Among the issues

Cappelli analyzes are:

What is the real link  
between a college  
degree and a job that  
enables you to pay off  
the cost of college,  
especially in a market  
that is in constant  
change? Why it may

Systems James  
Hall Chapter 10

The revolutionary effects of using accounting information systems by displacing manual information systems in the private and public sectors cannot be overstated.

The benefits of this substitution of set of processes include increased mathematical accuracy, predefined

fields and coding tasks, and de-emphasis of manual clerical labor in favor of labor adept in data processing.

Reporting can be significantly automated, facilitating managerial power and control at a distance and the proliferation of global enterprises. The potential detriments are rarely accurately,
