Le decisioni che prendiamo, per piccole che possano sembrare segnano la direzione che prenderà nostra vita. Quando Nora Clayton, la bella vicepresidente esecutiva di un'importante casa farmaceutica di New York, deve licenziare diecimila dipendenti per sostituirli con sofisticati macchinari, scatena l'ira di Bonnie Larson, una donna invisibile per la società, che proviene da una grande stirpe di malefiche streghe. Decide dopo molto tempo senza usare la sua magia, fa un maleficio a Nora che vedrà la sua vita cambiare di 360°. Le persone con cui condivide la sua agiata esistenza non la riconoscono, il suo lussuoso appartamento dell'Upper East Side non le appartiene e l'unica opzione che le resta è tornare a Kutztown, Pennsylvania, il paese dov'è nata, riprendere la relazione inesistente con sua madre e cominciare a vivere la vita che non ha scelto. Una storia di mondi paralleli, decisioni che non prendiamo, i ricordi, la vita, l'amore e in dei conti il destino. Una lezione sulla vita, pagina dopo pagina. The Foundations

Sequel to 11-B: The Noisy Neighbor Summer fireworks were undeniable, but Warwick needed time to deal with his past, so in fall, he and Dom went their separate ways. Even though fate intervened with an unplanned reunion on a flight to Europe that ended in a kiss, Warwick still took the planned break once back in England. With his head clear by winter, Warwick knows what he wants -- Dom. Dom feels the same, but his opera diva mother, who swears by romantic fables and love mythology, claims the third time is no charm. In fact, a third reunion, according to her, is always cursed. As the three embark on a Christmas concert tour, the prophecy seems to be coming true. Sfortuna, bad luck, follows them from city to city. Is Warwick and Dom's relationship really doomed before it begins, or will mythology and Christmas spirit provide a way around the jinx?

Set in Italy during WWII and twenty-five years later, this is a story of a mother and daughter, of love and the secrets that echo through generations. In the fields around Tuscany in summertime, sunflowers grow in abundance—wave upon wave of gold and green standing tall against the Italian sky. But for Signora Maria Ferraro, the bright yellow blooms she once loved as a child have come to represent the most painful episode of her life. Not even her cherished daughter, Anabella, knows what happened to her during World War II, when the Germans overran her hometown of Florence and Signora Ferraro fell in love with a Resistance fighter. In the aftermath of loss and grief she found salvation through an unlikely source—cultivating roses on her farm in the Tuscan countryside. Now the blossoms symbolize everything that is both good and

safe, and she nurtures them with as much care as she guards her past. Yet to Anabella, the rose farm that once delighted her has become little more than a pretty prison. Despite her beautiful surroundings, Anabella longs for more. During one of her regular visits to Siena to sell their flowers, Anabella encounters a handsome young artist named Dante Galletti. His canvases are filled with images of a girl who looks just like Anabella—and Dante claims to have seen her in his dreams, running through a sunflower field. Through Dante, Anabella begins to see sunflowers, her cloistered existence, and the world itself through new eyes. As their relationship deepens, Anabella knows she will soon have to choose between loyalty to her mother, and the risks and rewards of living on her own terms . . .

In this fast-paced world of science and technology, we have set ourselves to a never-ending race with time. We've lost

our capacity to enjoy the simple pleasures in life. We have dulled our senses from appreciating the wild flowers along our way that flaunt their beauty and waft their fragrance on the breeze. We cast our vision hurriedly past the inviting pathways into the deep woods that eagerly entice us to take a moment's rest. Lest we become robots devoid of feeling, machineries unable to experience bliss, we must elevate ourselves from the mundane to such loftiness of spirit as will enable us to experience and enjoy the true essence of life. This book offers us a sanctuary to rest our weary body and spirit, and its poetry allows us to feel the realities within ourselves—too often missed, yet are far richer than the physical realities around us that are too commonplace and barren to appreciate. The poems tug at the root of our being, awakening the treasures lurking within us—little gems too inspiring to miss and too beautiful to forget. This book is a window into my soul—the anima within me that gives me life. It is the true reality of my existence—more than the reality of my physical being. It is beyond what my intellect can reach and what my emotions can inspire. My poetry, which includes my songs, is the fresh breath of my soul; it

is the raw expression of what is at my core, borne in the spur of the moment and perfected by inspiration. It is, therefore, in a spirit of love and absolute trust that I welcome you into this sanctuary of my soul since I render myself bare, naked, and vulnerable as I put you in touch with my true reality, which is devoid of fear, pretenses, inhibitions, as well as self-serving needs or purpose.

The power exercised by the mother on the son in Mediterranean cultures has been amply studied. Italy is a special case in the Modern Era and the phenomenon of *Mammismo italiano* is indeed well known. Scholars have traced this obsession with the mother figure to the Catholic cult of the Virgin Mary, but in fact, it is more ancient. What has not been adequately addressed however, is how *Mammismo italiano* has been manifested in complex ways in various modern artistic forms. *Portrait of the Artist and His Mother in Twentieth-Century Italian Culture* focuses on case studies of five prominent creative personalities, representing different, sometimes overlapping artistic genres (Luigi Pirandello, Pier Paolo Pasolini, Dino Buzzati, Carlo Levi, Federico Fellini). The author examines how the

mother-son relationship not only affected, but actually shaped their work. Although the analysis uses mainly a psychological and psychoanalytical critical approach, the belief of the author, substantiated by historians, anthropologists and sociologists, is that historical and cultural conditions contributed to and reinforced the Italian character. This book concludes with an analysis of some examples of Italian film comedies, such as Fellini's and Monicelli's where mammismo/vitellonismo is treated with a lighter tone and a pointed self irony. The Road to Missoula is an engrossing story of an Italian immigrant family, portraying the challenges, joys, and triumphs they face from the time of their arrival at Ellis Island at the beginning of the 20th century and through the ensuing decades as they learn to balance their Italian cultural heritage with the ways of their new home in America. Recounting childhoods, marriages, love, death, and the occasional brush with the law, the story interweaves significant and true world political events of the time with their traumatic, exciting and suspenseful effects on the family. It personalizes cultural and religious clashes, and provides insight into ethnic identity crises and solutions.

The Road to Missoula skillfully explores through one family's experience the human emotions and drives we all share love, anger, jealousy, fear, ambition, disappointment, adventure, and happiness.
