*Twelve Years a Slave (1853) is a memoir and slave narrative by Solomon Northup, as told to and edited by David Wilson. Northup, a black man who was born free in New York, details his kidnapping in Washington, D.C. and subsequent sale into slavery. After having been kept in bondage for 12 years in Louisiana by various masters, Northup was able to write to friends and family in New York, who were in turn able to secure his release. Northup's account provides extensive details on the slave markets in Washington, D.C. and New Orleans and describes at length cotton and sugar cultivation on major plantations in Louisiana.*

**Peter Williams has always had a searching spirit. He had a growing awareness of something else out there, another layer beyond his understanding; he had to know more. As a teenager, he turned to the Internet seeking answers to other worldly questions. That's where his search began, and he had his first connection with spirit, a connection that set Williams on a path of learning as an attentive student of spirit. In *Searching Spirit*, Williams chronicles his life story, telling how many years later, while pursuing his teaching ambitions in Japan, a cataclysmic event shook the foundations of his world to reveal the true nature of the lessons he'd been studying. He and his wife, who is heavily pregnant with their first child, are forced to make the difficult decision to leave their home behind and return to the safety of Australia. It's here, born out of those dark days of upheaval, that Williams' true purpose is revealed. A memoir, *Searching Spirit* offers an honest and humorous look at his life and his message, communicating that if one is willing to open up, connection with the spirit can be lifechanging.**

***This document presents the recommendations of Health Canada's Pest Management Regulatory Agency (PMRA) regarding maximum residue limits (MRL) for the insecticide sulfuryl fluoride. ***The figure of Grant inevitably dominates this volume, but full recognition is given to other builders and preservers of Queen's, notably William Snodgrass, the pilot who weathered the storms of the Sixties and Seventies, and Daniel Miner Gordon, who presided over the secularization of the university in the early years of this century. Outstanding scholars, teachers, and administrators such as Watson, Williamson, MacKerras, Macnaughton, Dupuis, Shortt, Cappon, Goodwin, and Chown also figure prominently. The author examines in detail the role of the Board of Trustees, the Senate, and the undergraduate Alma Mater Society in the development of Queen's, and explores the complex relationships with the Presbyterian Church, the sister institutions in Toronto, and the provincial government. She shows how the distinctive character of Queen's was shaped by the Scottish heritage, evident in an emphasis upon flexible curricula, close faculty-student relations, and the virtues of student self-government, as well as in a sturdy independence in the face of repeated pressure for the concentration of higher education in Ontario. Imbued with a warm appreciation of the traditions of Queen's University and a scholar's critical detachment, this book is an important contribution to the history of institutional growth in Canada.***
