Every hundred years, four kids from four cities must save the world. Rome, December 29. A mix-up with their reservations forces Harvey from New York, Mistral from Paris, and Sheng from Shanghai to share a room with the hotel owner's daughter, Elettra. The four kids discover an amazing coincidence—they all have birthdays on February 29, Leap Day. That night, a strange man gives them a

briefcase and asks them to take care of it until he returns. Soon afterward, the man is murdered. The kids open the briefcase. In it they find a series of clues that take them all over Rome, through dusty libraries and dark catacombs, in search of the elusive Ring of Fire, an ancient object so powerful that legend says even a Roman emperor couldn't control it. In the first book of the Century quartet, Italian author P. D. Baccalario begins a mystery that will take four cities and four extraordinary kids to solve.

does, you quickly learn the  
benefits. Grey Arthur  
supplies Tom with pens in

class, grabs Tom's lunch when he forgets it, and generally helps him out as any best friend would. It's just that, in this case, no one else can see Grey. But right as Tom is settling into a comfortable routine, his life is once again turned on its ear when Grey Arthur starts a school for Invisible Friends in Tom's house. Ghosts are crowding into Tom's room and setting up camp in his attic with hopes of learning the art of the newest job in the ghost world. Meanwhile, other ghosts are mysteriously disappearing,

and the repercussions are felt throughout the human world, even by Tom's parents. There are sinister forces at play, and it's up to Tom and Grey to figure out what's going on.

In this follow-up to *The Kingdom and the Glory* and *The Highest Poverty*, Agamben investigates the roots of our moral conception of duty in the theory and practice of Christian liturgy. Beginning with the New Testament and working through to late scholasticism and modern papal encyclicals, Agamben traces the Church's attempts to repeat Christ's unrepeatable

sacrifice. Crucial here is the paradoxical figure of the priest, who becomes more and more a pure instrument of God's power, so that his own motives and character are entirely indifferent as long as he carries out his priestly duties. In modernity, Agamben argues, the Christian priest has become the model ethical subject. We see this above all in Kantian ethics. Contrasting the Christian and modern ontology of duty with the classical ontology of being, Agamben contends that Western philosophy has unfolded in the tension between the two. This latest installment in the study of Western political structures begun in *Homo Sacer* is a contribution to the study of liturgy, an extension of Nietzsche's genealogy of morals, and a reworking of Heidegger's history of Being.
