populations into differentially governed groups, continually emphasized the possibility of progress while it tries to destroy what came before, and voraciously seeks out the new by sealing the past away in dusty archival boxes and the glass vitrines of museums. By practicing what she calls potential history, Azoulay argues that we can still refuse the original imperial violence that shattered communities, lives, and worlds, from native peoples in the Americas at the moment of conquest to the Congo ruled by Belgium's brutal King Léopold II, from dispossessed Palestinians in 1948 to displaced refugees in our own day. In *Potential History*, Azoulay travels alongside historical companions—an old Palestinian man who refused to leave his village in 1948, an anonymous woman in war-ravaged Berlin, looted objects and documents torn from their worlds and now housed in archives and museums—to chart the ways imperialism has sought to order time, space, and politics. Rather than looking for a new future, Azoulay calls upon us to rewind history and unlearn our imperial rights, to continue to refuse imperial violence by making present what was invented as “past” and making the repair of torn worlds the substance of politics.

Powerful warriors of nobility and honor, the Knights of the Round Table fought for king and country, rescued damsels, and went on dangerous quests. But true love may be the most perilous quest of all... Sir Geraint is one of King Arthur's ablest knights but is considered impulsive by his father, the king of Cornwall. When he rashly marries Enid, a beautiful and mysterious swordswoman, Geraint's decision sparks questions about whether the love that's captured his heart so suddenly is a blessing—or a curse... Used to the gentle ladies of Camelot, Geraint is at once infatuated with and suspicious of his bride, a strong and independent warrior woman, gifted with magic powers by the Lady of the Lake. Enid has come to Camelot to secretly learn the fighting techniques that may help her small, peaceful tribe resist a rumored invasion. When she realizes that Geraint may not trust her, Enid is torn between fierce loyalty to her people and a powerful love for her husband that no magic can cure. Fearing that Enid has been deceiving him, Geraint takes her on a dangerous journey that will not only test her true feelings but determine whether the differences that attracted them will fuse into a real, long-lasting love—or tear them apart and ignite a senseless war between their two kingdoms...

"Featuring stories by a bestselling, cross-genre assortment of some of the most exciting writers working today, an anthology of gender-bent, queered, race-bent, and inclusive retellings from the vast lore surrounding King Arthur, Camelot, and the Knights of the Round Table. The stories are so iconic that just a name, a word, conjures romance and betrayal, chivalry and magic. These are legends so embedded in our culture that they feel real; that as early as the twelfth century, Geoffrey of Monmouth, Thomas Malory, and Edmund Spenser were like, "I gotta get to writing fanfic of that." Indeed, from their very earliest incarnations, these stories were waiting to be reinterpreted and retold; they have lived through the centuries because they were transformed. *Sword Stone Table* marks a continuation of that tradition and the start of a brand-new one. Here you'll find the Lady of the Lake reimagined as a Ugandan sorceress and the Lady of Shalott as a wealthy, isolated woman in a futuristic Mexico City penthouse spying on Lancelot via advanced technology; you'll discover Excalibur reformed as a baseball bat that grants a washed-up minor leaguer a fresh shot at glory and as a lost ceremonial drum that returns to a young First Nations boy the power and the dignity of his people. There are stories set in turn-of-the-century Chicago, '80s New York, twenty-first century Singapore, and space; there are lesbian lady knights, Arthur and Merlin reborn in the modern era for a second chance at saving the world and falling in love—even a coffee shop AU. Brave, bold, and groundbreaking, the stories in *Sword Stone Table* will bring fresh life to beloved myths and give long-time fans a chance to finally see themselves in their favorite legends"--

Rooted in folklore, medieval ideals of chivalry, and the last gallant struggles of the British against the Saxon invaders, the legends of King Arthur have been told in song and story since the middle ages. A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother’s dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called “calorie restriction,” eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, “Your eyelashes are invisible, okay? You think Dakota Fanning doesn’t tint hers?” She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In I’m Glad My Mom Died, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called iCarly, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi (“Hi Gale!”), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the iCarly spinoff Sam & Cat alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, I’m Glad My Mom Died is an inspiring story of resilience, independence, and the joy of shampooing your own hair.
