A Train In Winter

This account by a woman who fought the Nazis alongside her husband is "an indelible portrait of extraordinary strength of character" (The New Yorker). Virginia Roush fell in love with Philippe d'Albert-Lake during a visit to France with Philippe d'Albert-Lake during a visit to France in 1936; they married soon after. In 1943, they both joined the Resistance, where Virginia put her life in jeopardy as she sheltered downed airmen and later survived a Nazi prison camp. After the war, she stayed in France with Philippe, and was awarded the Légion d'Honneur and the Medal of Honor. This book includes two rare documents—Virginia's diary of wartime France until her capture in 1944, and her prison memoir written immediately after the war. Together the war. Together the war. Together they offer "an invaluable record of the French Resistance by one of the very few American women who participated in it" (Providence Journal). "A sharply etched and moving story of love, companionship, commitment, and sacrifice . . . This beautifully edited diary and memoir throw an original light on the French Resistance." —Robert Gildea, author of Marianne in Chains: In Search of the German Occupation, 1940-1945 "At once a stunning self-portrait and dramatic narrative of a valorous young American woman . . . an exciting and gripping story." —Walter Cronkite An American foreign correspondent finds herself in love, and in danger, in this novel that "presents startlingly vivid images of life in Hitler's Europe" (The New York Times). Rose Manon grew up in the mountains of Nevada, and is now working as a journalist in New York. In 1935, she is awarded her dream job: foreign correspondent. Posted to Paris, she is soon entangled in romance, an unsolved murder, and the desperation of a looming war. Assigned to

the Berlin desk, Manon is forced to grapple with her hidden identity as a Jew, the mistrust of her lover, and an unwelcome visitor on the eve of Kristallnacht. And on the day before World War II is declared, she must choose who will join her on the last train to Paris . . . This carefully researched historical novel reads like a suspense thriller, and interweaves real-life figures into the story, offering "a poignant glimpse into the tensions and anxieties of prewar Europe" (Kirkus Reviews). "WWII enthusiasts may appreciate this quieter evocative look at a much-examined era." —Publishers Weekly

The acclaimed author of A Train in Winter returns with the "moving finale" (The Economist) of her Resistance World War II. In the late summer of 1943, when Italy's fascist regime during World War II. In the late summer of the women of the women of the women of the partisan resistance who fought against Italy's fascist regime during World War II. In the late summer of 1943, when Italy broke with the Germans and joined the Allies after suffering catastrophic military losses, an Italian Resistance was born. Four young Piedmontese women—Ada, Frida, Silvia and Bianca—living secretly in the mountains surrounding Turin, risked their lives to overthrow Italy's authoritarian government. They were among the thousands of Italians who joined the Partisan effort to help the Allies liberate their country from the German invaders and their Fascist collaborators. What made this partisan war all the more extraordinary was the number of women—like this brave quartet—who swelled its ranks. The bloody civil war that ensued pitted neighbor against neighbor, and revealed the best and worst in Italian society. The courage shown by the partisans was exemplary, and eventually bound them together into a coherent fighting force. But the death rattle of Mussolini's two decades of Fascist rule—with its corruption, greed, and anti-Semitism—was unrelentingly violent and brutal. Drawing on a rich cache of previously untranslated sources, prize-winning historian Caroline Moorehead illuminates the experiences of Ada, Frida, Silvia, and Bianca to tell the little-known story of the women of the Italian partisan movement fighting for freedom against fascism in all its forms, while Europe collapsed in smoldering ruins around them.

Years later, with the help of other survivors of the holocaust, he explores the myriad ways of confronting not just the evil that robbed him of his childhood, but the guilt he feels for having lost his brother on that wintry night. Mosaic, non-linear and semi-autobiographical, this book is reminiscent in style of Kurt Vonnegut's Slaughterhouse-Five and in theme of the works of Primo Levi. In documenting the stories of child survivors, it is a moving and

"The result is a mix of history, biography and memoir which reads like a nerve-racking thriller." —The Guardian (US) This heroic true story of the three youngest children of a bourgeois Catholic family who worked together in the French Resistance movements in the nine northern regions of France only to be betrayed by one of his associates, arrested, wounded by the Gestapo, and taken prisoner. His sisters carried on the fight without him until the end of the war. André survived three concentration camps and later became a prominent French politician who devoted the rest of his life to reconciliation of France and Germany. His parents and oldest brother were arrested and shipped off on the last train from Paris to Germany before the liberation, and died in the camps. Since then, silence has been the Boulloches's answer to dealing with the unbearable. This is the first time the family has cooperated with an author to recount their extraordinary ordeal.

From the bestselling author of A Train in Winter, the story of the Rosselli family, whose courage standing up to Mussolini's fascism helped define the path of Italy in the years between the World Wars. "I had a newspaper: they closed it. I had a newspaper it. I fascist regime Italy's Rosselli family were members of the cosmopolitan, cultural elite in Florence at the start of the Rossellis and their class would risk. And when Mussolini established a police state whose tactics grew more brutal, the Rossellis and their class would risk. And when Mussolini established a police state whose tactics grew more brutal, the Rossellis and their class would risk. anti-fascist friends transformed from debaters and critics into activists. As punishment for their participation in revolutionary activities, the Rossellis' homestead was ransacked, one after another of their number was imprisoned, others in the family fled the country to escape a similar fate, and two were eventually assassinated on the orders of Mussolini's government. After the outbreak of WVII, Amelia fled with the remaining members of the Rosselli family to New York City. Their visas were arranged by Eleanor Roosevelt herself. Through the stories of these brave people and their friends, renowned historian Caroline Moorehead delivers an immersive picture of Italy in the first half of the 20th century. She reveals the rise and fall of Mussolini and their seduction by his promises; and the bold, fractured anti-fascist movement, so many of whose members died at Mussolini's hands. Continuing "The Resistance Quartet" she began with A Train in Winter and continued with Village of Secrets, Moorehead once again shows us the faces of those who helped the world hold on to its humanity at a time when it seemed all might be lost.

Human Cargo is a work of deep and subtle sympathy that completely alters our understanding of what it means to have and lose a place in the world. When they will discover that they still have secrets between them. A riveting story of the nature of desire and the cost of survival, The Train to Warsaw is a haunting and unforgettable portrait of a man and a woman who cannot escape their past.

Hillenbrand's Unbroken will find an essential addition to our retelling of the history of World War II—a riveting, rediscovered story of courageous women who sacrificed everything to combat the march of evil across the world.

On an icy dawn morning in Paris in January 1943, 230 French women resisters were rounded up from the Gestapo detention camps and sent on a train to Auschwitz - the only train, in the four years of German occupation, to take women - told for the first time. A Train in Winter is a portrait of ordinary people, of their bravery and endurance, and of the friendship, courage and endurance that sets off perfectly the reader's growing sense of wonder that such heroism is possible work is essential reading... It bears witness - and warns' Daily Mail

"How can you do this work if you have a child?" asked her mother. "It is because I have a child that I do it," replied Cecile. "This is not a world I wish her to grow up in." On January 24, 1943, 230 women were placed in four cattle trucks on a train in Compiegne, in northeastern France, and the doors bolted shut for the elderly, women who before the war had been doctors, farmers' wives, secretaries, biochemists, schoolgirls. With immense courage they had taken up arms against a brutal occupying force; now their friendship would give them strength as they experienced unimaginable horrors. Only forty-nine of the Convoi des 31000 would return from the east; within ten years, a third of these survivors would be dead too, broken by what they had lived through. In this vitally important book, Caroline Moorehead tells the whole story of the 230 women on the train, for the first time. Based on interviews with the few remaining survivors, together with extensive research in French and Polish archives, A Train in Winter is an essential historical document told with the clarity and impact of a great novel. Caroline Moorehead follows the women from the beginning, starting with the underground intellectual newspapers and Communist cells that formed soon afterwards. Postering and developing. Moorehead chronicles the women's roles in victories and defeats. their narrow escapes and their capture at the hands of French police eager to assist their Nazi overseers to deport Jews, resisters. Communists and others. Their story moves inevitably through to its horrifying last chapters in Auschwitz: murder, starvation, disease and the desperate struggle to survive. But, as Moorehead notes, even in the women feel to the others, that to die oneself would be no worse than to see one of the others die." Uncovering a story that has hitherto never been told, Caroline Moorehead exhibits the skills that have made her an acclaimed biographer and historian. In this book she places the reader utterly in the world of wartime France, casting light on what it was like to experience horrific terrors and face impossible moral dilemmas. Through the sensitive interviews on which the book is based, she tells personal and individual stories of courage, solace and companionship. In this way, A Train in Winter ultimately becomes a valuable memorial to a unique group of heroines, and a testimony to the particular power of women's friendship even in the worst places on earth.

One of the most important stories of World War II, already optioned by Steven Spielberg for a major motion picture: a spectacular, searing history that brings to light the extraordinary accomplishments of brave Jewish women who became resistance fighters—a group of unknown heroes whose exploits have never been chronicled in full, until now. Witnesses to the brutal murder of their families and neighbors and the violent destruction of their teens—helped transform the Jewish youth groups into resistance cells to fight the Nazis. With courage, guile, and nerves of steel, these "ghetto girls" paid off Gestapo guards, hid revolvers in loaves of bread and jars of marmalade, and helped build systems of underground bunkers. They flirted with German soldiers, bribed them with wine, whiskey, and home cooking, used their Aryan looks to seduce them, and shot and killed them. They bombed German train lines and blew up a town's water supply. They also nursed the sick, taught children, and hid families. Yet the exploits of these courageous resistance fighters have remained virtually unknown. As propulsive and thrilling as Hidden Figures, In the Garden of Beasts, and Band of Brothers have remained virtually unknown. As propulsive and thrilling as Hidden Figures, In the Garden of Beasts, and Band of Brothers, The Light of Days at last tells the true story of these incredible women whose courageous yet little-known feats have been eclipsed by time. Judy Batalion—the granddaughter of Polish Holocaust survivors—takes us back to 1939 and introduces us to Renia Kukielka, a weapons smuggler and messenger who risked death traveling across occupied Poland on foot and by train. Joining Renia are other women who served as couriers, armed fighters, intelligence agents, and saboteurs, all who put their lives in mortal danger to carry out their missions. Batalion follows these women through the savage destruction of the ghettos, arrest and internment in Gestapo prisons and concentration camps, and for a lucky few—like Renia, who orchestrated her own audacious escape from a brutal Nazi jail—into the late 20th century and beyond. Powerful and inspiring, featuring twenty black-and-white photographs, The Light of Days is an unforgettable true tale of war, the fight for freedom, exceptional bravery, female friendship, and survival in the face of staggering odds.
