## ***Years Of Victory: 1902 1812***

***A major new history of the Russian conflict immortalized by Tolstoy in War and Peace Russia's expulsion of Napoleon's Grande Armée in 1812 is considered one of the most dramatic events in European history. However, Tolstoyan myth and an imbalance of British and French interpretations have clouded most Westerners' understanding of Russia's role in the defeat of Napoleon. Based on a fresh examination of Russian military archives, Russia Against Napoleon provides the first-ever history of the period told from the Russian perspective. In Dominic Lieven's account, Russia's victory***

*in 1812 was just the beginning of what would be the longest military campaign in European history, marked by Russia's epic efforts to feed and supply half a million troops as they crossed an entire continent. Moving from the 1807 treaty signed by Napoleon and Tsar Alexander I through the Russian army's improbable entry into Paris in 1814, Lieven provides suspenseful accounts of events, such as the burning of Moscow and the great battles of Leipzig and Borodino, as well as astute analyses of the great military strategists of the time. The result is a magisterial work sure to be eagerly anticipated by military and history buffs alike. These biographies of Canadians are arranged chronologically by date of*

In *From Flintlock to Rifle*, Professor Ross traces the development of infantry tactics from the mid-eighteenth century, when infantry fought in rigid linear formations, until the second half of the nineteenth century, by which time infantrymen with rifled weapons were

## Read Online Years Of Victory: 1902 1812

learning to advance in open order and use aimed fire. The author demonstrates that this transition in tactics involved social and technological change as well as military innovation. Old Regime armies, recruited from a narrow social base and armed with slow-firing, short-range, inaccurate weapons, relied upon harsh discipline and formalized evolutions to attain tactical proficiency. When the French Royal Army collapsed it was replaced with a mass citizen army. This contained elements of the old tactical system but placed a new emphasis on mobility, flexibility, and individual initiative. Napoleon's rivals either imitated aspects of the French system or sought to copy the spirit of the new tactics, engineering social reforms from above and creating their own citizen

armies. After 1815, generals and politicians continued to develop tactical doctrines that embodied the lessons of the Napoleonic wars. Industrialization had a swift impact on weapons technology and firearms improved in range, accuracy, and rate of fire. As a result, military men had to modify their drill and battle tactics to cope with increased firepower. A process initiated by the French Revolution was thus accelerated by the Industrial Revolution. More than fifty specialists have contributed to this new edition of volume 4 of *The Cambridge Bibliography of English Literature*. The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis, articulation and coordination

## Read Online Years Of Victory: 1902 1812

that it has been retained in all its essentials for the new edition. The task of the new contributors has been to revise and integrate the lists of 1940 and 1957, to add materials of the following decade, to correct and refine the bibliographical details already available, and to re-shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries.

"Americans would later find in this war many iconic moments in their national story - the bombardment of Fort McHenry (the inspiration for Francis Scott Key's "Star-Spangled Banner"); the Battle of Lake Erie; the burning of Washington; the death of Tecumseh; Andrew Jackson's victory at New Orleans - but their war of conquest was ultimately a failure. Even the issues of

## Read Online Years Of Victory: 1902 1812

neutrality and impressment that had triggered the war were not resolved in the peace treaty. For Britain, the war was subsumed under a long conflict to stop Napoleon and preserve the empire. The one lasting result of the war was in Canada, where the British victory eliminated the threat of American conquest and set Canadians on the road toward confederation."

*The essays in this volume enhance our understanding of Canadians on the job. Focusing on specific industries and kinds of work, from logging and longshoring to restaurant work and the needle trades, the contributors consider such issues as job skill, mass production, and the transformation of resource industries. They raise questions about how particular jobs are structured and changed over time, the role of workers' resistance and trade unions in shaping the lives of workers, and the impact of technology. Together these essays clarify a fundamental characteristic shared by all labour processes: they are shaped and conditioned by the social, economic, and political struggles of labour and capital both inside and outside the workplace. They argue that technological change, as well as all the transformations in the*

ended in 1783, tensions between the United States and Britain over disruptions to American trade, the impressment of American merchant sailors by British ships, and British support of Native American resistance to American expansion erupted in another military conflict nearly three decades later. Scarcely remembered in England today, the War of 1812 stood as a veritable "second war of independence" to the victorious Americans and ushered in an extended period of peaceful relations and trade between the United States and Britain. This major reference work offers a comprehensive day-by-day chronology of the War of 1812, including its slow build-up and

aftermath, and provides detailed biographies of the generals who made their marks.

The Fall and Recapture of Detroit in the War of 1812  
In Defense of William Hull  
Wayne State University Press

Few are the regions in the province of Ontario so rich and rewarding to the reader interested in local history as the valley of the Lower Thames. As the author tells us with warmth and enthusiasm of the early settlers, roads, bridges, inns, and mills of his native region, his story takes on a wider significance. Here, indeed, is the story of pioneer Canada, "writ small." The valley of the Lower Thames includes the greater part of what is now the county of Kent, and

## Read Online Years Of Victory: 1902 1812

comprises one of the richest and most populous agricultural areas of modern Ontario. For many years it remained separated from the upper river settlements by miles of primeval forest. The Thames River was the highroad for commerce and travel that bound the people on both its banks into one community, and connected them with other communities far beyond. Professor Hamil has embellished what is commonly known of such striking pioneer figures as Thomas Talbot, the Aulsebrook family, and others, with additional fascinating details, and brings before us many figures less well known to history but whose careers arouse admiration, sympathy, curiosity, and

are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Fearing an American invasion of Upper Canada, John Graves Simcoe had Fort York built in 1793 as an emergency defensive measure. That act became the first step in the founding of modern Toronto. Twenty years later, the Fort was the scene of the bloody Battle of York in which the famous American explorer, Zebulon Pike, died leading U.S. forces against the Fort's outnumbered Canadian,

## Read Online Years Of Victory: 1902 1812

British and Aboriginal defenders. The Americans won this battle – their first major victory in the War of 1812 – and torched the province's public buildings during a six-day occupation. A year later, British forces retaliated by capturing Washington and burning its government buildings, including the White House. Rebuilt in time to drive off another American attack in 1814, Fort York was maintained through the 1880s to guard against internal unrest and potential American annexation. Even after its defences became obsolete, Fort York continued to serve as

## Read Online Years Of Victory: 1902 1812

barracks and training grounds for the Toronto garrison until the 1930s, when it reopened as a historic site museum. In this book, Carl Benn explores the dramatic roles Fort York played in the frontier war of the 1790s, the birth of Toronto, the War of 1812, the Rebellion of 1837 and the defence of Canada during the American Civil War, and describes how Toronto's most important heritage site came to be preserved as a tangible link to Canada's turbulent military past.

This book, originally published in 1978, argues that there was no 'turning-

## Read Online Years Of Victory: 1902 1812

point' in Bonaparte's career, but rather a consistent pattern from beginning to end. As a commander Bonaparte's forte was speed and aggressiveness. As a planner, however he was slapdash: his armies starved and went barefoot. The author argues that far from being a master of concentration of force on the battlefield, he was again and again caught with his army dispersed and only rescued from disaster by the last-minute arrival of reinforcements.

Volume I

Details the first major U.S. setback in the War of 1812 and analyzes the background and aftermath of Hull's surrender.

This is a comprehensive study of the major changes in infantry tactics from the time of Frederick the Great to the beginning of what many see as the era of modern war, in the 1860s. Ross lays social and political change side by side with technical change. He argues that the French revolution, due to the fervour and loyalty it inspired in its participants, led to huge citizen armies

## Read Online Years Of Victory: 1902 1812

of devolved command which were able to make use of new tactics that swept the poorly paid and poorly treated professional armies of their enemies from the field. Shortly after the Napoleonic wars other European countries experienced similar social change and by the middle of the Nineteenth Century these massive conscript armies were equipped with breech-loading rifles and more powerful artillery. The battlefield of the late 1860's had become a place where close infantry formations could not survive for long in the linear formations of the past.

Examining the naval and land campaign in strategic, political, and military terms, from planning to execution to outcome, The Battle of Lake Champlain offers the most thorough account written of this pivotal

New Orleans. Both engagements bolstered national confidence and spoke to the élan of citizen soldiers and their militia officers. The Battle of New Orleans—perhaps because it punctuated the war, lent itself to frontier mythology, and involved the larger-than-life figure of Andrew Jackson—became especially important in popular memory. In *Glorious Victory*, leading War of 1812 scholar Donald R. Hickey recounts the New Orleans campaign and Jackson's key role in the battle. Drawing on a lifetime of research, Hickey tells the story of America's "forgotten conflict."

## Read Online Years Of Victory: 1902 1812

He explains why the fragile young republic chose to challenge Great Britain, then a global power with a formidable navy. He also recounts the early campaigns of the war—William Hull's ignominious surrender at Detroit in 1812; Oliver H. Perry's remarkable victory on Lake Erie; and the demoralizing British raids in the Chesapeake that culminated in the burning of Washington. Tracing Jackson's emergence as a leader in Tennessee and his extraordinary success as a military commander in the field, Hickey finds in Jackson a bundle of contradictions: an enemy of

## Read Online Years Of Victory: 1902 1812

privilege who belonged to Tennessee's ruling elite, a slaveholder who welcomed free blacks into his army, an Indian-hater who adopted a native orphan, and a general who lectured his superiors and sometimes ignored their orders while simultaneously demanding unquestioning obedience from his men. Aimed at students and the general public, *Glorious Victory* will reward readers with a clear understanding of Andrew Jackson's role in the War of 1812 and his iconic place in the postwar era.
