New compilation of comic books from the early years of Superman detailing his involvement in WW2. First time ever look at Superman in this view of war.

Superman was not like any previous comic book character. He was the first costumed man with two identities, who possessed extraordinary strength and powers. He would protect the public when ordinary measures would not do. He was not the first super hero, but the Man of Steel would become the prototype for all super heroes thereafter.

YA. Graphic Novel. Suitable for both old and new readers, this title deals with Superman, before he became one of the World's Greatest Super Heroes. Set a few years in the past, it's a bold new take on a classic hero.
