The Book of Speculation will keep you up all night reading.” —Isaac Fitzgerald, BuzzFeed Simon Watson, a young librarian, lives alone in a house that is slowly crumbling toward the Long Island Sound. Since then, generations of “mermaids” in Simon’s family have drowned—always on July 24, which is only weeks away. As his friend Alice locks on with alarm, Simon becomes increasingly worried about his sister. Could there be a curse on Simon’s family? What does it have to do with the book, and can he get to the heart of the mystery in time to save Enola? In the tradition of Sara Gruen’s Water for Elephants, Erin Morgenstern’s The Night Circus, and Elizabeth Kostova’s The Historian, The Book of Speculation—with two-color illustrations by the author—is Erika Swyler’s moving debut novel about the power of books, family, and magic. Lost and Found

A magical story about a boy’s love for his dying father and his journey to the mythic Train of Lost Things, where beloved lost objects are rescued and protected until they can be returned. Perfect for fans of The Phantom Tollbooth, The Bridge to Terabithia, and Lost in the Sun. Marty cherishes the extra-special birthday present his dad gave him -- a jean jacket on which he’s affixed numerous buttons -- because it’s a tie to his father, who is sick and doesn’t have much time left. So when his jacket goes missing, Marty is devastated. When his dad tells him the story of the Train of Lost Things, a magical train that flies through the air collecting objects lost by kids, Marty is sure that the train must be real, and that if he can just find the train and get his jacket back, he can make his dad better as well.

It turns out that the train is real -- and it’s gone out of control! Instead of just collecting things that have been accidentally lost, the train has been stealing things. Along with Dina and Star, the girls he meets aboard the train, Marty needs to figure out what’s going on and help set it right. As he searches for his jacket, and for a way to fix the train, Marty begins to wonder whether he’s looking for the right things after all. And he realizes that sometimes you need to escape reality in order to let it sink in. In this achingly beautiful adventure, it is the power of memories, and the love between a father and son, that ultimately save the day. For the first time ever, *Women in White Coats* tells the complete history of these three pioneering women who, despite countless obstacles, earned medical degrees and paved the way for other women to do the same. Though very different in personality and circumstance, together these women built women-run hospitals and teaching colleges—creating for the first time medical care for women by women. With gripping storytelling based on extensive research and access to archival documents, *Women in White Coats* tells the courageous history these women made by becoming doctors, detailing the boundaries they broke of gender and science to reshape how we receive medical care today.

Eighteen years old and completely alone, Rosemary arrives in New York from Tasmania with little other than her love of books and an eagerness to explore the city. But when Rosemary reads a letter from someone seeking to “place” a lost manuscript by Herman Melville, the bookstore erupts with simmering ambitions and rivalries. Louisiana, 1875: In the tumultuous era of Reconstruction, three young women set off as unwilling companions on a perilous quest: Hannie, a freed slave; Lavinia, the pampered heir to a now deserted plantation; and Juneau Jane, Lavinia’s Creole half sister. Each carries private wounds and powerful secrets as they head for Texas, following roads rife with vigilantes and soldiers still fighting a war lost a decade before. For Lavinia and Juneau Jane, the journey is one of stolen inheritance and financial desperation, but for Hannie, torn from her mother and siblings before slavery’s end, the pilgrimage west reignites an agonizing question: Could her long-lost family still be out there? Beyond the swamps lie the limitless frontiers of Texas and, improbably, hope. Louisiana, 1987: For first-year teacher Benedetta Silva, a subsidized job at a poor rural school seems like the ticket to canceling her hefty student debt—until she lands in a tiny, out-of-step Mississippi River town. Augustine, Louisiana, is suspicious of new ideas and new people, and Benny can scarcely comprehend the lives of her poverty-stricken students. But amid the gnarled live oaks and run-down plantation homes lie the century-old history of three young women, a long-ago journey, and a hidden book that could change everything.
