

Valentine's Shapes (First Celebrations)

With baby boomers swelling the ranks of grandparents, there is a large and growing audience for Let ’ s Grandparent. There are no other books on the market with the variety of content or perspective presented in this book. With its emphasis upon the crucial early years, it has special appeal for new grandparents and those with young grandchildren. During this honeymoon period grandparents are typically enthusiastic about their new role and eager to learn all they can to make the most of time spent with their grandchildren. They want it to be fun, have an educational value, and strengthen close intimate bonds. Let’s Grandparent shows them how to achieve these goals through an in-depth understanding of child development, over four hundred kid-tested activities and tips for simple but satisfying experiences together. The author brings together her personal experience as an enthusiastic grandparent with her professional career in early childhood education to create this insightful and enjoyable guide. The intended audience for this book is grandparents with young grandchildren, especially targeted for a well-educated, middle-class audience and grandparents of both men and women in their late middle-age and early retirement years
• Parents of young children, who often are looking for ways to encourage closer connections between their children and their grandparents
• Anyone wishing to form a close relationship with a young child, such as other relatives or mentors to young children
• Participants of workshops and classes for grandparents
• Early childhood education (National Association for the Education of Young Children and Association of Childhood Education International)

Today, hardly anything moves as fast across the globe as images and media. This fact opens new avenues to explore social and cultural change, but also poses new theoretical challenges of how to grasp and better understand these changes and flows. Moreover, such movements across geophysical and cultural borders have a historical depth that enables us to explore globalisation and localisation in new ways. Transculturality is still a relatively new field of research in the Humanities through which we sharpen our competence and ‘ literacy ’ to come to terms with the complexity of globalised cultures. This volume ventures into new domains of research on the transculturality of images and addresses the need to develop new or modify established often ethno- and Eurocentric interpretations of what happens when images travel. It does so by bringing together cutting-edge research from fields such as art history, cultural anthropology, colonial history, Islamic studies, religious studies and literary criticism.

This book is for anyone who wants to live well without gluten. It is amazing how good the recipes are and how easy they are to make. I hope this cookbook inspires you to be creative and to enjoy your holidays living your best, most healthful life.

Diann Valentine makes magic and weaves dreams. For more than a decade, she has produced inimitable celebrations of love for a host of top talents, as distinct as Lela Rochon and Antoine Fuqua, DeLeon and Gary Sheffield, and Kelis and Nas, in cities as different as Toledo, Ohio, and the Big Apple. "I'm definitely living up to my name," says Valentine. In Weddings Valentine Style, this unabashed romantic with a commitment to quality and a keen eye for excellence reminds readers that a classy, unforgettable wedding is not about merely serving up fine caviar and champagne but rather about envisioning the triumph of a stunning centerpiece composed of a single stem of dendrobium orchids rather than a crowd of carnations or mums. Ultimately, Valentine insists, "It's about making choices that speak to your own beat." Valentine has been featured in InStyle, Essence, O: The Oprah Magazine, and Grace Ormonde Wedding Style, among other periodicals, as well as on InStyle Celebrity Weddings, Entertainment Tonight, E! News Daily, and VH1 Rock N' Roll Weddings. She receives constant applause for her extraordinary ability to trump continuously her own creativity in producing one-of-a-kind celebrations, her energy never failing from vision to execution. Her signature style is clean, simple elegance with touches of eclecticism, meshing tradition and innovation. And in Weddings Valentine Style, she offers lovebirds with and without big budgets a treasury of information and inspiration for dreamweaving a glorious "I Do" day.

Curious George Makes a Valentine

Celebrate!

Celebrate Valentine’s Day with Curious George in this Level 2 Green Light Reader, based on the Emmy Award-winning PBS TV show. George wants to make Valentine’s Day cards for all his friends, but even with four paws, it takes a long time to create homemade cards for everyone. With a little help from sponge shapes, red paint, and a waffle iron, George creates t 95 Questions to Shape the Future of Your Church is a comprehensive commentary on systemic change for the church. It combines the spirit of Luther’s 95 Theses with depth of insight akin to Luther’s reformation catechism. This book will be essential for every congregational, denominational, and seminary bookshelf. Church leaders and members all yearn for a new with God’s mission. This book frames the right questions, and focuses the right answers. It helps church leaders do the hard work of assessment and planning. The next Reformation will be an extraordinarily practical endeavor. Leaders need to apply the tactics that will leverage the greatest change, and guide the church deeper into the mystery of Christ and further we know how to be faithful.

"This book is a revised edition of Holiday Games and Activities, published in 1992 by Human Kinetics"--T.p. verso.

"Celebrating sugar while acknowledging its complex history, 'The Oxford Companion to Sugar and Sweets' is the definitive guide to one of humankind's greatest sources of pleasure"--

The decision to become a United States citizen is one of the mostimportant choices you can ever make. Before you can become a U.S.citizen, however, you first must be a lawful permanent resident ofthe U.S. For this reason, before you begin the process, you need toknow what you want to achieve - legal immigration ornaturalization - and if you can expect to qualify for it. U.S. Citizenship For Dummies will help you get throughthis often confusing process, from determining how best to qualifyto live permanently in the United States to gaining a green cardand then citizenship. This reference guide is for anyone who * Is interested in living permanently in the U.S. * Is a friend or relative of someone who wishes to livepermanently in the U.S. * Wants to become a naturalized citizen * Has no legal background or any familiarity with U.S.immigration This book helps you discover the important requirements you needto meet and offers tips and insights into dealing with the Bureauof Citizenship and Immigration Services (BCIS). You also get toknow other government agencies that you'll work with whileattempting to immigrate to the U.S. or become a citizen. U.S.Citizenship For Dummies covers the following topics andmore: * Clear information on the immigration process * Up-to-date information on various application forms * The rights of legal aliens * Recent changes in immigration laws * Review of English and Civics tests * Pointers on the interview process * Survey of U.S. history, government, and culture * Coverage on visas and green cards * Troubleshooting immigration problems Becoming a U.S. citizen carries important duties andresponsibilities as well as rights, rewards, and privileges. Beforeyou make the decision to pursue U.S. citizenship, you need to beaware of what you stand to lose and what you stand to gain; youalso need to be sure you're ready to fulfill all theobligations of a good citizen. U.S. Citizenship For Dummieswill help you understand all that it means to become a citizen ofthe United States of America.

Mystery bookstore owner Annie Laurance didn’t really want to go to her neighbor’s Valentine Day masked ball -- particularly not after the voluptuous brunette made a pass at Annie’s husband, Max. So when her dizzy mother-in-law, Laurel, made a surprise visit to Broward’s Rock Island, Annie thought it would be a perfect excuse to skip the party. She should have known better: True to form, Laurel accepted the invitation for all three of them. But the biggest surprise of all came at the party’s end, when Annie found the amorous hostess in the gazebo--murdered.

A collection of ideas for activities to use in conjunction with over 90 children’s books.

It’s time for the fourth grade’s annual hoedown, and best friends Raymond and Graham are ready to wow the whole school with their great dance moves. But Raymond faces a tough choice when it’s time to pick a dance partner: the most annoying girl in the class?or his teacher! What’s a fourth-grade dude to do? The second book in the Raymond and Graham series is full of kid-friendly illustrations and huge laughs from this hilarious duo!

The American family has come a long way from the days of the idealized family portrayed in iconic television shows of the 1950s and 1960s. The four volumes of The Social History of the American Family explore the vital role of the family as the fundamental social unit across the span of American history. Experiences of family life shape so much of an individual's development and identity, yet the patterns of family structure, family life, and family transition vary across time, space, and socioeconomic contexts. Both the definition of who or what counts as family and representations of the “ideal” family have changed over time to reflect changing mores, changing living standards and lifestyles, and increased levels of social heterogeneity. Available in both digital and print formats, this carefully balanced academic work chronicles the social, cultural, economic, and political aspects of American families from the colonial period to the present. Key themes include families and culture (including mass media), families and religion, families and the economy, families and social issues, families and social stratification and conflict, family structures (including marriage and divorce, gender roles, parenting and children, and mixed and non-modal family forms), and family law and policy. Features: Approximately 600 articles, richly illustrated with historical photographs and color photos in the digital edition, provide historical context

for students. A collection of primary source documents demonstrate themes across time. The signed articles, with cross references and Further Readings, are accompanied by a Reader's Guide, Chronology of American Families, Resource Guide, Glossary, and thorough index. The Social History of the American Family is an ideal reference for students and researchers who want to explore political and social debates about the importance of the family and its evolving constructions.

On the Go with Senior Services: Library Programs for Any Time and Any Place

Valentine's Day

Activity Guide for Young Grandchildren

Valentine's Day Activities

Did you know that the average person buys nearly 50 gifts each year—and that finding the perfect present is a quandary most gift-buyers face with each gift-giving occasion they celebrate? Well, here's the solution they've been seeking: Gifts Anytime: How to Find the Perfect Present for Any Occasion. This new book offers down-to-earth gift-giving ideas and etiquette for all occasions—from weddings to anniversaries, business situations to birthdays and more. It also teaches readers how to gather gift intelligence about family and friends, and how to write thank-you notes from the heart.

Updated information and unbiased, developmentally appropriate strategies and activities to celebrate, rather than exclude, diversity, traditions, and holidays. Many programs are establishing a "no holiday" policy, but this book shows you how to celebrate and adhere to school policy. Among other topics, it includes evaluating holiday activities for appropriateness, addressing commercialism and stereotypes, involving families, and developing inclusive policies. Julie Bisson provides training on subjects ranging from culturally relevant and anti-bias curriculum to holiday curriculum. Louise Derman-Sparks has worked for over fifty years on issues of diversity, social justice, and activism in early childhood.

Not only does this book offer insights into how to better serve all seniors, but it also provides complete step-by-step instructions for dozens of exciting and engaging programs that can be held both onsite and offsite. While serving the senior population is a standard service in public libraries, it has traditionally focused on in-house programs and homebound services. On the Go with Senior Services is different. With this inspiring and practical guide, your library can rejuvenate its in-house services with new programs and also take them on the road—to retirement and assisted living communities, adult day care programs, and nursing homes and rehab centers. With such diversity in the senior population, this book describes strategies for designing senior programs that fit your community's needs. It offers a trove of templates for programs that range from crafts, word games, pop culture, pets, holidays, humor, mysteries, technology, and music. It offers tips and suggestions on how to interact with seniors, including those who may have a variety of physical and cognitive needs. There are also guidelines for working with individuals suffering from dementia. A robust list of further resources is provided. The growing population of seniors presents librarians with new challenges and opportunities, and this book is a valuable guide to navigating and embracing them. • Features program templates with step-by-step instructions guaranteed to save you time • Offers ideas for programs that can be conducted at the library or offsite senior facilities • Provides surefire ideas for working with seniors and technology • Covers segments of the senior population not thoroughly addressed in other professional sources, helping librarians fill in or expand into areas • Includes guidance on working with seniors with dementia or Alzheimer's

“From ghost dogs to phantom orbs, from dead spirits visiting and avenging wraiths, there is plenty . . . to keep skeptic and believer both enthralled.” —Thomas Freese, coauthor of Haunted Battlefields of the South With its tales of benevolent and malicious specters, terrifying monsters, and unexplained phenomena, Halloween is the holiday most people associate with spooky stories. But do spirits remain hidden the rest of the year? In the rich storytelling customs of the commonwealth, the supernatural world is also connected with holidays such as Thanksgiving, Christmas, Valentine’s Day, and Memorial Day. In Haunted Holidays, celebrated storytellers Roberta Simpson Brown and Lonnie E. Brown have assembled a hair-raising collection of paranormal tales for readers of all ages. The stories present many new and spooky characters, including the deceased great aunt who still rocks in her favorite chair on Mother’s Day, the young boy who made good on his promise to return a silver dollar on the Fourth of July, and even the ghost who hated Labor Day. In addition to tales of haunting, the Browns reveal many Appalachian legends and their importance to the storytelling tradition, such as the phantom bells who guide the dead to the other side, and a “chime child” born when the clock strikes midnight on Christmas Day, who is rumored to be blessed with the gift of second sight. More than a collection of ghost stories or family legends, Haunted Holidays takes readers on a fireside journey that preserves and promotes oral traditions, revealing the importance of sharing beliefs, traditions, and values with a new generation of listeners.
