In 1932, 60 percent of Washington State voters approved a state income tax. Within less than a year, the measure was struck down as unconstitutional by the state supreme court. Over half a century later, Washington remains one of only eight states without a state income tax. Yet Washington's conflicts and solutions were by no means unique. Through an

Neale Godfrey's Money Doesn't Grow on Trees flew to the top of the bestseller list by helping parents teach their kids the value and uses of money. In her latest national bestseller, A Penny Saved, Godfrey builds on those basic concepts -- for preschoolers through teenagers -- and gives parents a concrete structure to teach values and essential life skills. Parents want their children to grow up with healthy self-esteem, sound judgment, self-discipline, and the ability to take

By teaching children to understand what money is, how to use it, and what it can -- and can't -- do, parents prepare their children for life in the real world. Worksheets, quizzes, teaching games, and age-appropriate exercises give kids hands-on opportunities to hone their practical skills.
