Learning addition and subtraction has never been so quick, easy, and fun. Instead of having to check every worksheet answer manually, simply scan worksheet pages with the companion app, and Mathpix AI will instantly find errors and compute a grade. Unlike pure software solutions, these worksheets allow students to work with good old-fashioned pencil and paper, while still preserving the benefits of software powered instant feedback. Pencil and paper have been shown to lead to better learning outcomes than tablet powered solutions. Mathpix Worksheets reduces children's screen time and makes life easier for parents and teachers who wish to teach their children arithmetic quickly and efficiently with minimal tediousness. Spend more time teaching and less time grading with Mathpix Worksheets. It's a perfect homeschool and after school educational activity for young children.

2nd Grade Math Workbook Addition and Subtraction for kids ages 6-8 helps to start learning multi-digit addition and subtraction and to improve kids' math scores. Each page is filled with hands-on activities and exercises covering equation building, number sense understanding, multi-digit addition and subtraction with friendly easy-to-follow explanations throughout.

We believe kids get better at math with practice, resulting in confidence and positive attitude towards math that is required to excel in school. This workbook provides kids with additional math practice that reinforces and complements what is taught at school. There are no pictures or word problems, and focus on mastery of basic addition and subtraction. This workbook combines traditional addition and subtraction math problems, with number bond problems. Many elementary schools teach math using Number Bonds, and we want kids to have practice on both traditional math questions and number bonds to build fluency and speed in basic arithmetic.

A totally unique book! Do you want to teach your child math? Your kid does not like math and would like to have fun while studying? This is the best book for you! Addition and Subtraction Workbook includes pages with single, double and triple digits with place to write date, feedback, how the kid feels, time and score. All this in amazing style. Between timed tests pages are placed a variety of math games that are very creative and will keep your child entertained for hours. All this for that the child does not feel monotony and weariness. If your child feels tired, don't worry because some pages have illustrations of different animals and things to color. Fun and learning at the same time! Moreover, at the end of the book are placed answers for all pages. The book was created very thoughtfully, that's why it contains 6 levels of difficulty. Both the weaker children in mathematics and the better ones will find themselves in it perfectly. The book gets harder and harder as it progresses. Will your child solve it all? Product details: 121 numbered pages Title and table of contents page 100 practice pages Answers for each math problems Perfect quality Size 8.5"x11" Soft glossy cover Scroll up and click buy!
