*Impact listening is an exciting series that features an abundance of rich input and a variety of creative activities. The series helps students develop listening for social, academic, and business purposes.*

*Jonathan Bricklin's debut novel is astounding for its intellectual playfulness and verbal ingenuity, and for the exuberant voice of Willy Nilly, the young hero of this unexpected adventure. Telepathy, Tetherball, Turtles, Politics, Pirates, Lemonade, Cryogenics, Waterslides and Holograms are some of the ingredients in this madcap frenzy of metaphorical escapism. If Raymond Chandler and Tom Robbins adopted a baby it might grow up to write a book like this.*

*This book helps students listen for gist and specific information, to make inferences and to progress to content-based activities. Expanding Skills for Understanding is the intermediate level of the Active Listening series. By activating students' knowledge of a topic before they listen, the text gives them a frame of reference to make intelligent predictions about what they will hear. The listening activities are content-based, drawing on real information from a variety of sources. Surprise! You've just been laid off from the teaching position in which you have so passionately invested your time, talents and heart for years! What now? Hundreds of thousands of American teachers have been laid off in the last four years as a result of the long term recession that continues to challenge the country's economy. In this book, one of those teachers shares what that experience was like for her, how she coped with unexpected unemployment, and what she learned about finding her way as a teacher without a classroom. Full of not only truthful reflection and encouragement for teachers facing similar situations, this book also offers practical tips for how to handle lay-off and unemployment, and how to prepare yourself as an education professional to expand your career outside your classroom. These are uncertain times, but teachers don't need to feel uncertain about their careers. There IS life as an education professional after lay-off!*

**teachers step-by-step on strategies to introduce musical listening experiences to their classes in order to inspire students and enrich their curriculum. Included are activities, complete lesson plans and projects, helpful reproducibles, rubrics and background information about active listening, composers and genres of music.**

**Active Listening is a short 1957 work by Drs. Carl R. Rogers and Richard E. Farson, two influential American psychologists. The work brings the counselling technique of active listening to the layperson, demonstrating how it can be applied to interactions between an employee and employer. Carl R. Rogers (1902-1987) was one of the pioneers of the "client-centered" approach to psychotherapy. He is considered one of the founding fathers of modern psychotherapy research and is widely regarded among others in the field as the most influential psychotherapist of all time - viewed even more highly than Sigmund Freud. Dr. Rogers served as a professor of psychology at the University of Chicago, where he set up the university's counselling and research clinic, the Industrial Relations Center. He wrote many books on psychotherapy, and in later years, travelled the world to bring his theories to areas of great political and social strife like Northern Ireland, South Africa, and Brazil. Richard E. Farson (1926-2017) had already completed his bachelor's and master's degrees when he met Dr. Rogers in 1949. Dr. Rogers invited Farson to continue his studies with him at the University of Chicago. Farson became Dr. Rogers' research assistant while he completed his Ph.D. in psychology and began counselling at the Industrial Relations Center. Dr. Farson held leadership positions in a number of research institutions. He co-founded the Western Behavioral Sciences Institute, where he served as president and CEO. He was later appointed as the founding dean of the California Institute of the Arts School of Design and served as president of the Esalen Institute. Drs. Rogers and Farson collaborated on many projects, including 1957's Active Listening. They also led a 16-hour group therapy session that was recorded and released as a film called Journey Into Self. The film won the 1968 Academy Award for Best Documentary. Active Listening describes a method of communication used in counselling and conflict resolution. Rather than serving as a passive participant in a conversation, active listeners take a functional role in helping the speaker to work out their issues. As the speaker shares, the listener repeats back what they've heard in their own words. This both confirms that they've heard the speaker and verifies that they understand. Unlike the way many of us instinctively communicate - trying to get another to see things from our own perspective - active listening requires that we see things from the speaker's perspective.**

**The listener must address not only the meaning of the words, but also the feeling behind them, in order to make the speaker truly feel heard. These feelings can be conveyed through words, tone, volume, body language, and even breathing. This method is not without risks. It can be tempting to lose your sense of self in the practice of sensing the feelings of another person. As Drs. Rogers and Farson put it, "It takes a great deal of inner security and courage to be able to risk one's self in understanding another." In contrast to many psychological texts, Active Listening is written for the non-clinician or psychologist. In plain, everyday language, the book explains both the concepts of active listening and how they can be applied to the workplace. Employers who engage in active listening, the book argues, can help employees to become more cooperative, less argumentative, and clearer in their own communication. While the book is written in the context of the employee/employer relationship, the technique can be applied to all relationships in our lives. The concept is still highly influential, and Drs. Rogers and Farson's ideas about client-centered psychology are used in clinical practice today. Written for teachers or parents of young children, Singing Lessons for Little Singers offers exciting songs and exercises based on proven pedagogical principles and healthy vocal technique for use in solo or group voice lessons. This revolutionary method was created to fill the great void of private singing lesson materials for children: it combines a system of voice-developing exercises with an ear-training and sight-singing course and a collection of enjoyable songs with entertaining lyrics and delightful illustrations. This powerful, comprehensive method has had great success in developing advanced singing skills, as well as creating many satisfying experiences for students.**

**Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr. Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.**

Let's Talk Second Edition is a fully revised edition of Let's Talk, the successful three-level speaking and listening course that takes students from a high-beginning to a high-intermediate level. The Let's Talk 2, Second Edition, Teacher's Manual has been enhanced and expanded to offer increased support and flexibility. Included are detailed teaching notes, clear learning objectives for every activity, teaching tips, expansion activities, and writing options. Provided as photocopiables in the back of the book are model conversations for discussion support, talking points for additional speaking practice, and a complete assessment program including quizzes and tests. The Audio CD packaged with the Teacher's Manual provides all the listening sections for the assessment program.

Active Listening, Second Edition, is grounded in the theory that learners are more successful listeners when they activate their prior knowledge of a topic. Teacher's Manual 3 contains step-by-step practical teaching notes, optional speaking activities and listening strategies, culture notes, and suggested times for completing lessons. Photocopiable unit quizzes, two complete tests with Audio CD, and complete answer keys are also included.

This book helps students listen for gist and specific information, to make inferences and to progress to content-based activities. Introducing Skills for Understanding is the high-beginning level of the Active Listening series. By activating students' knowledge of a topic before they listen, the text gives them a frame of reference to make intelligent predictions about what they will hear. Students learn to listen through a careful balance of activities, including listening for gist, listening for specific information, and making inferences.

*Imagine a class of disenchanting, turned-off teens, mostly males. Then imagine those same students feeling poorly about themselves – feeling they are dumb because they have not been told it takes time to learn a second language. Imagine adults passing through their lives and finally one sticks around to show them they are loved. They are safe. They are good. Just imagine.*

*Does public speaking paralyze you and tie your stomach into knots? Want to get a standing ovation every time? What goes into a dazzling opening and closing? Does the prospect of facing embarrassing judgment make your palms sweat? Or do you want to learn how to absolutely own the stage and become a magnetic speaker? Public speaking and presenting is one of the most common phobias -- and it's completely understandable. When else*

in our lives are we so open and vulnerable? But it's a necessary evil in all aspects of our lives, whether professionally and personally. From making a presentation in the boardroom to being more confident with the opposite sex, your speaking skills will take you to the next level and get what exactly what you want in your life. *Fearless Public Speaking* is the rare book that will (1) help you destroy your anxiety so you can confidently take any stage, and (2) once you're up there, be unforgettable and captivating as a speaker. The tenets in this book come from studying the experiences of the best presenters in the world, from CEOs, standup comics, to actors, and more. Jason Bax, noted actor, speaker, and entrepreneur, lends his thoughts in a guest chapter. And me? I'm a social skills and charisma coach, speaker, and semi-professional musician who thrives in front of the crowd... but I wasn't always like this - I know your struggles and I can help you from point A to point B! How will you learn to captivate audiences? •Why knowing where your audience gets their news is key to your memorability. •How to construct a bulletproof opening and closing. •How to make sure you reach any audience emotionally. •Overcoming stage fright and jitters with mental rehearsal techniques. As well as... •What rehearsed spontaneity is and how it makes your audience connect. •Stage presence techniques of the masters of performance like Freddie Mercury. •How standup comics own the stage and win over hostile crowds. •What a memory palace is and how it will help you memorize your speech. Put the audience in the palm of your hand, starting now! •Feel confident and empowered in taking the stage anywhere, anytime. •Speak your way to better jobs and relationships with each mini-presentation. •Build a reputation as an effective and engaging speaker. •Learn to overcome judgment and build self-confidence. •Own the room, audience, and applause.

*The unfathomable rate of Black males in education should result in a national call to action. Across the country Black males represent only 2% of the teaching workforce. By the year 2024, minority students will be the majority, yet our current education workforce does not reflect this growing trend in what has been called "The Browning of America." Why is it acceptable that a student can matriculate from Kindergarten through twelfth grade and not have one Black male as his or her teacher? Why has it been a challenge to recruit and in many instances retain Black males in the classroom? Unopened Books explains what is referenced in the book as the Five Black Male Deterrents in Education. Through the personal narrative of Jermaine D. Gassaway, a native Washingtonian, educator, and school leader; coupled with practical solutions, Unopened Books provides insight to multiply the 2%. It is intended to not only be a provocative conversation starter but an actionable approach to increase the number of Black men in the classroom.*

*All the Advice You Need to Get In To the College You Want! Getting in to your dream college has never been more competitive. Swamped with applications, admissions officers spend 10-20 minutes on each, looking for reasons to say no. It's crucial that students make it easy for colleges to say yes. In his new book, Brand U, renowned college admissions adviser David Montesano shows you exactly how to position yourself as the kind of applicant colleges are eager to admit. David's proven, easy-to-follow Montesano Method takes the fear and uncertainty out of the admissions process, maximizes your chances of success, and is a guide that addresses the goals and concerns of both students and parents, because going through college applications is a family experience. The Montesano Method has 4 phases: SPARK: Here we identify the most critical element for your college application, your spark. This is what sets you apart from the crowd. FIRE: With your spark, now we build your fire, finding and developing your abilities and experiences that make you exceptional. This process isn't just about college, but life. VISION: What kind of undergraduate experience is right for you? We avoid superficial criteria like magazine rankings and instead guide you to the best undergrad fit for you. BRAND: Here, by positioning how you're different and what you bring to each college, we turn the admissions game around so that you're in control and colleges are pursuing you. The college game is too rough to go it alone. With Brand U, you'll have everything you need to find-and get into-the college of your dreams. Brand U Reviews "David Montesano has written a masterful book on how high school students can brand themselves in a way that will lead to winning more college acceptances. With top schools becoming more exclusive, getting the inside scoop on what excites college admission officers is invaluable. I highly recommend that parents and teenagers read this book." Lynn O'Shaughnessy, Education and Finance Writer, CBS Moneywatch "Montesano expertly translates tried and tested strategies and marketing techniques into a "how to" get-into-the-college-of- your-choice guide. His techniques work. I know, because my son got into 14 of the 15 schools he applied to, including his "reach" schools. Do not apply without reading this first!" John McLaughlin, Former CEO and Group President, Monster.com About the Author: David Montesano is founder of College*

*Match (collegematchus.com) - a leading global educational consultancy; more than 96% of Montesano Method students have gained admission to their "reach" colleges and graduate schools, winning merit scholarships averaging \$57,000 - the largest amount for students whose awards are being measured. Brand U is David's second book; his first was 10 Strategic College Admission Steps (College Bound News). Termed a "new breed" of college admission consultant by The Washington Post/Newsweek, David contributes to articles in The New York Times, U.S. News & World Report's "Best Colleges," the CBS Moneywatch Blog, Seattle Magazine and Newsweek/Daily Beast. Appearances include CBS-TV in San Francisco and on radio shows and webcasts including Michael Dresser Live and College Week Live. David also offers the Montesano Methodology in a six-part video course available at [www.Unifluence.com](http://www.Unifluence.com).*

*I have never been one for history. It was the past. But history was dropped in my lap the day two dusty, dirty boxes were discovered in the old farmhouse where my mother was born. As I opened the lids, I was immediately thrown back in time. I was now in the 1940's and caught in the realms of WWII. From the air over the Pacific to the cold harsh winter of the Ardennes in Europe, this is a daughter's story as told to her by her fathers. This book shows how to use agreement to transform the biggest areas of marital conflict into closeness, cooperation, and mutually desirable outcomes. Licensed psychologist, marriage, and relationship coach Jack Ito PhD illustrates with clear, easy to follow examples, how to communicate about the biggest problems that couples face. These are the same techniques his coaching clients use to stop divorces, end affairs, deal with addicted spouses, solve problems, end blaming, improve dating, handle money issues, parent cooperatively, get out of debt, and more. This book is unique in offering communication training to couples when one spouse (or significant other) is not ready or willing to work on the relationship.*

Active Listening

**Active listening is a person's willingness and ability to hear and understand. At its core, active listening is a state of mind that involves paying full and careful attention to the other person, avoiding premature judgment, reflecting understanding, clarifying information, summarizing, and sharing. By learning and committing to the skills and behaviors of active listening, leaders can become more effective listeners and, over time, improve their ability to lead.**

**Divine Vengeance weaves intrigue and drama through the accurate and volatile historical events of the Cathar wars in thirteenth century France. A brutal massacre sponsored by the Pope. Brother Raimon cannot reconcile the dissonance between his faith and the**

violence. Nor can he rationalize his love for a Guilelma, a Cathar heretic. What starts as offering a helping hand, soon turns into organized aid for fleeing heretics. Now Raimon is captured attempting to sabotage the trebuchet Malvoisine, and he is to be burned at the stake...along with 180 heretics...and the woman he loves. Sadly the brutality of crusade leader Simon de Montfort is not contrived. The Cathar crusade was the first pogrom aimed at a Christian region. It led to the dark years of the Inquisition and set a concerning tone that influenced Western thought for centuries. Action, intrigue, geography, an era of history rife with contradictions, and an unrequited love. Join the adventure!

The impact listening series is an innovative set of learning materials that helps students develop listening skills for social, academic and business purposes.

Dan Feigelson refocuses reading and writing conferences to help all students reach their full potential. Listening is now regarded by researchers and practitioners as a highly active skill involving prediction, inference, reflection, constructive recall, and often direct interaction with speakers. In this new theoretical and practical guide, Michael Rost and JJ Wilson demonstrate how active listening can be developed through guided instruction. With so many new technologies and platforms for communication, there are more opportunities than ever before for learners to access listening input, but this abundance leads to new challenges: how to choose the right input how to best use listening and viewing input inside and outside the classroom how to create an appropriate syllabus using available resources Active Listening explores these questions in clear, accessible prose, basing its findings on a theoretical framework that condenses the most important listening research of the last two decades. Showing how to put theory into practice, the book includes innovative activities, and links each one to relevant research principles. Sample audio recordings are also provided for selected activities, available online at the series website [www.pearsoned.co.uk/rostwilson](http://www.pearsoned.co.uk/rostwilson). As a bridge between theory and practice, Active Listening will encourage second language teachers, applied linguists, language curriculum coordinators, researchers, and materials designers to become more active practitioners themselves, by more fully utilising research in the field of second language listening.
