

A Cats Chance In Hell Hellcat 1 Sharon Hannaford

Cat behaviorist and star of Animal Planet's hit television show "My Cat from Hell," Galaxy, a.k.a. "Cat Daddy," isn't what readers might expect for a cat expert. Yet his ability to connect with even the most troubled felines--not to mention their owners--is awe-inspiring.

The definitive work on the subject, this Dictionary - available again in its eighth edition - gives a full account of slang and unconventional English over four centuries and will entertain and inform all language-lovers.

Life had never been pretty, why would it be? His father had died too young, his uncle swiftly followed and he was left to watch over an angry, bitter, younger cousin. Yeah, life was ugly, he learnt that at an early age. His club went downhill and away from the values his father had instilled. He battled to get clean, his hands got dirty more than once and he put down anyone in his way. He didn't let that bitterness stop him, he got beauty and peace for his brothers. He saw his cousin and Rage MC get what they deserved, the stunning women who handled the Rage brothers like professional wranglers. Now he wanted his turn, his brothers their turn, he was going to get it. She'd been watching, she didn't know he'd been looking right back at her. He had her in his sights and she was going down. A good girl, with a love of bikes and beautiful cars, she spied on Hellfire MC for a long time, dreaming. Then he made a move and laid claim to her heart, she wasn't ready for a man like him, who was? He took care of her and treated her like she wanted, like a precious thing. Only precious things can break, can't they? Did he have it in him to handle her with care, did she have it in her to lay her trust in his hands along with her heart? Hell was coming, and Hellfire is aptly named.

Feline P. I. Joe Grey and his friends pounce on three investigations that may connect to one larger mystery—including one case that is very personal—in this hair-raising installment in Shirley Rousseau Murphy's beloved, award-winning series. Joe Grey and his partner, Dulcie, are frantic when Courtney, their pretty teen-kitten goes missing. Aided by their two- and four-legged friends, they hit the streets of Molina Point in search of their calico girl. Has Joe Grey and Dulcie's only daughter been lured away by someone and stolen? Is she lying somewhere hurt, or worse? Courtney has no idea that everyone is desperately looking for her. Locked in an upstairs apartment above the local antiques shop, she's enjoying her first solo adventure. When she first met Ulrich Seaver, the shop's owner, Courtney was frightened. But the human has coddled and pampered her, winning her trust. Sheltered by her parents, her brothers, and her kind human companions, the innocent Courtney is unaware of how deceptive strangers can be. She doesn't know that Ulrich is hiding a dangerous secret that could threaten her and everyone in this charming California coastal village. With his focus on finding Courtney, Joe Grey has neglected his detective work with the Molina Point Police Department. Before his daughter disappeared, Joe found a viciously beaten woman lying near the beach. Now the police investigation has stalled, and the clever feline worries his human colleagues may have missed a vital clue. Joe is also concerned about a family of newcomers whose domestic battles are disturbing the town's tranquility. Loud and abrasive, the Luthers' angry arguing, shouting, and swearing in the early hours of the night have neighbors on edge and the cops on alert. One of the couple's late-night shouting matches masked the sounds of a burglary, and now a criminal is on the loose. Though the crimes are as crisscrossed as the strands of a ball of yarn, Joe Grey's cat senses tell him they may somehow be linked. It's up to the fleet-footed feline and his crime-solving coterie to untangle the mysteries before it's too late.

The Cat Bible explains the mysteries of feline behavior to owners who are devoted to their cats without being able to fully understand them. It offers straightforward solutions to the problems that cause people to give up their cats, many of which are preventable, including litter box avoidance, furniture scratching, and physical ailments. There are more than 90 million American households that count cats as family members, but they are a vastly underserved population, devoted to their kitties, yet bereft of all the public attention, programming, and print devoted to dogs. Now, bestselling author and investigative journalist Tracie Hotchner offers them The Cat Bible, with straightforward, fact-filled solutions to health and behavior problems, based on years of research into the real reasons behind these issues. In the same warm, straightforward style that attracts devoted listeners to her radio shows, Tracie tackles controversial topics such as the truth about commercial dry pet foods and their dangers, bringing readers the latest facts on every topic that affects a feline's well-being.

Some marriages are made in heaven . . . Some are not. What happens when "the happiest day of your life" turns into a nightmare? Forget the drunken best man or the bridesmaid dresses from the '80s . . . none of these wedding day disasters can compare to a cursed bride determined to make it down the aisle, or a vampire who is about to disrupt your wedding. Join New York Times bestselling authors Maggie Shayne and Jeaniene Frost, USA Today bestseller Kathryn Smith, as well as Terri Garey in four unforgettable tales of unholy matrimony . . . where the grooms are dark, dangerous, and mostly dead, and to love and cherish till death takes on a whole new meaning.

We love animals but insult humans by calling them everything from weasels or pigs to sheep, mice, chickens, sharks, snakes, and bird-brains. Animal epithets, words, and phrases are so widespread we often take them for granted or remain ignorant of the fascinating stories and facts behind them. Spanning the entire animal kingdom, Holy Cow! explains: Why hot dogs are named after canines. Why people talk turkey or go cold turkey. Why curiosity killed the cat, although dogs are more curious about us. Why letting the cat out of the bag originally referred to a duped shopper. What a horse of another color is, what horsefeathers politely alludes to, why a mule is a lady's slipper, and what horseradish has to do with horses. Why the combination of humans and cows probably led to capitalism—its name from Latin for head, as in heads of cows. Why holy cow and sacred cow have almost opposite meanings. Whether people actually chewed the fat or ate crow (and why it's a crowbar). How a hog became a motorcycle and a chick a young woman. What happens to freeze the balls off a brass monkey. What buck has to do with being naked. Why the birds and the bees. Why a piggy bank and why one feeds the kitty. What lame ducks have to do with U.S. presidents. How red herring came about via activists opposed to fox hunting. Where snake oil,

popular in the 1800s and rich in Omega-3 fatty acids, came from. That the proverbial fly in the ointment goes back to the Bible's Ecclesiastes (10:1). How Swiss watchmakers created teensy-weensy coaches for fleas to pull in flea circuses. And much—much!—more. Don't be a lame duck and get this book!

Acclaimed New York Times bestselling author Lynne Truss (Eats, Shoots & Leaves) is back with a mesmerizing and hilarious tale of cats and murder For people who both love and hate cats comes the tale of Alec Charlesworth, a librarian who finds himself suddenly alone: he's lost his job, his beloved wife has just died. Overcome by grief, he searches for clues about her disappearance in a file of interviews between a man called "Wiggy" and a cat, Roger. Who speaks to him. It takes a while for Alec to realize he's not gone mad from grief, that the cat is actually speaking to Wiggy . . . and that much of what we fear about cats is true. They do think they're smarter than humans, for one thing. And, well, it seems they are! What's more, they do have nine lives. Or at least this one does – Roger's older than Methuselah, and his unblinking stare comes from the fact that he's seen it all. And he's got a tale to tell, a tale of shocking local history and dark forces that may link not only the death of Alec's wife, but also several other local deaths. But will the cat help Alec, or is he one of the dark forces? In the deft and comedic hands of mega-bestseller Lynne Truss, the story is as entertaining as it is addictive" (The Sunday Telegraph) – an increasingly suspenseful and often hysterically funny adventure that will please cat lovers and haters alike. And afterwards, as one critic noted, "You may never look at a cat in quite the same way again" (The Daily Mail).

Did you know that 'flavour of the month' originated in a marketing campaign in American ice-cream parlours in the 1940s, when a particular flavour would be specially promoted for a month at a time? And did you know that 'off the cuff' refers to the rather messy practice of writing impromptu notes on one's shirt cuff before speaking in public? These and many more idioms are explained and put into context in this second edition of the Oxford Dictionary of Idioms. This vastly entertaining dictionary takes a fresh look at the idiomatic phrases and sayings that make English such a rich and intriguing language. A major new edition, it contains entries for over 5000 idioms, including 350 new entries and over 500 new quotations. The text has been updated to include many new idioms using the findings of the Oxford English Reading Programme, the biggest language research programme in the world. The entries are supported by a wealth of illustrative quotations from a wide range of sources and periods. For example: 'Rowling has not been asleep at the wheel in the three years since the last Potter novel, and I am pleased to report that she has not confused sheer length with inspiration.' - Guardian, 2003. 'I made the speech of a lifetime. I had them tearing up the seats and rolling in the aisles.' - P.G. Woodhouse, 1940. Many entries include boxed features which give more detailed background on the idiom in question. For example, did you know that 'taken aback' was adopted from nautical terminology, and described a ship unable to move forward because of a strong headwind pressing its sails back against the mast? The text has been entirely redesigned so that it is both elegant and easy to use. Anyone interested in the quirky side of the English language will have hours of fun browsing through this fascinating and informative volume.

There are enemies everywhere? But none as deadly as the one lurking inside me. Vampire gangs, Lucifer rising, hellhounds on the loose, and an unruly shadow creature hell-bent on taking control? And no, that's not the beginning of a bad joke. It's a nightmare. And it's my life. To get to Hell and stop the coming war, we need to find the last three relics and open the gates. But the greatest threat isn't Lucifer. It's the creature who shares my soul. Hell will freeze over before my demons let me go, but with Sayah's powers and influence growing, I'm not sure anyone can stop my greatest fear from coming true. I'm losing myself to the darkness. And scariest of all? I like it.
