get pleasure and satisfaction from filling in square diagrams. The rules of playing sudoku are very simple. Although, filling more difficult boards can be a challenge even for experienced players. How to play sudoku? The basic rule is to write the correct numbers on a square board. It is divided into nine of the same 3x3 squares. Each of them contains nine cells. The board should be filled with numbers from 1 to 9. A given number may appear only once in the same column and in the same row. The same goes for 3x3 squares. Numbers from 1 to 9 cannot be repeated. For example,
