If you're pursuing a career in digital imaging or design, or you're already working in the field, Adobe Photoshop is a tool you need to master. This book covers the core image editing techniques in Photoshop CS5 that a professional truly needs to know to succeed. Learn the basics—from acquiring and editing images to making selections and image enhancements to using more advanced features such as layer styles and layer masking. Richard Harrington offers the essential techniques needed to advance your career with a focus not just on digital photography, but also the Web, graphic design, multimedia, and video. The full-color book includes a DVD with hand-on exercises and practice images as well as 72 new video training tutorials (more than 6+ hours) that expand on the lessons in the book and provide a rich

multimedia experience for beginning and intermediate Photoshop users. Coverage of exciting new Photoshop CS5 features includes: Puppet Warp, Merge to HDR Pro, Content-Aware Fill/Scale/Heal, 3D Text, Mixer Brush, and Lens Corrections. You will also learn about: Repairing and retouching digital images Color corrections and enhancements Blending modes and maximizing filters Selection tools and techniques Photoshop actions and automations to speed up your workflow Camera Raw workflow About the author: Richard Harrington is the founder of RHED Pixel, a visual communications company based in Washington, D.C. A graphic design and new media expert, he has written several books including Photoshop for Video and Apple Pro Training Series: Aperture 2. He is an Adobe and Apple certified trainer and a National Association of Photoshop Professionals Dream Team Instructor. He produces the popular podcast Understanding Adobe Photoshop available on both iTunes and the Adobe TV. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.

Are you ready for an amazing new version of The Photoshop Book that breaks all the rules? Scott Kelby, Editor and Publisher of Photoshop User magazine—and the best-selling Photoshop author in the world today—once again takes this book to a whole new level as he uncovers

more of the latest, most important, and most useful new Adobe Photoshop CS5 techniques for digital photographers. This major update to his award-winning, record-breaking book does something for digital photographers that's never been done before—it cuts through the bull and shows you exactly “how to do it.” It's not a bunch of theory; it doesn't challenge you to come up with your own settings or figure it out on your own. Instead, Scott shows you step by step the exact techniques used by today's cutting-edge digital photographers, and best of all, he shows you flat-out exactly which settings to use, when to use them, and why. That's why the previous editions of this book are widely used as the official study guide in photography courses at colleges and universities around the world. Learn how the pros do it Each year, Scott trains thousands of professional photographers how to use Photoshop, and almost without exception they have the same questions, the same problems, and the same challenges—and that's exactly what he covers in this book. You'll learn: The sharpening techniques the pros really use. The pros' tricks for fixing the most common digital photo problems fast! The step-by-step setup for getting what comes out of your printer to match exactly what you see onscreen. A whole chapter on how to process HDR (High Dynamic Range) images using CS5's new Merge to HDR Pro. How to master CS5's new Content-Aware Fill. How to color correct any photo without breaking a sweat. How to process RAW images like a pro (plus how to take advantage of all the new Camera Raw features in CS5!). How to use the included gray card to make color correction just a matter of three clicks. How to show your work like a pro! A host of shortcuts, workarounds, and slick “insider” tricks to send your productivity through the roof! Plus, Scott includes a special bonus chapter with his own CS5 workflow, from start to finish, and each chapter ends with a Photoshop Killer Tips section, packed with time-saving, job-saving tips that make all the difference. If you're a digital photographer, and if you're ready to learn all the “tricks of the trade”—the same ones that today's leading pros use to correct, edit, sharpen, retouch, and present their work—then you're holding the book that will do just that.

This is the eBook version of the printed book. Creative professionals seeking the fastest, easiest, most comprehensive way to learn Adobe Photoshop CS5 choose Adobe Photoshop CS5 Classroom in a Book from the Adobe Creative Team at Adobe Press. The 14 project-based lessons in this book show readers step-by-step the key techniques for working in Photoshop CS5. In addition to learning the key elements of the Photoshop interface, this completely revised CS5 edition shows readers how to edit images with precise selection control, correct a wide range of lens-based errors, interactively transform their images with the new Puppet Warp tool, and easily remove or replace image elements with the new Content-Aware Fill mode. The book also covers new powerful painting effects to artistically enhance images and shows how to combine multiple exposures into a single HDR image. For the first time, the companion DVD will feature, in addition to the lesson files, 2 hours of free video tutorials from Learn Adobe Photoshop CS5 by Video by Adobe Press and video2brain, a great added value! "The Classroom in a Book series is by far the best training material on the market. Everything you need to master the software is included: clear explanations of each lesson, step-by-step instructions, and the project files for the students." -Barbara Binder, Adobe Certified Instructor, Rocky Mountain Training. Classroom in a Book®, the best-selling series of hands-on software training workbooks, helps you learn the features of Adobe software quickly and easily. Classroom in a Book offers what no other book or training program does—an official training series from Adobe Systems Incorporated, developed with the support of Adobe product experts. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear.
