The #1 New York Times bestseller! Washington D.C. might be loathed from every corner of the nation, yet these are fun and busy days at this nexus of big politics, big money, big media, and big vanity. There are no Democrats and Republicans anymore in the nation's capital, just millionaires. Through the eyes of Leibovich we discover how the funeral for a beloved newsman becomes the social event of the year; how political reporters are fetishized for their ability to get their names into the predawn e-mail sent out by the city's most powerful and puzzled-over journalist; how a disgraced Hill aide can overcome ignominy and maybe emerge with a more potent "brand" than many elected members of Congress. And how an administration bent on "changing Washington" can be sucked into the ways of This Town with the same ease with which Tea Party insurgents can, once elected, settle into it like a warm bath. Outrageous, fascinating, and very necessary, This Town is a must-read whether you're inside the highway which encircles DC – or just trying to get there.

Scottish novelist David Lindsay (1876–1945) was born to a middle-class Calvinist family, forced by poverty to work as an insurance clerk instead of attending university, and at the age of forty took up the cause and worked his way to Corporal of the Royal Army Pay Corps in World War I. After the war he moved to Cornwall with his wife and began writing full-time, publishing his first novel, "A Voyage to Arcturus," in 1920. Although the science fiction novel initially sold less than six hundred copies, it has come to be known as a major "underground" novel of the 20th century, and heavily influenced C.S. Lewis's "Out of the Silent Planet." The story is set at Tormance, an imaginary planet orbiting Arcturus, where an adventurous Scot named Muskall has travelled and where he encounters myriad characters and lands that reflect Lindsay's critique of various philosophical systems.
