'He writes history like nobody else. He thinks like nobody else ... He sees the world as a whole, with its limitless fund of stories' Bryan Appleyard, Sunday Times Where have the people in any particular place actually come from? What are the historical complexities in any particular place? This evocative historical journey around the world shows us. 'Human history is a tale not just of constant change but equally of perpetual locomotion', writes Norman Davies. Throughout the ages, men and women have endlessly sought the greener side of the hill. Their migrations, collisions, conquests and interactions have given rise to the spectacular profusion of cultures, races, languages and polities that now proliferates on every continent. This incessant restlessness inspired Davies's own. After decades of writing about European history, and like Tennyson's ageing Ulysses longing for one last adventure, he embarked upon an extended journey that took him right round the world to a score of hitherto unfamiliar countries. His aims were to test his powers of observation and to revel in the exotic, but equally to encounter history in a new way. *Beneath Another Sky* is partly a historian's travelogue, partly a highly engaging exploration of events and personalities that have fashioned today's world - and entirely sui generis. Davies's circumnavigation takes him to Baku, the Emirates, India, Malaysia, Mauritius, Tasmania, Tahiti, Texas, Madeira and many places in between. At every stop, he not only describes the current scene but also excavates the layers of accumulated experience that underpin the present. He

tramps round ancient temples and weird museums, summarises the complexity of Indian castes, Austronesian languages and Pacific explorations, delves into the fate of indigenous peoples and of a missing Malaysian airliner, reflects on cultural conflict in Cornwall, uncovers the Nazi origins of Frankfurt airport and lectures on imperialism in a desert oasis. 'Everything has its history', he writes, 'including the history of finding one's way or of getting lost.' The personality of the author comes across strongly - wry, romantic, occasionally grumpy, but with an endless curiosity and appetite for knowledge. As always, Norman Davies watches the historical horizon as well as what is close at hand, and brilliantly complicates our view of the past.

What does Roman Britain mean to us now? How were its physical remains rediscovered and made sense of? How has it been reimagined, in story and song and verse? Sometimes on foot, sometimes in a magnificent, if not entirely reliable, VW camper van, Charlotte Higgins sets out to explore the ancient monuments of Roman Britain. She explores the land that was once Rome's northernmost territory and how it has changed since the years after the empire fell. *Under Another Sky* invites us to see the British landscape, and British history, in an entirely fresh way: as indelibly marked by how the Romans first imagined and wrote, these strange and exotic islands, perched on the edge of the known world, into existence. Spanning three decades and ten countries, award-winning author and journalist Andrew Scott's travelogue, *Under the Bright Sky*, is an intimate account of finding family interwoven with moments of historical reflection.

In the spirit of Khaled Hosseini, Nadia Hashimi and Shilpi Somaya Gowda comes this powerful debut from a talented new voice—a sweeping, emotional journey of two childhood friends in Mumbai, India, whose lives converge only to change forever one fateful night. India, 1986: Mukta, a ten-year-old village girl from the lower caste Yellama cult has come of age and must fulfill her destiny of becoming a temple prostitute, as her mother and grandmother did before her. In an attempt to escape her fate, Mukta is sent to be a house girl for an upper-middle class family in Mumbai. There she discovers a friend in the daughter of the family, high spirited eight-year-old Tara, who helps her recover from the wounds of her past. Tara introduces Mukta to an entirely different world—one of ice cream, reading, and a friendship that soon becomes a sisterhood. But one night in 1993, Mukta is kidnapped from Tara's family home and disappears. Shortly thereafter, Tara and her father move to America. A new life in Los Angeles awaits them but Tara never recovers from the loss of her best friend, or stops wondering if she was somehow responsible for Mukta's abduction. Eleven years later, Tara, now an adult, returns to India determined to find Mukta. As her search takes her into the brutal underground world of human trafficking, Tara begins to uncover long-buried secrets in her own family that might explain what happened to Mukta—and why she came to live with Tara's family in the first place. Moving from a traditional Indian village to the bustling modern metropolis of Mumbai, to Los Angeles and back again, this is a heartbreaking and beautiful portrait of an unlikely friendship—a story of love, betrayal, and, ultimately, redemption.

NATIONAL BOOK AWARD WINNER • NATIONAL BESTSELLER • The first volume in the Border Trilogy, from the Pulitzer Prize–winning author of *The Road* *All the Pretty Horses* is the tale of John Grady Cole, who at sixteen finds himself at the end of a long line of Texas ranchers, cut off from the only life he has ever imagined for himself. With two companions, he sets off for Mexico on a sometimes idyllic, sometimes comic journey to a place where dreams are paid for in blood.

Jenny Diski's attempt to keep still and mentally idle resulted in a year in which she travelled to New Zealand, spent two months almost alone in a cottage in the country and visited the Sámi people of Lapland. Diski, fails to keep still and, like the philosopher Montaigne, keeps a record of her ramblings both mental and physical hoping as he did in time to make her mind ashamed of itself. Interspersed with ill-tempered descriptions of these trips are digressions on the subject of her sore foot; her childhood desire for 'a condition', thoughts about growing older, spiders, fundamentalism and the problems of

keeping warm.

A journey through a land where Milo learns the importance of words and numbers provides a cure for his boredom.

“Lucid and engaging . . . should take pride of place on the bookshelf of specialists and non-specialists interested in Roman Britain.” —Minerva This illuminating account of Britain as a Roman province sets the Roman conquest and occupation of the island within the larger context of Romano-British society and how it functioned. The author first outlines events from the Iron Age period immediately preceding the conquest in AD 43 to the emperor Honorius’s advice to the Britons in 410 to fend for themselves. He then tackles the issues facing Britons after the absorption of their culture by an invading army, including the role of government and the military in the province, religion, commerce, technology, and daily life. For this revised edition, the text, illustrations, and bibliography have been updated to reflect the latest discoveries and research in recent years. The superb illustrations feature reconstruction drawings, dramatic aerial views of Roman remains, and images of Roman villas, mosaics, coins, pottery, and sculpture.

Return of a King

From William Dalrymple—award-winning historian, journalist and travel writer—a masterly retelling of what was perhaps the West’s greatest imperial disaster in the East, and an important parable of neocolonial ambition, folly and hubris that has striking relevance to our own time. With access to newly discovered primary sources from archives in Afghanistan, Pakistan, Russia and India—including a series of previously untranslated Afghan epic poems and biographies—the author gives us the most immediate and comprehensive account yet of the spectacular first battle for Afghanistan: the British invasion of the remote kingdom in 1839. Led by lancers in scarlet cloaks and plumed helmets, and facing little resistance, nearly 20,000 British and East India Company troops poured through the mountain passes from India into Afghanistan in order to reestablish Shah Shuja ul-Mulk on the throne, and as their puppet. But after little more than two years, the Afghans rose in answer to the call for jihad and the country exploded into rebellion. This First Anglo-Afghan War ended with an entire army of what was then the most powerful military nation in the world ambushed and destroyed in snowbound mountain passes by simply equipped Afghan tribesmen. Only one British man made it through. But Dalrymple takes us beyond the bare outline of this infamous battle, and with penetrating, balanced insight illuminates the uncanny similarities between the West’s first disastrous entanglement with Afghanistan and the situation today. He delineates the

straightforward facts: Shah Shuja and President Hamid Karzai share the same tribal heritage; the Shah's principal opponents were the Ghilzai tribe, who today make up the bulk of the Taliban's foot soldiers; the same cities garrisoned by the British are today garrisoned by foreign troops, attacked from the same rings of hills and high passes from which the British faced attack. Dalrymple also makes clear the byzantine complexity of Afghanistan's age-old tribal rivalries, the stranglehold they have on the politics of the nation and the ways in which they ensnared both the British in the nineteenth century and NATO forces in the twenty-first. Informed by the author's decades-long firsthand knowledge of Afghanistan, and superbly shaped by his hallmark gifts as a narrative historian and his singular eye for the evocation of place and culture, *The Return of a King* is both the definitive analysis of the First Anglo-Afghan War and a work of stunning topicality.

'Charlotte Higgins's Red Thread is a masterwork' Ali Smith A thrillingly original, labyrinthine journey through myth, art, literature, history, archaeology and memoir. The tale of how the hero Theseus killed the Minotaur, finding his way out of the labyrinth using Ariadne's ball of red thread, is one of the most intriguing, suggestive and persistent of all myths, and the labyrinth - the beautiful, confounding and terrifying building created for the half-man, half-bull monster - is one of the foundational symbols of human ingenuity and artistry. Charlotte Higgins, author of the Baillie Gifford-shortlisted Under Another Sky, tracks the origins of the story of the labyrinth in the poems of Homer, Catullus, Virgil and Ovid, and with them builds an ingenious edifice of her own. Along the way, she traces the labyrinthine ideas of writers from Dante and Borges to George Eliot and Conan Doyle, and of artists from Titian and Velázquez to Picasso and Eva Hesse. Her intricately constructed narrative asks what it is to be lost, what it is to find one's way, and what it is to travel the confusing and circuitous path of a lived life. Red Thread is, above all, a winding and unpredictable route through the byways of the author's imagination - one that leads the reader on a strange and intriguing journey, full of unexpected connections and surprising pleasures.

LOUIS POST-DISPATCH From the New York Times bestselling author

of *Loving Frank* comes a much-anticipated second novel, which

tells the improbable love story of Scottish writer Robert Louis

Stevenson and his tempestuous American wife, Fanny. At the age

Belgium—with her three children and nanny in tow—to study art.

It is a chance for this adventurous woman to start over, to make

Not long after her arrival, however, tragedy strikes, and Fanny

where she can recuperate. Emerging from a deep sorrow, she meets

In time, though, she succumbs to Stevenson’s charms, and the two begin a fierce love affair—marked by intense joy and harrowing darkness—that spans the decades and the globe. The shared life of these two strong-willed individuals unfolds into an adventure as impassioned and unpredictable as any of Stevenson’s own unforgettable tales. "Flicker is a memoir in verse of a life well lived. Lynn Hansen rightly names the collection for her favorite bird, and for the flickers, or moments, of happenings caught in words, illustrating phases and interests of a lifetime. She carries us through childhood joys of "forest humus, thick moss / and a bouquet of wild orchids" and woes, "the move was profane because it frees the rat of anxiety that gnaws on the tight knot in my gut." She rejoices when she declares, "When I retire I'm going to write poetry." Then a decade or more, that's precisely what she has done. Lynn was determined to be a scientist in a time it was regarded as impossible for women; her thirty-three-year career of teaching biological sciences at the college level has proven her right. Her keen naturalist's eye, her awareness and love of all life on this planet, and beyond, show in her poems. She even celebrates the lowly zucchini and rutabaga, though she does sigh toward the end of summer, "Zucchini manna again?" These observations are woven into the sum of time, the treasure of relationships, "just as our lives gathered out of a jumble, then cemented with a matrix of mutual respect." Lynn's lone robin "lifts his beak to call up morning," and so lifts us all." -Patricia Wellingham-Jones, Los Molinos, California

"This collection by Lynn M. Hansen is an excellent read. While each poem is intensely personal, moving from childhood experiences to motherhood to traveling the world to growing older, Hansen generously takes us along on all her journeys, creating poems that welcome all comers. Her close observations of the natural world, of lands both distant and close to home, create a landscape at once scientifically clear and

poetically imagined, and her poems about growing up and getting older and the joys and losses that come with those parts of our lives, will make readers laugh and cry, sometimes all at once. In reading this book, I grew to even more deeply appreciate our world, our Great Central Valley, and Lynn Hansen's poetry, and I suspect the same will be true for all who read this celebratory work." -Gillian Wegener, Poet Laureate of Modesto, California. "Lynn Hansen's gorgeous book of poems is a testament to a writer who loves life and fully embraces living every day. It's rare that a trained scientist will turn to poetry to reflect on the natural world and even rarer that those written poems would be this wonderfully lucid, evocative, and heartfelt. Filled with keen-eyed wonder and amusement, these poems will teach readers about life and how to live." -Sam Pierstorff, Editor, Quercus Review Press

rediscovers the voice of an extraordinary woman and brings back into print an irresistibly entertaining classic. "Martha Gellhorn was so fearless in a male way, and utterly capable of making men melt," writes New Yorker literary editor Bill Buford. As a journalist, Gellhorn covered every military conflict from the Spanish Civil War to Vietnam and Nicaragua. She also bewitched Eleanor Roosevelt's secret love and enraptured Ernest Hemingway with her courage as they dodged shell fire together. Hemingway is, of course, the unnamed "other" in the title of this tart memoir, first published in 1979, in which Gellhorn describes her globe-spanning adventures, both accompanied and alone. With razor-sharp humor and exceptional insight into place and character, she tells of a tense week spent among dissidents in Moscow; long days whiled away in a disused water tank with hippies clustered at Eilat on the Red Sea; and her journeys by sampan and horse to the interior of China during the Sino-Japanese War.

"Adam Nicolson writes popular books as popular books used to be, a breeze rather than a scholarly sweat, but humanely erudite, elegantly written, passionately felt...and his excitement is contagious."—James Wood, *The New Yorker* Adam Nicolson sees the Iliad and the Odyssey as the foundation myths of Greek—and our—consciousness, collapsing the passage of 4,000 years and making the distant past of the Mediterranean world as immediate to us as the events of our own time. *Why Homer Matters* is a magical journey of discovery across wide stretches of the past, sewn together by the

poems themselves and their metaphors of life and trouble. Homer's poems occupy, as Adam Nicolson writes "a third space" in the way we relate to the past: not as memory which lasts no more than three generations, nor as the objective accounts of history but as epic, invented after memory but before history, poetry which aims "to bind the wounds that time inflicts." The Homeric poems are among the oldest stories we have drawing on deep roots in the Eurasian steppes beyond the Black Sea, but emerging at a time around 2000 B.C. when the people who would become the Greeks came south and both clashed and fused with the more sophisticated inhabitants of the Eastern Mediterranean. The poems, which ask the eternal questions about the individual and the community, honor and service, love and war, tell us how we became who we are

From the rebellious chiefs and druids who led native British resistance, to the experiences of the Roman military leaders in this remote, dangerous outpost of Europe, this book explores the reality of life in occupied Britain within the context of the shifting fortunes of the Roman Empire.

Charlotte Higgins, the Guardian's chief culture writer, steps behind the polished doors of Broadcasting House and investigates the BBC. Based on her hugely popular essay series, this personal journey answers the questions that rage around this vulnerable, maddening and uniquely British institution.

Questions such as, what does the BBC mean to us now? What are the threats to its continued existence? Is it worth fighting for? Higgins traces its origins, celebrating the early pioneering spirit and unearthing forgotten characters whose imprint can still be seen on the BBC today. She explores how it forged ideas of Britishness both at home and abroad. She shows how controversy is in its DNA and brings us right up to date through interviews with grandees and loyalists, embattled press officers and high profile dissenters, and she sheds new light on recent feuds and scandals. This is a deeply researched, lyrically written, intriguing portrait of an institution at the heart of Britain.

A brilliantly original, landmark retelling of Greek myths, recounted as if they were actual scenes being woven into textiles by the women who feature prominently in them—including Athena, Helen, Circe and Penelope “Greek myths were full of powerful witches, unpredictable gods and sword-wielding slayers. They were also extreme: about families who turn murderously on each other; impossible tasks set by cruel kings; love that goes wrong; wars and journeys and terrible loss. There was magic, there was shape-

shifting, there were monsters, there were descents to the land of the dead. Humans and immortals inhabited the same world, which was sometimes perilous, sometimes exciting. "The stories were obviously fantastical. All the same, brothers really do war with each other. People tell the truth but aren't believed. Wars destroy the innocent. Lovers are parted. Parents endure the grief of losing children. Women suffer violence at the hands of men. The cleverest of people can be blind to what is really going on. The law of the land can contradict what you know to be just. Mysterious diseases devastate cities. Floods and fire tear lives apart. "For the Greeks, the word muthos simply meant a traditional tale. In the twenty-first century, we have long left behind the political and religious framework in which these stories first circulated—but their power endures. Greek myths remain true for us because they excavate the very extremes of human experience: sudden, inexplicable catastrophe; radical reversals of fortune; and seemingly arbitrary events that transform lives. They deal, in short, in the hard, basic

facts of the human condition." –from the Introduction

Book #3 of the Genesis Trilogy. This special reissue of a classic work of spirituality from the author of A Wrinkle in Time offers life-transforming insights on the rich heritage of the Bible and shows how the characters of this ancient text are relevant for living the good life now. Includes a new reader's guide. Is Joseph--the deserted son of Jacob from the Old Testament--relevant in our modern age? For Madeleine L'Engle, the answer is a resounding yes; not solely because Joseph is an important historical character, but primarily because his experiences of disenfranchisement, tragedy, and profound betrayal resonate within our own society. These thoughtful meditations on obedience, prophecy, forgiveness, and compassion are masterfully woven to bridge gaps of belief, politics, education, and even faith. In this, L'Engle's third book of her Genesis Trilogy, the author draws on the death of her husband to provide comfort and inspiration to those who suffer grief, loneliness, and doubt. Madeleine L'Engle possesses the same ambidextrous skill of storytelling as other literary giants, including C. S. Lewis and George MacDonald. Her fictional stories appeal to generations of readers, and are equally embraced in both the secular and religious markets. But it is her ability in her nonfiction work to engage with the historical text of the book of Genesis through a dynamic unpacking of protagonists, antagonists, and matters of faith that establishes the Genesis Trilogy as a highly

treasured collection of spiritual writings. The wisdom, gentleness, and insight of Sold into Egypt offers readers practical advice on clinging to hope, even in the midst of loss and disappointment.

Mama's away one night, and her son can't sleep. He tries to relax by counting stars, but the more of them he sees, the more determined he is to count every single one. Then the boy finds that Daddy can't sleep either. Together, the two of them set off on an unforgettable all-night journey of discovery.

An epic narrative journey from Rome to Hadrian's Wall—in the empire's northwestern frontier—brings vividly to life the colors, smells, sounds, and sensations of travel in the second century. AD 130. Rome is the dazzling heart of a vast empire and Hadrian its most complex and compelling ruler. Faraway Britannia is one of the Romans' most troublesome provinces: here the sun is seldom seen and "the atmosphere in the country is always gloomy." What awaits the traveller to Britannia? How will you get there? What do you need to pack? What language will you speak? How does London compare to Rome? Are there any tourist attractions? And what dangers lurk behind Hadrian's new Wall? Combining an extensive range of Greek and Latin sources with a sound understanding of archaeology, Bronwen Riley describes an epic journey from Rome to Hadrian's Wall at the empire's northwestern frontier. In this strikingly original history of Roman Britain, she evokes the smells, sounds, colors, and sensations of life in the second century.
