

The Little Book Of Big Management Theories: And How To Use Them

Smart, addictive, challenging, fun, and good for the brain—here, in the irresistible 4" x 6" games format, are more than 450 truly satisfying, mind-expanding, full-color puzzles. It's like salted peanuts for the puzzle aficionado and boot camp for the neophyte who wants to give his or her mind a workout. Created by puzzle master Scott Kim—a contributor to Games and Discover magazines—and adapted from the bestselling Amazing Mind Benders Page-A-Day Calendar, The Little Book of Big Mind Benders is a cornucopia of spatial puzzles, number challenges, wordplay, visual conundrums, and more. The puzzles are categorized by type but distributed throughout the book in a mixed fashion (i.e., a word puzzle next to a number puzzle next to a visual stumper). Readers can move page by page, working different parts of the brain—or easily find their favorite type of puzzle, going from easy to challenging. Test your knack for patterns with Dot Matrix. Put the pieces together in Assemblies. Deduce the secret word in Letter Swap, or untangle the mangled phrases of Lost in Translation. Plus discover cool twists on Sudoku, far-out ambigrams, Wordzoids, mazes, and number crunches. Answers are included in the back of the book.

If this little book has made its way into your life, you can trust that it wasn't by accident. This happy coincidence is a nudge from the Universe to remind you that you are awesome. Each chapter is filled with tiny bursts of insight to nourish your heart, warm your Soul, and help you to remember your true-self. If you find yourself asking big, deep life questions like, "What's my purpose?" and "Why am I here?" then you'll want to curl up with The Little Book of Big Knowing. Inside you'll be reminded: -Why you are here. -Who you are at your core. -Why your dreams matter to more than just you. Can you feel the gentle tug on your heart to know more? It's time. Take a breath, and lean in.

Perfect for your next dinner party discussion, The Little Book of Big Ethical Questions presents some of today's most thought-provoking ethical questions in a welcoming, easy-to-discuss Q&A format, with guidance from a renowned ethicist. Often a single question can spark a meaningful exchange—like "Would you apply for a job you know your friend is applying for?" Or "Should voting be mandatory?" Or what about police using facial recognition technology? Questions like these spur us to consider: What would I have done? Is there one correct answer? And ultimately: How can ethics help us navigate these situations to find the best outcome for ourselves and others? An ethicist who advises leaders and organizations worldwide, Susan Liautaud asks intriguing questions that encourage lively discussion across a range of subjects, from family and friends to health and technology to politics, work, and consumer choices. She then walks through the ways you might approach each situation to find the best answer for you. Grab the book, gather a few friends, and dive in!

Breakout star of this year's Love Island, Dr. Marcel brings you his ultimate guide to finding love, the island way... In the Love Island villa things can get pretty intense. From the perils of being mugged off to figuring out whether your type on paper is your type in real life, all the while trying to avoid being pied, there was only one person to go to for advice: Dr. Marcel. Warm, funny and with a heart of gold, his pearls of wisdom and reassuring advice helped many a rocky relationship in the villa. Forget Blazin' Squad, Marcel found his true calling right in front of our eyes - love guru, sage and confidant. The most listened to expert on Love Island, on and off the screen, Marcel warmed people's hearts as well as teaching valuable lessons: Should you be putting all your eggs in one basket? Have you been grafting for too long? Are you being pied off? Should you only date your type on paper? Dr Marcel's Little Book of Big Love is the perfect guide for those looking for love and navigating the often overwhelming world of modern dating. And let's face it, there's nothing that can't be learnt from the man who thrived and survived on Love Island. Finding love will never be the same again.

Exploring more than 60 of the most important events in world history, this ebook is the perfect introduction to the past, and ideal for summer reads. From the birth of Athenian democracy to the rise and fall of Rome and from the American Revolution to the landing beaches of World War II, The Little Book of History brings the past to life. Includes infographics and flowcharts that explain complex concepts in a simple but exciting way, this ebook examines the events that shaped our past. Charting the human era from the beginnings of civilization to the modern culture of today this ebook makes the perfect introduction to the human story. One of a series of new, compact sister titles to DK's "Big Ideas" series, The Little Book of History offers you the same combination of clear text and hard-working infographics perfect for vacation reading.

As an entrepreneur, you need every helpful tool you can get your hands on to build your business. And if you know the tricks of the trade, perhaps nothing can gain more attention for your small business and build your company's credibility than a good, old-fashioned public-relations campaign. Whether you're an established company or a cost-conscious start-up, The Little Book of Big PR tells you all you need to know to be able to use public relations effectively as a business-building tool. Drawing on the expertise gained during her long career in public relations, Jennefer Witter shares simple, smart, and budget-friendly methods for getting your business noticed, including what she calls the seven key elements of public relations: • Self-branding • Media relations • Social Media • Networking • Speaking engagements • Cause-related marketing • Selecting a PR agency Complete with real-world case studies and sample content (such as media pitches) to use as-is or to modify to fit your own specific needs, this all-encompassing resource will provide for you the expert guidance all entrepreneurs need to grow their business to new, attention-getting heights.

This ebook is the perfect introduction to politics and political thought throughout history. From the origins of democracy to Machiavelli's cunning statecraft, and from Rousseau's "social contract" to the American Declaration of Independence, Marxist communism, the dawn of populism, and identity politics, The Little Book of Politics examines the philosophies behind the different political beliefs and methods of government used around the world over the course of human history. Includes infographics and flowcharts that explain complex concepts in a simple but exciting way, The Little Book of Politics offers you a combination of clear text and hard-working infographics in a portable format that is perfect for reading on the go.

And that can change your life. Short and punchy with quick tips and inspiring graphics, The Little Book of Thinking Big will have your imagination, creativity and determination firing on all cylinders. You'll come away with a set of BIG goals to fuel and drive your BIG life. Here's where it starts. This is a reset button. Push it. Think bigger.

"Hogan compresses the fifteen-billion-year history of the Universe into a pleasurable evening. In a very direct way, he answers the questions everyone asks." -MARGARET GELLER, HARVARD-SMITHSONIAN CENTER FOR ASTROPHYSICS "This delightful little primer brings you right up to the cutting edge of modern cosmology." -GEORGE SMOOT, PRINCIPAL INVESTIGATOR, COBE AND AUTHOR OF WRINKLES IN TIME

"An excellent bridge by which the layperson can enter the domain of the Cosmos with understanding." -ROBERT WILLIAMS, DIRECTOR, SPACE TELESCOPE SCIENCE INSTITUTE

An exploration of some of the most important and enduring ideas in human history - from religion, science, philosophy, medicine, psychology, politics, economics and art - each presented in brief, accessible form. 'Big' ideas are those concepts and theories that have radically transformed our understanding of the world we live in, our place in that world and the ways we have shaped the past and will shape the future. They are the ideas that have had a huge impact on human civilization - and they come from all disciplines of human ingenuity. Topics covered range widely and include Creation Mythology, Existentialism, The Elements, Relativity, Space Travel, Geometry, Ethics, Behaviourism, Genetics, Warfare, The Nation State, Anarchism, Capitalism, Classical Art and Architecture, The Renaissance - and much more. This concise, accessible and multi-faceted book provides an essential

introduction to 150 of the most important principles of Western thought.

Everyone needs to invest, but where do you invest during bear markets? The massive stock declines over the past year have eroded savings, but this doesn't mean you should stuff your money under a mattress. It needs to be put to work getting some return so that it will grow. Smart investors will turn to high dividend paying stocks to get a stable and growing stream of income. Dividend investing—that provides an income beyond any gain in the share price—may be the investor's best weapon. Dividends are safe, largely reliable, and maybe at the their cheapest levels in many years. While the best paying dividend stocks of recent years, such as financials, took a huge beating in 2008, opportunities will abound in 2010 and beyond—if you know where to look. In The Little Book of Big Dividends, dividend stock expert Chuck Carlson presents an action plan for dividend-hungry investors. You'll learn about the pitfalls, how to find the opportunities, and will learn how to construct a portfolio that generates big, safe dividends easily through the BSD (Big, Safe Dividends) formula. If you're a bit adventurous, Carlson has you covered, and will teach you how to find big, safe dividends in foreign stocks, preferred stocks, ETFs, real estate investment trusts, and more. Contains the simple tools, strategies, and recommendations for finding big, safe dividends Helps you put a complete portfolio together that pays dividends every month Show you the top dividend paying stocks with their dividend payment dates It doesn't get any easier than this, and in these turbulent times, you can't afford to ignore the power of dividends. Read The Little Book of Big Dividends and gain a better perspective of how you can protect yourself for the future.

The Little Book of Stock Market Profits

The key to building wealth the low-priced stock way Low-priced gems, or what author Hilary Kramer calls "breakout stocks" come in all kinds of shapes and sizes but they all have three things in common: (1) they are mostly under \$10; (2) they are undervalued; and (3) they have specific catalysts in the near future that put them on the threshold of breaking out to much higher prices. In The Little Book of Big Profits from Small Stocks, small stock expert Hilary Kramer looks for stocks with fifty to two hundred percent upside potential! From drug stocks that may have been punished because an FDA approval failed to materialize when Wall Street expected it to, to the overly zealous selling off of Ford, there are many great low-priced stock opportunities. In this Little Book you'll learn: How to identify the low cost stocks that have the potential to yield big profits The most important secret to making money in stock investing Plus, you'll gain instant access to a website with educational videos, interactive tools and stock recommendations The Little Book of Big Profits from Small Stocks explains Kramer's methodology and gives you the ability to analyze the opportunities to pick your own winners.

From the author of the popular Introvert Doodles and Kind of Coping, Maureen "Marzi" Wilson is tackling all kinds of big feelings with over 175 relatable, supportive, and light-hearted comics in her signature style. We've been conditioned to think that the most acceptable response to "How are you?" is, "I'm fine." But our emotions are much more complicated than that! Sometimes we feel a little annoyed, or elated, or afraid. And you know, that's okay! In The Little Book of Big Feelings, Maureen "Marzi" Wilson takes us on a journey of self-acceptance and validation. After all, our emotions are only reactions to experiences that we can learn from; there's no such thing as a "bad" emotion. It's okay to be scared, it's alright to feel hopeful, and it's perfectly fine to feel both at the same time. There is a wide range of human emotions, and it's time we start embracing each one!

An illustrated activity book featuring the adorable, fluffy corgi bum What's floofy, boopy, splooty, and driving people wild? Corgi butts. Corgis have been breaking the Internet with their heart-shaped bottoms and woeful glances since the dawn of online. Now, finally, The Little Book of Big Corgi Butts will be the first-ever illustrated ode to the world's favorite dog booty. Part activity book, part homage, this book is a delightful dose of much-needed comfort and cuteness. The Little Book of Big Corgi Butts offers all the charming, escapist fun that anxious adults need today, as well as a stress-relieving, hands-on experience anyone can enjoy. With activities and coloring pages, this book offers Corgi Crosswords, how-tos for drawing derpy pups, amusing word searches, and more. Irresistibly adorable, The Little Book of Big Corgi Butts is primed to be the must-have gift book of the season for pet lovers and anyone who could use more smiles and soft tushies in their life.

Allen Klein, master of the right quote at the right moment, has gathered his favorite, most inspiring words of wisdom into this treasury of moving and meaningful sayings from around the world that incite readers to live life to the fullest. Readers can take this book on the go to get a quick shot of inspiration at any time, or they can select one quote every day for in-depth thought and meditation. The book's small size makes it ideal to carry in a purse or a bag, or to keep by the computer for those moments of need. However readers choose to use these uplifting and inspiring quotes, they all have the potential to be life-changing. Kipling once said that words are "the most powerful drug used by mankind" — the words in this book are the prescription readers need to revise their lives. The book features a foreword by Jack Canfield, cocreator of the best-selling Chicken Soup for the Soul series.

An inspiring and illuminating guide to true self care, from the sage teacher and breakout star of the critically acclaimed drama, Queen Sugar, from Executive Producers Oprah Winfrey and Ava DuVernay for OWN. Featured on Essence Magazine's Culture List In all your years of schooling, did you ever take a single class that explained how to navigate the hurt, drama, and fear that come with living? Tina Lifford sure didn't. She learned the hard way—through experience as both a Hollywood actress and as the founder of the personal development network The Inner Fitness Project. Now, she brings together her own hard-won insights as well as those of her clients in this helpful and transformative guide. A blend of personal anecdotes and meaningful, practical—and most important, actionable—advice, The Little Book of Big Lies is the life skills class you need to nurture the inner you and move beyond the past. In fourteen raw, personal stories, Tina teaches you how to change your self-perception—to see yourself in the best possible light, to love and honor what you see, and to forge a new sense of what's possible in every aspect of your life. But make no mistake, The Little Book of Big Lies is not a "rah-rah" quick fix for fear and pain. Like physical fitness, building and maintaining emotional strength requires continued effort. This invaluable book is the foundation you need to start building inner health and well-being so you can thrive. Tina guides you on a journey of self-discovery that will help you turn shame into self-acceptance, self-rejection into self-love, blame into freedom, and old hurt into power. Wise and powerful, The Little Book of Big Lies will completely change how you think and live.

From the Donner party to the sinking of the RMS "Titanic," this little book shows that some people's faux pas are worse--way, way worse--than others.

What does it mean to be beautiful? Bernadette Fisers has spent a career in fashion hair and makeup, travelling the world to work on famous faces – so she knows better than most that beauty is much more than skin deep. Anyone can be beautiful, and it starts simply with loving yourself. In this wise little book, she shares a lifetime's worth of tips for creating the kind of inner and outer beauty that makes you glow – simple truths like kindness, authenticity, acceptance and generosity that shine through and make life richer and more joyful. We all know that when we look good, we feel better too – so Bernadette also spills the secrets that only a beauty insider could know. From the products you seriously can't live without to the ones you most definitely can, plus all the essential techniques, she'll guide and empower you to make smart, beautiful choices for yourself so you can look your absolute best with minimal confusion and expense. In an hour, you'll be on your way to a more beautiful you.

From the Big Bang to the future of our planet, The Little Book of Big History divides history into manageable but comprehensive time frames, encompassing the cosmos, the stars, life and everything in between. Big History is the attempt to understand and condense the entire story of

the cosmos, from the Big Bang to the current day. Combining methods from history, astronomy, physics and biology to draw together the big story arcs of how the universe was created, why planets formed and how life developed, this creates a unique perspective from which to understand the place of mankind in the universe. Excited by the alternative 'framework for all knowledge' that is offered by this approach, Bill Gates is funding the Big History Project, which aims to bring the subject to a wider audience around the world. The Little Book of Big History breaks down the main themes of Big History into highly informative and accessible parts for all readers to enjoy. By giving a truly complete timeline of world events, this book shines a whole different light on history as we learned it and makes us think of our history - and our future - in a very different way.

Introduce little readers to the worlds of Tangled, The Little Mermaid, Mulan, and Cinderella while learning about shapes, colors, emotions, and opposites. Charming illustrations accompany simple text to make this take on concepts the perfect introduction to beloved Disney Princesses for little ones.

Successful hair and makeup artist Bernadette Fisers had struggled with her weight for years. Things came to a head when her BMI hit 42 and she was officially labelled morbidly obese with a fatty liver, high blood pressure and pre-diabetes. She took matters into her own hands, interviewing the models she worked with and researching medical reports and health and nutrition papers, until finally creating a healthy lifestyle plan that worked long term. The Little Book of Big Weightloss is a no nonsense guide to radical and sustainable weight loss for anyone sick and tired of diet failure and confused by conflicting diet advice and complicated regimens. Based on a set of 31 food and lifestyle 'rules' this quick to read book offers a fresh 'can do' approach to dieting and sustainable health.

The Little Book of Big Bubbles - A History of Financial Greed and Collective Insanity. Whether it's tulips, real estate, or even Beanie Babies: asset bubbles are thought to inflate and pop without rhyme or reason. This is not true. Humans are greedy. We are susceptible to being deluded by our own collective insanity. We ignore the lessons of the past and make the same mistakes over and over. What are financial bubbles, and how do we navigate them? In this book, we explore ten of history's most significant bubbles and identify what they have in common to build a framework for recognising future ones. Chapters An Introduction The Roman Land Collapse (33 AD) The Dutch Tulipe Mania (1637) The South Sea Company (1720) The Mississippi Company (1720) US Land Panics (1819, 1837 and 1857) The Roaring '20s (1921-1929) The Japanese Asset Bubble (1986-1991) Beanie Babies (1995-1999) The Tech Bubble (1995-2000) The US Housing bubble (2005-2008) The Lessons of History The Author - Edmund Simms Value investor. Worked in hedge funds, mutual funds, venture capital, and as co-founder to three startups. No managing a private investment partnership and an equity research publication. Made in Australia but residing in London.

Little Book of Big Emotions

Simple Guidance to Change your Life and Inspire Better Health, Wellness, and Fulfillment In a world full of people who are searching for big change, The Little Book of Big Life Change explores nine key elements of well-being and offers a wide-spanning, complete approach to regaining balance in our lives. Interweaving science with experience and ancestral wisdom, health and wellness guide Carrie Ciula helps us understand the ways that we can be living in a state of imbalance and shows us how to hone in on a few all-important, but often pushed-aside parts of life: nutrition, breath, movement, rest, cleansing, thought, unity, purpose, and love. This book will help you: Better understand the food you eat Decrease the amount of unwanted substances surrounding you Become aware of your thoughts and how they affect the way you feel Be mindful of what you buy And so much more Anyone who feels as though they aren't fully experiencing the life that they are here to experience, or who is drawn to improving their sense of joy and fulfillment, will be guided toward a deeper knowing that true balance happens as we learn to support the feeling of being content, connected, and complete within one's self—the feeling of being whole.

The Little Book of Big Questions is for anyone who has ever wanted the freedom to triumphantly navigate almost any of life's situations. Sometimes the search for the answer can be more valuable than the answer itself. And by using this book, with its pointed questions and provocative insights, you will be able to sharpen your focus on what matters and take actions that will bring about the results you want. The Little Book of Big Questions was created as a result of my own need to become accountable. I came up with a series of hard-hitting probing questions that shifted my perspective and changed my life. Answer them thoroughly and honestly, and they will change yours, too. I went from believing there was no possibility to believing there is infinite possibility; from thinking it was too late to thinking it's never too late. You'll discover yourself for yourself in The Little Book of Big Questions.

A treat for the millions who love the comics from the thirties and fourties, this book reproduces jacket art and illustrations from all the classics and recounts the history of their most sensational stars, including Buck Rogers, Dick Tracy, Betty Boop, and Mickey Mouse.

Introduces 16 fictional children, named in alphabetical order, along with something each fears. In a twist on your typical alphabet book, The Little Book of Big Fears skips several letters along the way. An endnote suggests that looking to these letters which spell GUTSY and BRAVE will help children face their own fears.

101 management theories from the world's best management thinkers - the fast, focussed and express route to success. As a busy manager, you need solutions to everyday work problems fast. The Little Book of Big Management Theories gives you access to the very best theories and models that every manager should know and be able to use. Cutting through the waffle and hype, McGrath and Bates concentrate on the theories that really matter to managers day-to-day. Each theory is covered in two pages - telling you what it is, how to use it and the questions you should be asking - so you can immediately apply your new knowledge in the real world. The Little Book of Big Management Theories will ensure you can: Quickly resolve a wide range of practical management problems Be a better, more decisive manager who gets the job done Better motivate and influence your staff, colleagues and stakeholders Improve your standing and demonstrate that you are ready for promotion All you need to know and how to apply it - in a nutshell.

The Little Book of Big Weightloss

A deep understanding of prime numbers is one of the great challenges in mathematics. In this new edition, fundamental theorems, challenging open problems, and the most recent computational records are presented in a language without secrets. The impressive wealth of material and references will make this book a favorite companion and a source of inspiration to all readers. Paulo Ribenboim is Professor Emeritus at Queen's University in Canada, Fellow of the Royal Society of Canada, and recipient of the George Pólya Award of the Mathematical Association of America. He is the author of 13 books and more than 150 research articles. From the reviews of the First Edition: Number Theory and mathematics as a whole will benefit from having such an accessible book exposing advanced material. There is no question that this book will succeed in exciting many new people to the beauty and fascination of prime numbers, and will probably bring more young people to research in these areas. (Andrew Granville, Zentralblatt)

Brimming with more than 20 exciting, educational activities and projects that focus on techy and electronics topics, this is the perfect inspirational guide for young experimenters. Build your own bristlebot, power a propeller motorboat, make a matchbox microphone, and construct a crane by following step-by-step instructions and using affordable equipment. Maker Lab STEM will engage budding scientists as they experiment, invent, trial and test technology, electronics, and mechanics at home. Simple steps with clear photographs take readers through the stages of each low-cost project, with fact-filled panels to explain the science behind each one and to fascinate them with real-world examples. With an increasing focus across school curricula on encouraging children to enjoy and explore STEM subjects (science, technology, engineering, and maths), Maker Lab STEM is the perfect companion for any inquisitive child with an interest in technology and how it works.

Little changes can make a big, big difference! In The Little Book of Big Change, psychologist Amy Johnson shows you how to rewire your brain and overcome your bad habits—once and for all. No matter what your bad habit is, you have the power to change it. Drawing on a powerful combination of neuroscience and spirituality, this book will show you that you are not your habits. Rather, your habits and

addictions are the result of simple brain wiring that is easily reversed. By learning to stop bad habits at the source, you will take charge of your habits and addictions for good. Anything done repeatedly has the potential to form neural circuitry in the brain. In this light, habits and addictions are impersonal brain wiring problems that result from taking your habitual thinking as truth, and acting on that thinking in the form of doing your habit—over and over. This book offers a number of small changes you can make in your everyday life that will help you stop your bad habit in its tracks. If you want to understand the science behind your habit, make the decision to end it, and commit to real, lasting change, this book will help you to finally take charge of your life—once and for all.

A timely guide to making the best investment strategies even better A wide variety of strategies have been identified over the years, which purportedly outperform the stock market. Some of these include buying undervalued stocks while others rely on technical analysis techniques. It's fair to say no one method is fool proof and most go through both up and down periods. The challenge for an investor is picking the right method at the right time. The Little Book of Stock Market Profits shows you how to achieve this elusive goal and make the most of your time in today's markets. Written by Mitch Zacks, Senior Portfolio Manager of Zacks Investment Management, this latest title in the Little Book series reveals stock market strategies that really work and then shows you how they can be made even better. It skillfully highlights earnings-based investing strategies, the hallmark of the Zacks process, but it also identifies strategies based on valuations, seasonal patterns and price momentum. Specifically, the book: Identifies stock market investment strategies that work, those that don't, and what it takes for an individual investor to truly succeed in today's dynamic market Discusses how the performance of each strategy examined can be improved by combining into them into a multifactor approach Gives investors a clear path to integrating the best investment strategies of all time into their own personal portfolio Investing can be difficult, but with the right strategies you can improve your overall performance. The Little book of Stock Market Profits will show you how.
