A Biography

The Century Dictionary: The Century cyclopedia of names ... ed. by Benjamin E. Smith ... vol. I

This study explores historical understandings of Christian communities, cultures, and institutions within the Indian world from their beginnings to the present time. Frykenberg focuses on trans-cultural interactions within Hindu and Muslim environments, uncovering complexities as Christianity intermingled with indigenous cultures.

The definitive guide to the life of the first woman to play a major role in Greek political history, this is the first modern biography of Olympias. Presenting a critical assessment of a fascinating and wholly misunderstood figure, Elizabeth Carney penetrates myth, fiction and sexual politics and conducts a close examination of Olympias through historical and literary so

context of her own ancient, brutal political world. Individual examinations look at: the role of Greek religion in Olympias' life literary and artistic traditions about Olympias found throughout the later ancient periods varying representations of Olympias found in the major ancient sources. An absolutely compelling read for students, scholars, and anyone with an interes

The Story of Archer Alexander from Slavery to Freedom, March 30, 1863

A comprehensive, authoritative and highly original portrait of one of history's most unjustly infamous characters.

J.D. Salinger was one of the twentieth century's greatest writers. He was also one of its most elusive. After making his mark on the American literary scene, Salinger retreated to a small town in New Hampshire where he hoped to hide his life away from the world. With dogged determination, however, journalist and biographer Paul Alexander captured Salinger's story in this, the only complete biography of Holden Caulfield's creator published to date. Using the archives at Princeton, Yale, Harvard, Columbia, NYU and the New York Public Library as well as research in New York and New Hampshire, Alexander has created a great biography of Salinger that's further enriched by interviews with some of the greatest literary figures of our time: George Plimpton, Gay Talese, Ian Hamilton, Harold Bloom, Roger Angell, A. Scott Berg, Robert Giroux, Ved Mehta, Gordon Lish and Tom Wolfe.

Contrary to popular belief Polio is not extinct. This is the true story of an indomitable spirit afflicted with unimaginable physical and psychological challenges. Paul Alexander's life is a saga that started in 1949 and has been profoundly shaped by the Polio epidemic of the early 1950's. Survivors of the 1950's Polio Epidemic in America are rare. Polio victims, like Paul Alexander, who require the assistance of an "Iron Lung" respirator for their life's breath are even rarer. Paul Alexander has crafted his life against all odds and has a courageous and compelling story to share with us all. Victims of Polio, their families, friends and communities are struggling to cope with this obscure but still dangerous infectious disease. This book is testimony to the strength of the human spirit and an affirmation of the need to continue efforts to eradicate the pestilence of Polio from the planet...

More than two millennia have passed, but Alexander the Great is still a household name. His life was an adventure story and took him to every corner of the ancient world. His memory and glamour persist, and his early death at thirty-three has kept him evergreen in our imaginations with a legacy that meant something different to every age- in the Middle Ages he became an exemplar of knightly chivalry, he was a star of Renaissance paintings, and by the early twentieth century he even came to resemble an English gentleman. But who was he in his own time? In Alexander the Great, Anthony Everitt judges Alexander's life against the criteria of his own age and considers all his contradictions. We meet the Macedonian prince who was naturally inquisitive and fascinated by science and exploration, who enjoyed the arts and used the poet Homer's great epic, the Iliad, as a bible. As his empire grew, stretching from Greece and Macedonia to Ancient Egypt and Persia and all the way to India, Alexander exhibited respect for the traditions of his new subjects and careful judgment in administering rule over a vast territory. But his career also had a dark side. An inveterate conqueror, who in his short life built the largest empire to that point in history, Alexander glorified war and was known to commit acts of great cruelty. As debates continue about the meaning of his life, Alexander's death remains an unsolved mystery. Did he die of natural causes, felled by a fever, or did his marshals, angered by his tyrannical behavior, kill him? An explanation of his death can lie only in what we know of his life, and Everitt ventures to solve that puzzle, offering an ending to Alexander's story that has eluded so many for so long.

Christian communities in the state Andhra Pradesh of south India and the Telugu Christians in diaspora have passed their stories from one generation to the next by oral traditions as well as in scattered texts. James Elisha Taneti's History of the Telugu Christians: A Bibliography lists more than 700 published and unpublished textual sources related to the history of Telugu Christians from south India, including monographs, journal articles, letters, reports, minutes and the proceedings of missionary conferences, unpublished theses, dissertations, souvenirs, and manuscripts. Taneti's insightful historiographical analysis and comprehensive list of bibliographic sources offer seminarians, historians, and scholars the opportunity to study the religious history of India through the founding and evolution of this community.

A list of the one hundred most influential people in history features descriptions of the careers, contributions, and accomplishments of the political and religious leaders, inventors, writers, artists, and others who changed the course of history. Simultaneous.
