Explores what multilingualism means today, in a historical moment when it is under intense discursive and technological pressure.

In this volume, the communicative and neuropsychological correlates of daily interactions are discussed. The predominant account on explaining the construction of meaning by humans is the inter-relational perspective, that postulates an intentional convergence of meaning arising as a consequence of the active exchanges between people. The neural correlates of communication were illustrated in the light of new empirical results, considering the main topics of: a) language and language development; b) pragmatics and neuropragmatics of communication; c) neurocognition and the cognitive bases of intentions; d) nonverbal communication and emotion contribution to the communicative systems. New methodological approaches are considered, with particular attention to neuroimaging (such as PET and fMRI) and brain stimulation techniques (as MEG and TMS), as well as their application to the clinical field. Showcases recent research by leading scholars working within the relevance-theoretic pragmatics framework.

Complete Stories Truman Capote's masterpiece, *In Cold Blood*, created a sensation when it was first published, serially, in *The New Yorker* in 1965. The intensively researched, atmospheric narrative of the lives of the Clutter family of Holcomb, Kansas, and of the two men, Richard Eugene Hickock and Perry Edward Smith, who brutally killed them on the night of November 15, 1959, is the seminal work of the "new journalism." Perry Smith is one of the great dark characters of American literature, full of contradictory emotions. "I thought he was a very nice gentleman," he says of Herb Clutter. "Soft-spoken. I thought so right up to the moment I cut his throat." Told in chapters that alternate between the Clutter household and the approach of Smith and Hickock in their black Chevrolet, then between the investigation of the case and the killers' flight, Capote's account is so detailed that the reader comes to feel almost like a participant in the events.

across the African Diaspora have developed nuanced and complex creative forms. Mecca Jamilah Sullivan ventures into the unexplored spaces of black women's queer creative theorizing to learn its languages and read the textures of its forms. Moving beyond fixed notions, Sullivan points to a space of queer imagination where black women invent new languages, spaces, and genres to speak the many names of difference. Black women's literary cultures have long theorized the complexities surrounding nation and class, the indeterminacy of gender and race, and the multiple meanings of sexuality. Yet their ideas and work remain obscure in the face of indifference from Western scholarship. Innovative and timely, *The Poetics of Difference* illuminates understudied queer contours of black women's writing.

This work is an analysis of the ideology, causal patterns, and means employed in the Nazi genocide against the Jews. It argues that the events of the genocide compel reconsideration of such moral concepts as individual and group responsibility, the role of knowledge in ethical decisions, and the conditions governing the relation between guilt and forgiveness. It shows how the moral implications of genocide extend to linguistic and artistic presentations of the Nazi

♥♥ *The Most Dangerous Game* by Richard Connell ♥♥ *The Most Dangerous Game*, also published as *The Hounds of Zaroff*, is a short story by Richard Connell first published in *Collier's* magazine on January 19, 1924. It features a big-game hunter from New York who falls off a yacht and swims to an isolated island in the Caribbean where he is hunted by a Cossack aristocrat. The story is an adaptation of the big-game hunting safaris in Africa and South America that were fashionable among wealthy Americans in the 1920s. ♥♥ *The Most Dangerous Game* by Richard Connell ♥♥ Big-game hunter Sanger Rainsford and his friend, Whitney, are traveling to the Amazon rainforest for a jaguar hunt. He climbs onto the yacht's rail and accidentally falls overboard, swimming to Ship-Trap Island, which is notorious for shipwrecks. Over dinner, the middle-aged Zaroff explains that although he has been hunting animals since he was a boy, he has decided that killing big-game has become boring for him, so after escaping the Russian Revolution he moved to Ship-Trap Island and set it up to trick ships into wrecking themselves on the jagged rocks that surround it. He takes the survivors captive and hunts them for sport, giving them food, clothing, a knife, and a three-hour head start, and using only a small-caliber pistol for himself. mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. Touching Spirit Bear is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

tracing the popular genres that contributed to the flowering of Yuan drama, the author describes conventional features of dramatic construction, methods of characterization, and recurring themes. The central focus is on the use of language: prose passages and lyrics are cited to show how innovative use of spoken language invests the prose with a remarkable strength and suppleness, and how imaginative use of figurative language endows the poetry with an incomparable richness of texture. Attention is also given to the use of music and physical aspects of staging. Originally published in 1976.
