Here's practical, hand-holding advice for choosing material, rehearsing, warming up, staying calm, standing out in a crowd, understanding casting, avoiding pitfalls, following up, getting the right headshot and resume, and accepting an offer. There's even a section on handling rejection-not that The Complete Professional Audition user is ever going to need that, of course. "This book vividly captures vital and imaginative lessons from one of the most influential and joyous traditions of contemporary actor training. Any actor or teacher, who is devoted to the transformational power of the theatre, will want to return to these pages again and again, finding in them not only the work to be done, but also the inspiration to do it." Movement training techniques allow actors to acquire the physical body language and non-verbal skills to clearly express the ideas and emotions of their characters. The techniques contained in this book help actors to develop awareness of their own natural posture, walk and rhythm, release the physical imagination and transform into the characters they are portraying, on stage, in film or on television. Movement Training for Actors provides a practical workbook approach to the core fundamentals of movement, fusing together the work of the key practitioners: Sigurd Leeder, Kurt Jooss, Rudolf Laban, Trish Arnold, Litz Pisk, F. M. Alexander, Moshé Feldenkrais, Jerzy Grotowski, Jacques Lecoq and Belinda Quirey. Chapters include Games, Pure Movement, Historical Dance, Acrobatics and Animal Study. The book is illustrated with photographs throughout and contains a DVD featuring over an hour of movement exercises further demonstrating the techniques. Movement Training for Actors is a masterclass on movement written by experienced coach, Jackie Snow and a culmination of her many years of teaching and coaching professionals. The highly practical approach will suit actors of all abilities as well as serving as an inspirational teaching guide.

Along with covering the basics of how to match the best monologue to the actor and how to approach the rehearsal and performance of the piece, the book provides a synopsis of each play, a character description, and a list of questions specific to each monologue that will direct the actor toward shaping a complex, honest, and thoughtful performance that has a strong emotional connection, a clear arc, and playable actions. There is also a brief lesson on appropriate rehearsal behavior and preparation.

This volume offers strategic approaches to auditioning for women, men, and non-binary actors of the global majority. It provides a fresh approach from the perspectives of two directors of color who are also actors working in theater, film, and television.
