## Salters-Nuffield Advanced Biology

*Edexcel Biology for A2 is a full colour textbook with supporting Dynamic Learning website, written specifically for the new Edexcel specification. The chapters follow the order suggested by the concept approach to the course. All chapters begin with Starting points, which summarise the basics to be covered and How Science Works examples are clearly identified. Throughout the text there are a wide range of self-assessment questions to encourage comprehension and research. The Dynamic Learning website additionally provides: - Practice material for pre-released reading assessment - Additional activities - How science works material - Extension questions to stretch the most able and extension material explaining some ideas in greater depth - Useful websites linked to each section*

## Where To Download A2 Level Biology Edexcel Complete Revision Practice

*Developed for the new International A Level specification, these new resources are specifically designed for international students, with a strong focus on progression, recognition and transferable skills, allowing learning in a local context to a global standard. Recognised by universities worldwide and fully comparable to UK reformed GCE A levels. Supports a modular approach, in line with the specification. Appropriate international content puts learning in a real-world context, to a global standard, making it engaging and relevant for all learners. Reviewed by a language specialist to ensure materials are written in a clear and accessible style. The embedded transferable skills, needed for progression to higher education and employment, are signposted so students understand what skills they are developing and therefore go on to use these skills more effectively in the future. Exam practice provides*
