The first martyr to the cause of American liberty was Major General Joseph Warren, a well-known political orator, physician, and president of the Provincial Congress of Massachusetts. Shot in the face at close range at Bunker Hill, Warren was at once transformed into a national hero, with his story appearing throughout the colonies in newspapers, songs, pamphlets, sermons, and even theater productions. His death, though shockingly violent, was not unlike tens of thousands of others, but his sacrifice came to mean something much more significant to the American public. Sealed Blood reveals how public memories and commemorations of Revolutionary War heroes, such as those for Warren, helped Americans form a common bond and create a new national identity. Drawing from extensive research on civic celebrations and commemorative literature in the half-century that followed the War for Independence, Sarah Purcell shows how people invoked memories of their participation in and sacrifices during the war when they wanted to shape their political interests, make money, argue for racial equality, solidify their class status, or protect their personal reputations. Images were also used, especially those of martyred officers, as examples of glory and sacrifice for the cause of American political principles. By the midnineteenth century, African Americans, women, and especially poor white veterans used memories of the Revolutionary War to articulate their own, more inclusive visions of the American nation and to try to enhance their social and political status. Black slaves made explicit the connection between military service and claims to freedom from bondage. Between 1775 and 1825, the very idea of the American nation itself was also democratized, as the role of "the people" in keeping the sacred memory of the Revolutionary War broadened.

A devoted fascist changes her mind and her life after witnessing the horrors of the Holocaust First published in Italy in 1979, Luce D'Eramo's *Deviation* is a seminal work in Holocaust literature. It is a book that not only confronts evil head-on but expands that confrontation into a complex and intricately structured work of fiction, which has claims to stand among the greatest Italian novels of the twentieth century. Lucia is a young Italian girl from a bourgeois fascist family. In the early 1940s, when she first hears about the atrocities being perpetrated in the Nazi concentration camps, she is doubtful and confused, unable to reconcile such stories with the ideology in which she's been raised. Wanting to disprove these "slanders" on Hitler's Reich, she decides to see for herself, running away from home and heading for Germany, where she intends to volunteer as camp labor. The journey is a harrowing, surreal descent into hell, which finds Lucia confronting the stark and brutal realities of life under Nazi rule, a life in which continual violence and fear are simply the norm. Soon it becomes clear that she must get away, but how can she possibly go back to her old life knowing what she now knows? Besides, getting out may not be as simple as getting in. Finally available in English translation, *Deviation* is at once a personal testament, a work of the imagination, an investigation into the limits of memory, a warning to future generations, and a visceral scream at the horrors of the world.

Learned men have been writing about happiness since antiquity: from Greek times, there is Aristotle's treatise, included in the *Nicomachean Ethics*; from Roman, Seneca's *De Vita Beata*. Later came the Christian writings on this subject, especially another *De Beata Vita*, written by St. Augustine. The point of view is different from Aristotle's or Seneca's, but the subject remains the same. In the Middle Ages also treatises on happiness were produced, and these eventually became part of the 'summae'. St. Thomas devoted qq. 2-5 of the *Prima Secundae* to happiness and qq. 31-39 bear on it indirectly. In more modern times works on happiness continued to be written. Some authors carried on the Christian tradition which maintained that happiness is only attainable in the next world; to these belong the earliest works written in Polish. Other treatises - especially those of the Age of Reason - hold the opposite concept, that the only happiness man can expect is to be found on earth. In the 18th century there were so many of these treatises that it was possible to produce a whole anthology: *The Temple of Happiness*, or as it was originally called *Le Temple du bonheur, ou recueuil des plus excellents traites sur le bonheur* (2nd ed., 1770).

In this new translation by David Crouch Martin Aurell revives the passion and politics, revolts and reversals of the Plantagenet Empire. Aurell's superb knowledge of the complex sources for the period uncovers a world of sophisticated decision making and modern political manoeuvring: a world where political spin and propaganda were deliberately employed by Plantagenet Kings in ideological warfare against their rivals. This book focuses on how an Empire racked with conflict survived for seventy years: it is a study of power at its source. Ideal for students studying the Angevin Empire as part of a medieval history course.

Duncan Pryde, an 18-year-old orphan, ex-merchant-seaman, and disgruntled factory-worker left Glasgow for Canada to try his hand at fur-trading. He became so absorbed in this new life that his next ten years were spent living with Eskimos. He immersed himself in their society, even in its most intimate aspects: hunting, shamanism, wife-exchange and blood feuds. His record of these years is not only a great adventure-story, but an unrivalled record of a way-of-life which, along with the igloo, has now entirely disappeared.

A dramatic retelling of the wars fought for the Bronze Age city follows the stories of Paris, Helen, Agamemnon, Clytaemnestra, Achilles, Odysseus, and Hector, in an epic tale in which quarrels among immortal gods mirror the conflicts of the human heart. By the author of *The Chymical Wedding*. 15,000 first printing.

In this unusual Marathi play the playwright weaves a complex narrative with just four characters Begum Barve, a small-time female impersonator who has spent his life playing bit roles in the professional Marathi theatre of the early twentieth century, his exploitative employer Shyamrao, and two clerks, Jawdekar and Bawdekar. Trapped between sensuous longings and the sordid reality of their humdrum existence, they seek redemption in make-believe. Layers of space and time interweave and overlap in this powerfully haunting play as dreams take shape only to turn into nightmares. Begum Barve in the original Marathi was directed by the playwright himself; it has also been performed in Hindi and Gujarati adaptations. This new edition supplements the text with a critical essay and a note on the songs by Urmila Bhardikar, translator, critic, musicologist, vocalist and Reader, Department of English, Pune University; an interview with the playwright by Dr Shubhada Shelke, scholar and commentator on Marathi theatre, and a note by Amal Allana who directed the play in Hindi. Satish Alekar is Professor and Head, Lalit Kala Kendra, Pune University, and Vice-Chairman, National School of Drama, Nw Delhi. Shanta Gokhale, the translator is also a critic, playwright and author of *Playwright at the Centre: Marathi Drama from 1843 to the Present* (Seagull Books, Calcutta, 2000).

Superbly readable and revealing letters, full of malice and gossip, from a master historian When they met in 1947 Trevor-Roper, a young historian at Christ Church, Oxford, was 33. Berenson, the world-famous art critic, was 82, frail but still intensely curious about the world. Trevor Roper promised to write to him and his letters continued until Berenson's death in in 1959. Elegantly constructed, beautifully and precisely written, they are shot through with high-octane malice, sharp judgements and blistering comments, and many wonderfully funny episodes. Trevor-Roper was an intellectual heavyweight, but subjects range widely: several brilliant set-pieces on Oxford college elections, books, journalism, publishing, politics (postwar Europe, ex-Nazis and collaborators, the Cold War, Suez, etc), history and history-writing, personal life (including marriage to Earl Haig's daughter Alexandra after her messy divorce), travel, gossip, and so on. He has a memorable journey on a pilgrims' bus in Persia, goes behind the Iron Curtain to meet Communist dignitaries and speeds in his glamorous grey Bentley to visit duchesses in the Scottish borders. Figures in the letters include Evelyn Waugh, Isaiah Berlin, A.L. Rowse, Anthony Eden, Gerald Brenan, A.J.P. Taylor, Arnold Toynbee, Dimitri Shostakovitch, C.S. Lewis and Harold Macmillan.

The Association of Illustrators' annual has been showcasing the very best of contemporary British illustration for over 30 years. Standing apart from other annuals by virtue of its jury-selected content, the Images back catalogue provides an ideal overview of the wealth and variety of illustration being produced in the UK today. Images 32 showcases 400 works selected by an international panel of judges, which includes award winning design duo, Non-Format, Menno Kluin, (Art Director at Saatchi and Saatchi in New York) and design consultant and acclaimed writer and editor of illustration magazine, Varoom, Adrian Shaughnessy.

First published as a series in the Corriere della Sera newspaper from June to July 1944, this is Mussolini's autobiographical account, written in the third person, of the dramatic events-as he experienced them-from the time of the Battle of El Alamein until his rescue and reinstatement as leader of German-occupied Italy.

As James Joyce was working on Finnegans Wake, he asked his friend T.S. Eliot to shepherd an early extract, simply known as 'Work in Progress' into print. This celebrated episode, Anna Livia Plurabelle, was the first part of Joyce's extraordinary text to be published in England, printed in pamphlet form in 1930. It became the best-known section of Finnegans Wake, and one of Joyce's favourites; revised and published independently more times than any other piece. Alfonso X (1221-1284) reigned as king of Castile and León from 1252 until his death. Known to history as El Sabio, the Wise, or the Learned, his appreciation for science and the arts led him to sponsor a number of books on the history of Spain since its Roman settlement. Among them were the Cantigas de Santa Maria, a collection of over four hundred poems exalting his favorite patron saint, Mary, and chronicles of all the kings of Castile and León, Navarre, Aragón, and Portugal. Alfonso X died before his own life could be written. His was a reign fraught with political intrigue and double crosses, almost constant war and equally constant diplomacy, royal largesse and economic instability—all of which led to open revolt and efforts by Alfonso's own son to depose the king. It would be another sixty-some years before King Alfonso XI would commission Fernán Sánchez de Valladolid to write Cronica de Alfonso X to memorialize his great-grandfather. As Alfonso XI's trusted counselor, ambassador, diplomat, and legislator, Fernán was an understandable choice, but in the centuries since, his convoluted prose has proven extremely difficult for scholars. Chronicle of Alfonso X is the first and only translation of the king's history. The original "clumsy Castilian" of Fernán Sánchez has now been transformed into literate and engaging English.

When the King died, leaving his throne to whoever succeeds in a quest, Prince Tor and his brothers readily accepted the challenge. Now that Tor has lost friends, and at least one brother, attitudes have changed. When a clue required them to find 'a guide from another world', a witch dragged a young woman from her own world to a land filled with magic, mythical creatures and dangerous monsters. Having convinced her to aid him in his quest, Prince Tor and his companions have successfully procured the latest clue and are one step closer to obtaining the throne. Now they have to persuade her to go through agony in order to find the next clue, or another guide must be found. When they discover that they need to enter a maze, from which nobody has ever escaped, one of the team must be left behind. Once inside the maze, they will need to solve a series of puzzles to continue the quest, with death being the penalty for each wrong answer. Nobody is safe, as one of Tor's brothers finds out the hard way, and Tor discovers that he cannot trust all of his friends when he uncovers a betrayal. A chance remark leads to one of the team finding out that the quest has a twist, making it even more deadly than any of those taking part could ever have imagined. Tor's Quest is a 4 part series, starting with The Guide. Books 3 and 4 have been written and will be published early 2012.

The Roman city of Palmyra had an outward appearance that was conventionally hellenised, but many aspects of social and religious life were influenced by a number of different cultures and both Greek and local Aramaic languages coexisted. This study which is a revised version of Kaizer's doctoral thesis, studies the religious life and ritual activities of Palmyra under the Romans. Discussing epigraphic, sculptural and architectural evidence from temples, he reveals that, apart from the Imperial cult, direct Roman influence on religious life is largely absent.

Fast-paced and authentic, Herbert Crowder's dramatic thriller draws on modern events from the heart of the Middle East--where the specter of nuclear confrontation lurks just beyond the horizon. A gripping novel.

Jacqueline Briskin is the author of Paloverde and Too Much Too Soon. This latest novel tells of the effect of World War II on the lives of two schoolgirls, one American and one French, who swear to a friendship that will threaten their lives.

Sonia Riccardi, impetuous and sensual, is a woman no man could resist. And Larry Astell, heir to a champagne fortune, knows their passion is the most important part of his life. Until war places in jeopardy all they held dear - love, family and country. From the Left Bank of the 1930s to Nazi-occupied Paris, A FAREWELL TO FRANCE is a magnificent epic, played out against the tumultuous background of the time: a decadent French government, the life of a foreign correspondent, the grandeur of the champagne regions and the glory of the French Resistance.
