Guide to U.S. Environmental Policy provides the analytical connections showing readers how issues and actions are translated into public policies and persistent institutions for resolving or managing environmental conflict in the U.S. The guide highlights a complex decision-making cycle that requires the cooperation of government, business, and an informed citizenry to achieve a comprehensive approach to environmental protection. The book 's topical, operational, and relational essays address development of U.S. environmental policies, the federal agencies and public and

private organizations that frame and administer environmental policies, and the challenges of balancing conservation and preservation against economic development, the ongoing debates related to turning environmental concerns into environmental management, and the role of the U.S. in international organizations that facilitate global environmental governance. Key Features: 30 essays by leading conservationists and scholars in the field investigate the fundamental political, social, and economic processes and forces driving policy decisions about the protection and future of the environment. Essential themes traced through the chapters include natural resource allocation and preservation, human health, rights of indigenous peoples, benefits of recycling, economic and other policy areas impacted by responses to green concerns, international cooperation, and immediate and long-term costs associated with environmental policy. The essays explore the impact made by key environmental policymakers, presidents, and politicians, as well as the topical issues that have influenced U.S. environmental public policy from the colonial period to the present day. A summary of regulatory agencies for environmental policy, a selected bibliography, and a thorough index are included. This must-have reference for political science and public policy students who seek to understand the forces that U.S. environmental policy is suitable for academic, public, high school, government, and professional libraries. First American edition published in 1938 under the title: Culture.

This Teachers' Guide to Wilfred McClay's Land of Hope: An Invitation to the Great American Story will be an invaluable aid to classroom teachers who use Land of Hope as a textbook for courses in United States history. McClay has coauthored the Guide with John McBride, a master teacher with over thirty years of secondary and collegiate teaching experience. The result is an exceptionally rich and useful resource for the enhancement of the classroom experience. Each chapter of Land of Hope has a five-part treatment: a short summation of the chapter's contents, a lengthy set of questions and answers about the text of the chapter, materials that can be deployed in testing or used to sharpen classroom discussion; a set of short objective tests, suitable for quizzes and exams; a primary-source document for class study and analysis; and questions and answers to accompany the document. In addition, there are special units to assist teachers in the giving special coverage to the Declaration of Independence, the Constitution, the Bill of Rights, and the Origins of the Two-Party System. Like Land of Hope itself, these materials are designed to help students come away from the study of the American past with a coherent sense of the larger story, and a sense of history as a profoundly reflective activity, one that goes to the depth of our humanity.

Twenty-two leading scholars offer a comprehensive guide to American religious history--from colonial times to today--organized topically, in a resource that includes an extended glossary and bibliographies listing relevant

books, films, articles, music and media resources.

The CQ Press Guide to Radical Politics in the United States is a unique work which provides an overview of radical U.S. political movements on both the left and the right sides of the ideological spectrum. It focuses on analyzing the origins and trajectory of the various movements, and the impact that movement ideas and activities have had on mainstream American politics. This guide is organized thematically, with each chapter focusing on a prominent arena of radical activism in the United States. These chapters will: Trace the chronological development of these extreme leftist and rightist movements throughout U.S. history Include a discussion of central individuals, organizations, and events, as well as their impact on popular opinion, political discourse, and public policy Include sidebar features to provide additional contextual information to facilitate increased understanding of the topic Seeking to provide an accessible, balanced, and well-documented discussion of topics often overlooked in political science, this book includes an introduction to anarchism, communism, and socialism as well as the Chicano movement, civilian border patrols, Black power, the Ku Klux Klan, ACT-UP, the militia movement, Occupy

Wall Street, farmers' rebellions, Earth First!, the Animal Environmental Liberation Front, and many others.

The authoritative consumer guide to manufactured homes and purchasing land or leasing a home site, providing up-to-date, essential information home buyers need to make an informed purchase decision. This second edition of the bestselling guide is completely revised and updated, including a new annotated construction rating table with 56 criteria you can use to evaluate any home before you buy. In this comprehensive book, John Grissim, author of the best-selling companion resource, The Grissim Ratings Guide to Manufactured Homes, gives you everything you need to safely and successfully navigate the tricky waters of the manufactured home marketplace. He explains how the manufactured home industry operates, how to find a dealer

worthy of your trust, how to make the right home selection, and, as important, how to be informed, empowered and swindle-proof. Exhaustively researched, with extensive input from both industry insiders and consumer advocates, this guide contains much information that retailers, even the good guys, don't want you to know. In addition to clear step-by-step guidance in the home buying process, John Grissim provides up-to-date, essential information together with authoritative, no-nonsense insights that have made him a respected industry observer and voice for the home-buying consumer.

Andrew Winter has had enough -- enough of sellers who think their house is the best when the reality is far from it; enough of buyers who expect so much more than they can afford; and enough of dodgy agents who give the industry a bad name. And now, for the first time inside this no-nonsense guide, he has something to say to you. If you're buying or selling property, you need help from someone who knows what they're talking about. Forget the spiel from agents and hype from the media -- read this straight-talking book and discover how to get your foot in the door, find a bargain, sell for a tidy profit or find the home of your dreams. Do you really know how to make money from real estate? Do you know what your house is worth? Do you know the pitfalls of buying a house based on aesthetics? Do you know how to establish a winning tactic for bidding at auctions? Do you know what the agent is thinking? Andrew Winter knows all of these things and more, and he has some cracking stories to tell you along the way. With more than 25 years in the property industry, including as host of the television series

Selling Houses Australia on The LifeStyle Channel, Andrew can be trusted to tell it straight.
