A selection of the best and most representative contemporary American short fiction from 1970 to 2020, including such authors as Ursula K. LeGuin, Toni Cade Bambara, Jhumpa Lahiri, Sandra Cisneros, and Ted Chiang, hand-selected by celebrated editor and anthologist John Freeman In the past fifty years, the American short story has changed dramatically. New voices, forms, and mixtures of styles have brought this unique genre a thrilling burst of energy. The Penguin Book of the Modern American Short Story celebrates this avalanche of talent. This rich anthology begins in 1970 and brings together a half century of powerful American short stories from all genres, including—for the first time in a collection of this scale—science fiction, horror, and

fantasy, placing writers such as Ursula K. Le Guin, Ken Liu, and Stephen King next to some beloved greats of the literary form: Raymond Carver, Grace Paley, Chimamanda Ngozi Adichie, and Denis Johnson. Culling widely, John Freeman, the former editor of Granta and now editor of his own literary annual, brings forward some astonishing work to be regarded in a new light. Often overlooked tales by Dorothy Allison, Percival Everett, and Charles Johnson will recast the shape and texture of today's enlarging atmosphere of literary dialogue. Stories by Lauren Groff and Ted Chiang raise the specter of engagement in ecocidal times. Short tales by Tobias Wolff, George Saunders, and Lydia Davis rub shoulders with near novellas by Susan Sontag and Andrew Holleran. This book will be a treasure trove for readers, writers, and teachers alike.

"Critical theory has become the common denominator in the study of the modern human sciences. The amount of theory is bewildering, and access to it is complex. As new fields of study open up and academics reassess the old disciplines in the light of a new theory, the student is faced with a vast array of critical tools with which to tackle his or her subject. What is required is a book that serves as an introduction to the range of theories and theorists at an academic's disposal. The Penguin Dictionary of Critical Theory fulfils that need." "The Penguin Dictionary of Critical Theory is a resource for all students and is an authoritative reference to this huge and confusing subject." --Book Jacket.

REESE'S BOOK CLUB PICK FOR MAY '22! • "Delightful . . . [a] captivating and slyly subversive fictional paeon to the real women whose work on the Oxford English Dictionary went largely unheralded."—The New York Times Book Review "A marvelous fiction about the power of language to elevate or repress."—Geraldine Brooks, New York Times bestselling author of People of the Book Esme is born into a world of words. Motherless and irrepressibly curious, she spends her childhood in the Scriptorium, an Oxford garden shed in which her father and a team of dedicated lexicographers are collecting words for the very first Oxford English Dictionary. Young Esme's place is beneath the sorting table, unseen and unheard. One day a slip of paper containing the word bondmaid flutters beneath the table. She rescues the slip and, learning that the word means "slave girl," begins to collect other words that have been discarded or neglected by the dictionary men. As she grows up, Esme realizes that words and meanings relating to women's and common folks' experiences often go unrecorded. And so she begins in earnest to search out words for her own dictionary: the Dictionary of Lost Words. To do so she must leave the sheltered world of the university and venture out to meet the people whose words will fill those pages. Set during the height of the women's suffrage movement and with the Great War looming, The Dictionary of Lost Words reveals a lost narrative, hidden between the lines of a history written by men. Inspired by actual events, author Pip Williams has delved into the archives of the Oxford English Dictionary to tell this highly original story. The Dictionary of Lost Words is a delightful, lyrical, and deeply thought-provoking celebration of words and the power of language to shape the world. WINNER OF THE AUSTRALIAN BOOK INDUSTRY AWARD
