

## A Long Way Home Tooboo

*It started as nothing more than a one-night stand . . . Justine is an A-list fashion model on a photo shoot in Europe. Adored by half the world, she can have whomever she wants, but she's never met anyone like the strange English girl whose bed she wakes up in one morning. Vienna is an autistic savant, adrift in a world of overwhelming patterns and connections only she can see. Socially awkward and inexperienced, she's never been with anyone before, let alone a glamorous supermodel enmeshed in a web of secrets and intrigue. When Justine's current beau is murdered in the bathroom of her hotel room, she suddenly finds herself thrown into the middle of a deadly conspiracy focusing on a set of antique wooden mannikins—the same ones that are the centrepieces of the photo shoot. What secret do the mannikins hide, and why is it worth killing over? Drawn together by an attraction neither of them can explain, Justine and Vienna are pursued across Europe by paparazzi, tabloid headlines . . . and the mystery of Vienna's own shadowy past, which holds the key to everything. Inspired by a classic Sherlock Holmes story, William S. Kirby's Vienna reimagines Holmes and Watson for the 21st century. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.*

*Retired since 1998, Little (French, Trinity College Dublin) continues his steady output of books by picking through a minefield of prejudice, myth, and stereotypes in French writing primarily from France and her former colonies in Africa and the West Indies. Beginning two and half centuries ago with the first French novel to sport a black hero, he explores representations of intimate relationships between characters Europeans labeled as black men and white women. Distributed by David Brown Book Co. c. Book News Inc. Cammie Walker has everyone fooled—almost. On the outside she has the perfect career, perfect looks, perfect tight-knit family, perfect everything. Inwardly, she's a mess. After three broken engagements there is only one man she can love and trust without question: Her adopted brother Grant Kennedy. Grant has loved Cammie like anything but an adopted sister since the day she moved into his parents' house and took up residence in his heart. Knowing Cammie only sees him as her little brother is torture... until Cammie accidentally sees more than a little of him in the buff. Now Cammie and Grant must choose. Risk everything by coming forward with the truth. Or continue to deceive the family they both love as their forbidden love affair spins out of control and threatens to break far more hearts than theirs alone. *When I left town, I was young and dumb, lost in a haze of drugs and partying. When that haze lifted, it knocked me down, toying with my life. I came back home. A different person. A shell of myself. He was there. He was always there. And, I couldn't stop myself. His sweet words, his warm arms, his soft kisses. It was like I never left. He drew me in, under a spell, made me feel loved. But sometimes, love is not enough. Sometimes, addictions take over. Or, sometimes, it's simply our pasts... Mine came back, rip roaring through town, bringing with it the reminders I'd buried. Would Josh still love me when he found out all of my secrets? Or, will our second chance be shredded into so many pieces, we'll never be able to pick them all up?*

*Taboo looks at the ethnographer and sexuality in anthropological fieldwork and considers the many roles that sexuality plays in the anthropological production of knowledge and texts. How does the sexual identity that anthropologists have in their "home" society affect the kind of sexuality they are allowed to express in other cultures? How is the anthropologists' sexuality perceived by the people with whom he or she does research? How common is sexual violence and intimidation in the field and why is its existence virtually unmentioned in anthropology? These are but a few of the questions to be confronted, exploring from differing perspectives the depth of the influence this tabooed topic has on the entire practice and production of anthropology. A long-overdue text for all students and lecturers of anthropology, many post-fieldwork readers will find a resonance of issues they have previously faced (or tried to avoid) and those who are still to undertake fieldwork will find articles that refer to other kinds of personal and professional experience as well as providing invaluable preparations for coping in the field.*

*In a dramatic, moving work of historical reporting and personal discovery, Mark Whitaker, award-winning journalist, sets out to trace the story of what happened to his parents, a fascinating but star-crossed interracial couple, and arrives at a new understanding of the family dramas that shaped their lives—and his own. His father, "Syl" Whitaker, was the charismatic grandson of slaves who grew up the child of black undertakers from Pittsburgh and went on to become a groundbreaking scholar of Africa. His mother, Jeanne Theis, was a shy World War II refugee from France whose father, a Huguenot pastor, helped hide thousands of Jews from the Nazis and Vichy police. They met in the mid-1950s, when he was a college student and she was his professor, and they carried on a secret romance for more than a year before marrying and having two boys. Eventually they split in a bitter divorce that was followed by decades of unhappiness as his mother coped with self-recrimination and depression while trying to raise her sons by herself, and his father spiraled into an alcoholic descent that destroyed his once meteoric career. Based on extensive interviews and documentary research as well as his own personal recollections and insights, My Long Trip Home is a reporter's search for the factual and emotional truth about a complicated and compelling family, a successful adult's exploration of how he rose from a turbulent childhood to a groundbreaking career, and, ultimately, a son's haunting meditation on the nature of love, loss, identity, and forgiveness.*

On the Way Home is a unique story. Stephen Henderson, neurosurgeon, head of his department at a local medical school, is returning home after a late night call to the hospital. He is stopped by a police officer, gets out of his car at the officer's request, and wakes up to find himself in a space ship on its way to a universe in parallel with ours. He would have said that such a thing was ridiculous and couldn't possibly happen - and we might have agreed with him. But he is forced to change his opinion. Why? What happened? The 'police officer' has abducted him to perform an operation on a powerful political leader. The surgery is successful, but unexpectedly this success leads Henderson into a situation where his life and return to Earth are threatened. The assistant surgeon at the operation is a beautiful woman who is drawn to Henderson, and into his struggle to escape. Henderson gets back to Earth convinced that he was away out in space. We be as sure as he is, after we read On the Way Home.

First it was a media sensation. Then it became the #1 international bestseller A Long Way Home. Now it's Lion, the major motion picture starring Dev Patel, Nicole Kidman, and Rooney Mara—nominated for six Academy Awards! This is the miraculous and triumphant story of Saroo Brierley, a young man who used Google Earth to rediscover his childhood life and home in an incredible journey from India to Australia and back again... At only five years old, Saroo Brierley got lost on a train in India. Unable to read or write or recall the name of his hometown or even his own last name, he survived alone for weeks on the rough streets of Calcutta before ultimately being transferred to an agency and adopted by a couple in Australia. Despite his gratitude, Brierley always wondered about his origins. Eventually, with the advent of Google Earth, he had the opportunity to look for the needle in a haystack he once called home, and pore over satellite images for landmarks he might recognize or mathematical equations that might further narrow down the labyrinthine map of India. One day, after years of searching, he miraculously found what he was looking for and set off to find his family. A Long Way Home is a moving, poignant, and inspirational true story of survival and triumph against incredible odds. It celebrates the importance of never letting go of what drives the human spirit: hope.

*The rich history of African-American theatre has often been overlooked, both in theoretical discourse and in practice. This volume seeks a critical engagement with black theatre artists and theorists of the twentieth century. It reveals a comprehensive view of the Art or Propaganda debate that dominated twentieth century African-American dramatic theory. Among others, this text addresses the writings of Langston Hughes, W.E.B. DuBois, Alain Locke, Lorraine Hansberry, Amiri Baraka, Adrienne Kennedy, Sidney Poitier, and August Wilson. Of particular note is the manner in which black theory collides or intersects with canonical theorists, including Aristotle, Keats, Ibsen, Nietzsche, Shaw, and O'Neill.*

But a brutal serial killerson soon pays paid to that. A young man and woman are found dead in a hotel room, the gunshot wounds on their naked bodies suggesting a suicide pact. But as Riley and the team dig deeper, and more bodies are discovered, they soon realise that a twisted murderer is at work, one who seeks to upset society's norms in the most sickening way imaginable...*

*At the end of World War II, long before an Allied victory was assured and before the scope of the atrocities orchestrated by Hitler would come into focus or even assume the name of the Holocaust, Allied forces had begun to prepare for its aftermath. Taking cues from the end of the First World War, planners had begun the futile task of preparing themselves for a civilian health crisis that, due in large part to advances in medical science, would never come. The problem that emerged was not widespread disease among Europe's population, as anticipated, but massive displacement among those who had been uprooted from home and country during the war. Displaced Persons, as the refugees would come to be known, were not comprised entirely of Jews. Millions of Latvians, Poles, Ukrainians, and Yugoslavs, in addition to several hundred thousand Germans, were situated in a limbo long overlooked by historians. While many were speedily repatriated, millions of refugees refused to return to countries that were forever changed by the war—a crisis that would take years to resolve and would become the defining legacy of World War II. Indeed many of the postwar questions that haunted the Allied planners still confront us today: How can humanitarian aid be made to work? What levels of immigration can our societies absorb? How can an occupying power restore prosperity to a defeated enemy? Including new documentation in the form of journals, oral histories, and essays by actual DPs unearthed during his research for this illuminating and radical reassessment of history, Ben Shephard brings to light the extraordinary stories and myriad versions of the war experienced by the refugees and the new United Nations Relief and Rehabilitation Administration that would undertake the responsibility of binding the wounds of an entire continent. Groundbreaking and remarkably relevant to conflicts that continue to plague peacekeeping efforts, The Long Road Home tells the epic story of how millions redefined the notion of home amid painstaking recovery.*

*"We were swill. We weren't even piglets. We were the foul slop that farmers feed to pigs, animals that will eat absolutely anything. Did he hate us so much that only the foulest image would do?" Cora Coleman was born into a house of violence and fear in a small town in Ireland. Her disturbed father constantly beat her mother, and treated their seven children with contempt and obscenity. Their lives revolved around his moods. It was no surprise that when Cora grew up the cycle continued, as she went through a series of abusive relationships. Her personal hell culminated when she left her violent partner in Canada and went to stay first in a women's refuge with her young son, Luke, finally finding peace when she was taken in by a group of nuns. From there, her slow road to recovery began. Cora Coleman's poignant, harrowing memoir shows that even "swill" can grow and into a confident, whole, peaceful human being.*

You Can ' t Say That! Do you have a right to be offended by the facts? Against all the evidence, the mainstream media insist that America has never been more racist and sexist. The police are waging a war on Black people. “ White privilege ” means minorities never get a fair shake. Although this narrative of oppression is demonstrably fictitious, it is taboo to question it, and those who do so risk being labeled racist or sexist themselves. America needs an honest conversation based on common sense and cold, hard facts. Honesty and respect for the facts are the speciality of Wilfred Reilly, the celebrated author of Hate Crime Hoax. In Taboo, he fearlessly examines ten forbidden truths that have been buried by political correctness. They include: -The Black rate of violent crime is roughly 2.5 times the white rate. When demographic variables are taken into account, there are no racial differences in the rate of police-involved shootings. -Interracial crime is remarkably rare, but 75 to 80 percent of it occurs against white people. -Minorities can be racist—take the Nation of Islam, which holds that white people are an inferior race created by a Black scientist. -Disparities between racial groups in IQ testing and SAT performance are the result of cultural variables, such as the presence of a father in the home, not racism. Reilly goes where most social scientists fear to tread, using objective statistics and common sense to tackle taboo topics. Taboo is an essential takedown of the lies you hear every day from ideological activists and lazy, biased media.

**Listening to the Twentieth Century**

**It is the early twentieth century within the northwestern savannahs of Cameroon as the infiltration of white colonialism lurks in the shadows. As the Mukomangoc tribes age-old customs battle to survive, no one has any idea that a rebellious virgin is about to challenge everything they have ever known. Iyafi is the only one in her family who does not consider it an honor to be chosen as a wintoc. When the king of the Mukomangocs selects her to be one of his wives, Iyafi dreads the deflowering ceremony with His Highness. What no one knows is that she shares a forbidden love with her childhood friend, Jam. But when cruel chance locks Iyafi and Jam in isolated intimacies, their doom is boldly traced. While they courageously attempt to defy the outcome, their love clashes with a nations destiny as times and generations transform and a king is left to negotiate with the colonial intruders. Taboo Love shares a fascinating tale set in the early twentieth century Africa as tribal rituals intertwine with young love and leave the fate of a nation hanging in the balance.**
